APPOINTED AS HEAD OF MANCHESTER POLICE FORCE BY NEWLY CHOSEN BOARD OF SELECTMEN.

Local Police Department To Be Strengthened and Subject To Control of Chief—Call In For Young Men As Applicants—Brief Sketch of Chief—New Light Years On Local Force—Services Satisfactory.

At a meeting of the newly elected board of selectmen held at the Hall of Records last Saturday afternoon John F. Sheridan was appointed Chief of Police of the Town of Manchester.

Chief Sheridan is a native of Warehous Point in the town of East Windsor and was born April 28, 1866. He is a son of the late John Sheridan of Manchester.

The Sheridan family moved to Manchester March 1st, 1890 where the present chief's father owned and successfully operated a farm during the remainder of his life.

Chief Sheridan received his education in the public school at Manchester Green, which was then the leading school of the town of Manchester. He afterwards worked on his father's farm until 1884, when he went into the coal and trucking business.

After five years he sold out and engaged in the meat and grocery business on Depot square, which he conducted until October 13, 1900, when he was appointed as a regular policeman.

Slack Up. A meeting will be held at the Glastonbury Knitting Company's office in Manchester Green this evening for the purpose of forming an Improvement Society for Manchester Green.

A preliminary meeting was held at the same place last Friday evening, of which John S. Rieley acted as temporary chairman and John J. Buckley as secretary.

It is expected that permanent organization will be effected at the meeting this evening. This action indicates that the people of Manchester Green are beginning to sit up and take notice, to put on their best bib and tucker and to slick up generally.

The coming of the trolley to their community has aroused their civic pride and has awakened anew their love of and interest in their charming community.

The good results of the organization of a permanent improvement society for Manchester Green will not be made manifest need not be doubted. All that is necessary is to get the people aroused to the necessity of such an organization and to the good work which it can do, and the goodly residents of Manchester Green will not be found wanting.

COMMITTEE CONTINUED. Body of No-License Workers Form Permanent Organization. A meeting of the general no-license committee was held at the Hall of Records Wednesday evening at which representatives of some 29 or 30 societies and churches were present.

Reports of the several sub-committees that have been actively engaged in the no-license campaign were read and accepted. All bills were ordered paid, and it was found that after paying all claims the committee have a surplus of over one hundred dollars in the treasury.

The treasurer's reports indicated that approximately five hundred dollars had been collected by the several societies engaged in this work during the recent no-license campaign.

It was voted to make the general no-license committee a permanent organization and officers were elected accordingly. An executive committee was also appointed to look after the no-license work during the coming year and to report from time to time such suggestions as they deemed necessary.

Meetings of the organization will be held whenever necessary in the opinion of the executive committee. It may be well to state in this relation that this is a body of temperance people organized for the purpose of working in the interest of no-license in the town of Manchester. It is in no sense a political organization and it is the desire of the membership generally to have this point understood.

Relinquished Certainty of Elevation to Supreme Bench at Call of Duty. Proved His Ability as a Nation Builder—A Real Altruist.
