COLLIDED WITH AUTO

Edward Schreiber narrowly escapes death this afternoon. Edward Schreiber the twelve year-old son of Gustave and Mrs. Schreiber of West Center street had the misfortune to collide with E. T. Carrier's auto at the corner of Main and Charter Oak streets, this afternoon shortly after one o'clock, while on his way to school.

The boy was picked up by Robert K. Anderson and carried to the office of Dr. Sloan where his wounds were dressed. They found a scalp wound on the top of the boy's head and his left hand was injured somewhat.

A. WELLS CASE

DEATH OF WELL KNOWN PAPER MANUFACTURER OF HIGHLAND PARK LAST TUESDAY. Serial This Afternoon—Life Long Resident of Town—Public Spirited Citizen—Well Known Inventor—Successful Capitalist of Industry—Family of Paper Makers.

Alfred Wells Case died at his home in Highland Park Tuesday morning after a short illness with several complications including uremia, which terminated his existence. His funeral is taking place this afternoon as we go to press, services being held at the residence in Highland Park, Rev. W. F. Davis, pastor of the South Methodist church of this place officiating, and Rev. Julius I. Wadsworth of Brookton, Mass., speaking in the funeral. Burial will be in the East Cemetery.

Mr. Case was a successful paper manufacturer in this town where he spent all his life and devoted his talents and energies to the building up of a successful and prosperous business. He was a public spirited citizen as well, and did much to beautify his surroundings in Highland Park, where he laid out a charming park which is free to the public, and turned the Highlands generally to a great extent into a place of unusual beauty.

He took a keen interest in public affairs, was well known, honored and respected by his fellow citizens in this town, and his passing away brings deep regrets to many, and heartfelt sympathy with those of his family who remain.

Mr. Case was the third of our well known and long established and successful paper manufacturers who have passed away from the scene of their activities within the last two years, the other two being Henry E. Rogers and F. Dwight Hale. It will be remembered that Mr. Rogers died some two years ago and Mr. Hale a few months ago.

The bearers this afternoon are: C. C. Case of Williamstown, R. S. Case of Unionville, C. H. Case of Osceola, Royal C. Wright of Springfield, Mass., L. A. Crowell and J. N. Viot of Highland Park.

ANOTHER SUB-STATION

This One To Be Located on West Center Street. Word received from Washington this morning by Postmaster W. R. Chasney of the South Manchester Post Office brings the information that another sub-station is to be added to the South Manchester service, namely in the store of the Palace Furniture Company on West Center street, with Washington as Postmaster. The Washington address state that the new sub-station will in all probability be in operation by November 2nd.

A canvass made of the district which the new sub-station will accommodate reveals the fact that there are some 1500 persons within a radius around the store of the Palace Furniture Company on West Center street, north to and including Pearl street, south to Middle turnpike, and West across Main street to the tracks of the South Manchester railroad.

For some time past the Palace Furniture Company have been accommodating the public in the matter of supplying them with postage stamps and postal cards. They have a considerable amount of money invested in these supplies for the convenience of the public and the demand for same has been increasing. The new sub-station will be hailed with joy by persons within the radius described above and also by the others who are coming into that section steadily.

WITH THE HUNTERS. Local Men Getting Their Share of the Game Hereabouts. August Senkell of School street seems to be getting his share of game these days. Tuesday night he went out hunting and in a couple of hours bagged a couple of yearlings whose weight tipped the scales at twenty-seven pounds. Thursday morning, in company with a friend, a grey squirrel and four partridges were brought down. A game wiper is surely in order at Mr. Senkell's!

Clinton Weir of South Manchester accompanied by two gentlemen from Hartford were out on gunning in Eagleville Tuesday and Wednesday evenings of this week. Two coons were "legged" and a third was afterwards brought to the ground. He is a regular sportsman and tonight he is the main attraction at a supper given in Hartford.

REV. MR. ROGERS HERE. Rev. George H. Rogers of Franklin, Mass., is the guest of James Vetch and family of Church street. Mr. Rogers came to town Wednesday to attend the ordination ceremony in Hartford and intends to remain here over Sunday, where he will visit friends and renew acquaintances. It will be remembered that Rev. Mr. Rogers formerly resided here, where he is well and favorably known. He still retains a friendly interest in South Manchester and in its people. He is being cordially greeted on every hand.

