Captain W. F. Madden of this place is to play with the Willimantics, beginning tomorrow.

Deane has been released and has left.

The first of the Fourth of July aceidents was recorded here last Wednesday evening when Willie Knowski of Birch street, a lad about 14 years of age, was doing some target practice with a toy pisto in his own back yard. A neighbor's child, the six-year old daughter of John Robinson, chanced to get between the boy's pistol and the target, at the time or the discharge and received the contents in the right side of the abdoment tearing a hole from a half to three quarters of an inch in the abdominal wall, after pas-ing through her clothing. The boy proteste that he was using blank cartridges in his target practice. Dr. Moore and Dr. Tinker probed the wound and were numble to find anything in it. The child seems to be gettting on as comfortably as could be expected. The indiscriminate nee of these toy firearms should be checked as much as possible and the little ones surrounded by all available safe guards. This is the first accident charged up directly to the Fourth of July celebration in this place this year. Will it be the only one?

men, and look for gentlemanly treatment for the meselves no less than for their adversaries. It is the desire of the management that Bass Ball Park be a place where fadies and gentlemen can assemble and enjoy a good clean game of base ball, without anything to mar it in as far as the conduct of spectators or players is concerned. Disgraceful rows of any sort or hoodlumism are not wanted. Plenty of enthusiasm is absolutely necessary, and is to be encouraged, but it need not lack the gentlemanly quality which has characterized all the games here this season, and which it is expected will be the order for all subsequent games, especially that of the Fourth.
