TION HELD AT CHEMEY HALL LAST FRIDAY EVENING.

ment and Discussion and Now in Force—Executive Committee Enlarged From Six to Eight Members in Order to Have Old Mill Represented.

A meeting of the Tuberculosis Free Bed Fund Association of Cheney Brothers was beld at Cheney hall last Friday evening. The attendance was not at all commensurate with the importance of the business to be transacted.

The By-Laws, a rough draft of which had been published in these columns the preceding week, were taken up for further action and altered, amended and adapted to meet the needs of the Free Bed Fund Association in accordance with suggestions offered by those present. A number of paragraphs were totally eliminated, and in some cases substitutions were made. A new clause was added whereby the By-Laws went into effect immediately on their adoption. When the last section was oted upon the By-Laws as a whole were adopted as amended and are now

Measures will be taken to place these By-Laws before the employees of Cheney Brothers. The executive committee determined to have them printed in card form and displayed in the various rooms of the several mills. They will also go to work at once in the matter of soliciting funds for the purposes of the Asso tion. It is planned to have a number of collectors in the various departments, so that all employees of Cheney Brothers may be given opportunity to contribute such amounts as they choose. There is no specified sum set out for anybody to give. It is entirely a free will offering, but whatever amount is given a similar sum will be provided dollar for dollar by Cheney Brothers. Collection cards are being prepared marking contributions from five cents to \$25, or upwards same to be signed by

The executive committee has been enlarged by the appointment of two more members making the number eight instead of six, and including the addition of representatives of the old

mill in the list. The Free Bed Fund Association passed a unanimous vote of thanks to the Press for valuable services rendered in the preliminary stages of the work Miss Ethel M. Brainard notified the Press officially of this action by lettef
