FINE SUCCESS

ABOUT EIGHT HUNDRED EMPLOYEES OF CHESEBROUGH'S ATTEND TUBERCULOSIS MEETING

Selected from Central Street by Captain and Lieutenant. Performers—Infernal Discourses of Great White Plague Made by Horace B. Cheney of This Place and John F. Ganshous of Hartford.

The entertainment given last Monday evening at High School hall in the interest of the Tuberculosis Free Body across in the matter of success.

The musical program as published in these columns last week was rendered in a capable manner, the well known artists coming fully up to the advance notices, and proving as men to be very capable entertainers. They were most heartily applauded and were very generous in the matter of success.

Horace B. Cheney of this place, who is the leader of the local tuberculosis movement, gave a short talk in which he outlined the findings of the Washington's Club in Hartford and also reviewed the organization of the local association here. Mr. Cheney gave the audience considerable information regarding the work that had been done in the endeavor to obliterate the White Plague. He explained how Mr. Ganshous's efforts in the Workingmen's Club of Hartford had resulted in the establishment of the Free Fund B.D. Movement in that city.

John F. Ganshous was the principal speaker of the evening, and contributed much to the information of those present regarding the tuberculosis movement. He had a number of patients with him who had been cured by the treatment given at the Cedar Mountain sanitarium in Hartford. These were living demonstrations of the claims that were made by the Tuberculosis Movement and were very convincing indeed. Mr. Ganshous told of a number of cases where persons had been treated for tuberculosis by the Hartford association and had been restored to health. He assured his hearers that tuberculosis is not necessarily a fatal complaint, neither is it necessarily an incurable disease. He said it is a germ disease and sunlight and fresh air are the principal antidotes used for its arrest and removal. Mr. Ganshous was very earnest in his effort to impart to his hearers much information regarding the means of preventing the spread of tuberculosis.

Collection cards have been distributed and the various collectors are now at work gathering the necessary funds for carrying on the work for which the local organization has been formed.

Howard I. Taylor, president of the association presided at the meeting, made a few congratulatory remarks and introduced the speakers.

OBITUARY

MISS ANNIE HANDEL HOUSE.

Miss Annie House, teacher of the sixth grade at the Second North school Hartford, died Tuesday at the home of her brother Charles K. House of this place. Her funeral is taking place this afternoon at 2 o'clock, services being held at the residence of Mr. House, Rev. Dr. George W. Reynolds of this place and Rev. Henry W. Kelsey of Hartford officiating. Burial will be at the East Cemetery.

The school which Miss House taught in Hartford closed this forenoon for the purpose of attending the funeral, which she had in charge, and she was a considerable assemblage of other friends from Hartford.

The following sketch of Miss House was written by a devoted Hartford friend:

"Miss House was the daughter of Edwin M. and Mary A. House. Having spent her early life in South Manchester, she attended what is now Mt. Holyoke College. After completing the course there, she taught in the Kenney street district, Manchester Green school, and the Eighth District, Manchester. About twenty years ago she began her service as a teacher in the Second North school, Hartford, under the principalship of Wilbur R. Gordy, now superintendent of schools in Springfield. Shortly after her connection with the Second North school she was placed in charge of the sixth grade, which she has taught regularly ever since. She joined the Congregational church in South Manchester in 1875, of which church she was a member at the time of her death. She was also pastor of the Methodist church at Putnam for several years and built a church there. Mr. Betts joined the Southern New England Conference in 1881, in the same class with Rev. W. F. Davis, pastor of the South Methodist church of this place, and was the only remaining member of that class besides Mr. Davis.

BIG BAZAR

OF CAMPBELL COUNCIL, K OF C. 07 OPEN AT ARMORY NEXT TUESDAY EVENING.

Master Minnie's Opening Attraction—Watch for Band Parade and Red Fire Tuesday Evening—Special Array of Local Talent Employed in Every Feature Where Possible.

Just seven years ago on Tuesday of this week, Campbell Council, Knights of Columbus, was organized in South Manchester. The date was April 14, 1901, and the ceremony took place on a Sunday, in Odd Fellows hall. The institution of this council was one of the most interesting events in Knights of Columbus history in this part of the state that year. A special train from Williamstown brought in visiting Knights by the hundred, and there were special cars from Hartford, and also buses

Chairman of General Committee

from Middletown, Broad Brook and surrounding towns. The degree work was under the direction of State Deputy Frank J. Fallon and was the most elaborate exemplified in Knights of Columbus for years. Three degrees were given, and the working required the presence of the candidates in the hall from noon until 10 p. m.

