hundred applications having been received, and the matter of housing the school was a preplexing question. The Armory opera house had been thought of, but the managers were undecided about renting it for this purpose. The school authorities needed the hall five nights a week, as seventy-five sessions must be held in order to entitle each pupil to the 82.25 allowed by the state. The renting of the armory for the night school would therefore exclude practically all the shows and dances there this winter. The managers had already let the hall for certain

Standing on my feet increased the aching in my back, and mornings I would have a tired, worn out feeling. We read of Doan's Kidney Pills and the numerous cures they were effecting, so I obtained some from Chas. H. Rose's drug store. My back soon stopped aching and the tired feeling in the morning left me; in fact, I felt better in every way. At present I have no backache or lameness and I can warmly recommend Doan's Kidney Pills. I have acquaintances who speak of them in the

The committee in charge of the big begar which Washington Loyal Orange Lodge intend to give in their new hall at the Center next month are delighted with the progress which is being made. The young women are busying themfancy and ornamental articles to be disposed of at the bazer, and are also meeting with unusual success in the sale of tickets. There is a large and active body of workers united solidly together, combining their efforts to make the big bazar a blooming success. A piece of whittled wood work has been prepared by a young man in town, who has donated it to the fair. This very ingenious and artistic piece of work will soon be exhibited in the display window of James Johnston's jewelry store in the Purnell building and is bound to attract a great deal of attention. Be on the lookout for it. Tickets for same will also be on sale there.

Before the first of December the committee will call upon all those persons who promised articles of fancy and ornamental work for the bazar, as they wish to get them together, and see what they have to be disposed of. It is expected that before that time all will have the articles ready, so that the committee may not be disappointed.

OPENING NEW HALL. The opening of the Orangemen's new hall will be publicly celebrated on Thursday evening, December 11, five nights before the big bazar. A committee has been appointed to make all arrangements for this great event. It will be solemnized with fitting ceremonials.