THE SLEEPING SICKNESS WHICH MEANS DEATH

How many readers have heard of this terrible disease? It prevails in that far-away country—Africa—especially the Congo district. It is caused by the bite of the tsetse fly. When it bites a person, the sleeping symptoms begin and finally the sufferer sleeps until death occurs.

Contrast this with the pleasant, happy sleep of health. Is there anything more wanting than to be awake at night, tossing about, nervous, with cold feet, hot head and muzzy brain, what else? Sleep of letting the tsetse fly bite us would do almost anything for relief. How can we prevent it? Mr. George Hayes, of Springfield, Pa., writes: "I had lost my appetite, was all run-down, could not sleep nights. I had tried everything without relief. Vinol was recommended, and to my surprise, it helped me at once; gave me a splendid appetite, and now I sleep soundly."

What Vinol did for Mr. Hayes, it will do for every run-down, nervous and overworked person who cannot sleep.

What The Kidneys Do.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 100 grains of impure matter daily, which unhealthy some part of this impure matter is left in the blood. This brings on such diseases and symptoms—pains in the back, headache, nervousness, hot, dry skin, rheumatism, joint gravel, dropsy of the heart, debility, dizziness, cramps, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mr. T. R. Hayes, 5 Cottage St., South Manchester, Conn., says: "I am a sufferer from Doan's Kidney Pills. I bought them to be a reliable remedy. I had kidney and bladder complaint for years and was unable to find anything that would give me even temporary relief. My head ached a great deal and I was often so dizzy that I could hardly stand. The action of the kidney secret was irregular and plainly showed that my kidneys were out of order. My friend recommended Doan's Kidney Pills to me so highly that I procured a box from the Rapelye Drug Co. and commenced using them. The first few doses gave me relief and from that time on I rapidly regained my health. I am now entirely free from pains in my back and the kidney action is normal."

For sale by all druggists. Price 50c. Foster-McClellan Co., Buffalo, N. Y. Write for circular to the United States.

Methodists endorse the candidacy of William H. Taft.

An unqualified approval of William H. Taft as a presidential candidate was given at a meeting of the Methodist Episcopal church in Thompsonville, Conn., which was called at the headquarters of the Republican national committee. For years Dr. Coote has taken a prominent part in Methodist circles in New England and in New York, having been a leading elder and occupied a leading pulpit.

"No man has spoken so earnestly in favor of the great work that Christian missions are doing in the Philippines, in China and in the Orient generally as Mr. Taft," said Mr. Coote. "In an address at Yale university he emphasized that idea particularly, and on several other occasions he spoke enthusiastically of the good being done by aggressive Christian evangelism in the different countries which he visited. It evinces to me that so evangelical Christian should be in the different countries which he visited. He is just as big and broad in his religious ideas as he is in his physical proportions. As he is in his physical proportions, as he is in his religious ideas as he is in his physical proportions. As he is in his physical proportions, as he is in his religious ideas as he is in his physical proportions."

FAIRNESS OF TAFT.

Scrupulous in His Desire to Render Exact Justice.

REVIEWS OF COURTS MARTIAL

Refused to Approve or Disapprove Findings of Military Tribunal Until He Had Carefully Read the Evidence—A Case in Point.

When he was secretary of war Mr. Taft never unreservedly trusted to the judgment of courts martial upon offending officers to determine his actions in approving or disapproving the findings of these military tribunals. He was scrupulous in insisting that the evidence should be laid before him personally. No pressure of work could be too severe or lack of time too evident to prevent him from reading himself that exact justice had been done the accused, according to the evidence and the facts. One evening long after the rest of the departments had closed Mr. Taft, at the end of an unusually hard day, took up a bundle of papers relating to the case of a lieutenant who was sentenced to be court-martialed. The chief of staff was there, and he suggested, with a view to saving Mr. Taft work, "I think that you will not need to go into the details of the case, but the conclusion of the judge advocate's memorandum and my memorandum. The man is a bad egg. The army will be better off without him."