For some time, Campbell Council was the infant organization of the town, and it was not especially strong in membership or accomplishments. Soon its growth began, and in a few years its membership nearly doubled. Five years ago, the Council secured club rooms in the Ferris building. From time to time, the furnishings were improved, and at the present time, the organization has an attractive quarters as are maintained by any club in town. It is one of the few local organizations which keeps club rooms open permanently for young men, and in this way is accomplishing much good of the kind resulting from providing for young men club rooms under proper regulations. As a social and fraternal organization, Campbell Council has forged to the front rapidly the past interest and work of the officers and members, and it now occupies a place in the front ranks of the leading local organizations.

Next week, Campbell Council will give a five nights' bazaar in the armory, and the way the committees and members have gone about the work of planning for the affair suggests somewhat the progressiveness which has characterized the Council from the date of its institution. The Knights are congratulated on Page Four.

REJOICING IN STAFFORD

Teaching Elbow With Outside World.

The first passenger car over the Stafford Springs trolley extension to Rockville, Manchester and Hartford was hailed with delight by the people of Stafford Springs last Monday afternoon. The trip was made from Rockville to Stafford Springs and the interurban car employed carried some of the officers of the Consolidated Co-Operating Superintendent Henry A. Nixolson of this place. The run from Rockville to Stafford was not made with any view to establishing a record in the matter of time. It was more for the purpose of giving the officials and engineers an opportunity to inspect the road as they passed over it. The return trip from Stafford to Rockville was made in 45 minutes. It has not been determined as yet just when the road will be thrown open to the public but it will probably be within a few days.

FEAST FOR EMPLOYEES

Attendants at Silk Exhibit Beautifully Fed.

About eighty persons who assisted at attendants at the recent silk exhibit given by Cheney Brothers assembled at Cheney hall last Saturday evening and enjoyed a substantial roast dinner, which was provided by Cheney Brothers and served by the younger men of the Cheney families. Everything necessary to make a most bounteous feast was at hand and most heartily enjoyed. Some twenty post cards illustrating the silk exhibit were given all who attended the dinner, as well as silk handkerchiefs having a border made up of flags of all nations. At the close of the dinner in Cheney hall the party went over to the social rooms of Howe and Leader Company No. 1 on Pine street where a smoker was enjoyed and the general illumination lasted throughout the evening. It was a pleasant close of the very successful undertaking in the matter of the great silk exhibit which has spread the fame of Cheney Brothers' manufactures and South Manchester from one end of the territory of Uncle Sam to the other.

She was born in Toronto, Canada, and is well educated. She has two normal arms, and also a third arm extending from the left knee downward. She has the use of the third hand, and will write on a pad and pass it to the spectators; she also plays a piano with her other two hands. She will answer any reasonable question.

MADAM ALVAH, THE HUMAN MYSTERY! The Knights of Columbus take pleasure in announcing the most expensive and altogether most remarkable attraction ever shown at a fair in this town. They have closed a contract with The Great Eastern Amusement Company, of New York and Philadelphia, for five nightly performances by the celebrated Madam Alvah, one of the most talented women of our stage. At first glimpse the audience beholds a beautiful young lady, slowly the face pales and soon she becomes a marble statue. In a few moments the youth and bloom of health she suddenly becomes pallid, the hair grows gray, the face becomes wrinkled, the voice sounds hollow. A most startling and realistic performance is that in which Madam Alvah depicts the life of an old woman, who, when young, from youth in all its beauty and vigor, to old age, and beyond the end—shown momentarily by various ages of man, a skeleton, grinning skull and elderly skeleton, all of which are speedily replaced by the pleasant picture of Madam Alvah as her natural self wearing a wreath of roses.

The decorations are to be magnificent. Everybody will want to see them. Dancing each evening. The Military Band and Balloons and the Orchestra will alternate in providing music. This is the most entertainment ever offered in this town for the money. A season ticket admits you to the hall every night.

EASTER MUSIC.
