RE OF SCHOOL BUILDING AT COOPER HILL ANNEX OF NINTH DISTRICT SCHOOLS BEING CHANGED.

Fire Drille Have Been Held Here Regularly For Years-Plenty of Exits Provided-Broad Stairways and Ample Halls in Large Groups of School Buildings-Children Well Protected.

Arrangements are being made to have the doors of the Cooper Hill annex of the Ninth District schools changed so that they will open outwardly. The recent terrible disaster in the school building in Ohio has caused 'persons in charge of public buildings throughout the civilized world to sit up and take notice. The result will be that a great betterment in conditions will manifest itself in all such places as a result of this terrible holocaust. People hereaboute generally feel con-

siderable safety and satisfaction in the fact that for a number of years past fire drills have been practiced in the large group of buildings of the Ninth District Hartford Opera House schools. It is believed that a disaster such as visited the Collingwood school H. H. JENNINGS, Sole Prop. and Mgr.

Wide staircases and large hallways are found in the school buildings of the Ninth District and every reasonable means of exit is amply provided. It is a matter of much solace to parents and the public generally in this place to know that these facts exist and have existed for a number of years past.