"No," said the secretary, "I always prefer to go through these cases myself." The officer had failed to pay his debt. Carefully and slowly Mr. Taft read the evidence through to the end. When he finished he looked up and exclaimed, "That fellow lied about it!" Rapidly he dictated a note to be sent, with the papers, to the president and continued as he laid them aside. He could be seen to lie out of it. I think the sentence should be carried out. There might have been some excuse for the other thing, but there could be none for this. It is time to stop this get into trouble. It must be discouraged for the honor of the service.

"I want to go over the rest of these myself," said he, indicating another pile of court martial papers. "I have done that sort of thing all my life, and I'd rather do it than take the judgment of some one else."

TRANSFERRING THE EARTH

Following will show that there is considerable activity in local real estate business. Homeowners Are Up and Doing and Outlook for Building Trades in This Place is Quite Promising—Thrifty People Here Have Unbounded Faith in Future of South Manchester. E. J. Holl, the local real estate dealer has purchased the Frank Merkle place on Olcott street and will have it laid out into building lots and sold as such. The purchase did not include the homestead nor the land directly surrounding the same. Mrs. Merket retained one acre of land with the house and outbuildings. A. Hansmann has purchased two large lots on Henry street from E. J. Holl and has planned same preparatory to using them for garden purposes next season. E. J. Holl is developing the tract of land recently purchased from C. E. House. It lies east of the south end of Henry street and Mr. Holl will extend Bissell street through this property in an easterly direction. He is having the earth cut off now, the hill at

very near future. John E. Gleason has bought a lot on Main street near Middle turnpike on which he has the Cunningham place near where the ball grounds used to be on the Hollister lot. Mr. Gleason is a carpenter and will construct a home for himself thereon. Horatio S. Goddard has sold his home on East Center street to Harry G. and Robert Cheney. The Messrs. Cheney are planning to have dog kennels there and raise beagle hounds. Engineer George A. Johnson is going to occupy the Goddard premises and be superintendent of the kennel. Mr. Johnson is an expert on dogs and already has a nice string of beagles himself. The chicken houses that were used as such by Mr. Goddard are being arranged as kennels for the dogs at the present time. Horatio S. Goddard has bought a building lot on East Center street from E. J. Holl. The new location is directly west of the George F. Rich homestead where Mr. Goddard intends to build a home for himself at once. He is presently living on Spruce street where he moved last week and will remain until his new home is constructed. He will continue in the chicken business at his new location. E. J. Holl has sold to Hugh Thornton a building lot on the Charles H. Bloom place on South Main street this week. Mr. Thornton now owns two building lots there side by side. He bought one from E. J. Holl at the recent auction. Byron S. Carrier of Highland Park has this week purchased the last remaining lot of the Foster farm in Olcott on East Center street. The purchase was made through the agency of E. J. Holl. E. J. Holl transferred last Wednesday a house and two building lots on West Center street, corner of Olcott from Miss Nellie Hayes to her brother, John T. Hayes.

AT HOME EASY TO MIX RECIPE—MIX IT AT HOME BY SHAKING INGREDIENTS IN BOTTLE. Simple Home Made Remedy—Hundreds of People in Vicinity Here Will Welcome This Advice. Says Local Druggist. What will appear very interesting to many people here is the article taken from a New York Daily paper giving a simple prescription, which is said to be a positive remedy for backache or kidney or bladder derangement, if taken before the stage of Bright's disease: Fluid Extract Dandelion, one-half ounce; Compound Sassafras, one ounce; Compound Serrapapallita, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime. A well known druggist here at the editorial and has commented on this prescription, stated that the ingredients are all harmless and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic affections with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these last important organs and helping them to strain filter from the blood the food solids and waste matter which cause such aches and aches. Those of our readers who suffer can make no mistake in giving it a trial.

A Shibe and Two Gold Fishes May Be Secured at the Station Store

In the advertisement of the Station Store which appears on page one of this issue will be found an interesting announcement regarding the sale of small aquariums and gold fish.

For some time a four-inch globe equipped with water plant and pebbles and two healthy gold fish may be secured. A six-inch globe with larger fish can be had for twenty five cents, making a complete aquarium in itself.

Instructions accompany each aquarium as to the proper care of the fish. Mr. Hale announces that he has only a limited number of these aquariums and persons interested will do well to call on him and get out before the supply is exhausted.
