

12 UNITED WORKMEN

EFFORT BEING MADE TO INFUSE NEW LIFE INTO VERY EXCELLENT FRATERNITY IN THIS PLACE

Annual Order Has Most Admirable Record in Being Served by the High Standard in Its Work. To Explain Fully Its Excellent Purpose—State Officers Will Speak.

Orford Lodge, No. 58, Ancient Order of United Workmen will hold a meeting Thursday evening, Nov. 5th at Odd Fellows Hall.

The present business methods of the A. O. U. W. is a departure from the former assessment plan and an explanation of these methods will be interesting to the believers in the cooperative system of insurance with adequate reserve which will produce interest money with which to meet the cost of old age.

Forty years ago life insurance was a luxury indulged in only by the rich, the cost being so high the middle class could not meet the payments.

The people recognizing in this Order the opportunity to protect their families against what in the event of their death joined with the movement and for forty years the A. O. U. W. has been engaged in the work of protecting the home.

Its first death claim of \$1500 was added to by the bonus and total of thousands reaching now over \$170,000,000 which have been distributed in our American homes.

The jurisdiction of Connecticut has its own Grand Lodge, collects and disburses its own funds. The reserve is under the direct control of the members of the state, and is invested under a system that makes loss impossible.

The rates adopted in 1933 were recognized as being correct and adequate by the best actuaries in the country, and this sufficiency has been proven by the fact that a debt of \$40,000 has been liquidated, every claim paid to date and a reserve of \$130,000 accumulated, the largest reserve per capita of any beneficiary order in the country.

The A. O. U. W. has always kept faith with the people. That it has disbursed \$170,000,000 without the loss of a single dollar through the dishonesty of any official or any other source is sufficient guarantee of its integrity of purpose.

EDITORIAL MEETING

MEMBERS OF CONNECTICUT EDITORIAL ASSOCIATION ASSEMBLE AT HOTEL GARDE

Union is interesting Papers By F. E. Norton of the Hartford Courant, Thomas Dudley Wells of the Hartford Times, and an Account of the National Editorial Convention By H. H. Hale.

The fall meeting of the Connecticut Editorial Association was held Monday afternoon at the Hotel Garde, Hartford, when a committee was named to arrange for the annual meeting and dinner to be held in January.

Those present at the business session were President Arthur E. Barnes of the "Bristol Press," Secretary E. S. E. Flood of the "Manchester Herald," W. J. Flood of the "South Manchester News," C. H. Scholey of the "Shore Line Times," E. E. Gray of the "Manchester Herald," L. O. Williams of the "Pulsam Patriot," Lewis McLaughlin of the "Stafford Press," H. B. Hale of the "East Hartford Gazette," J. E. Beale of Berlin, Thomas Dudley Wells of the "Hartford Times," F. E. Norton of the "Courant" and E. G. Hill of the "New Haven Register."

The two candidates elected were Thomas A. Tracy of the "Bristol Press" and George A. Beers of the "Pulsam Patriot."

DISTRUSTS MR. BRYAN

Letter of an Old Time Democrat to His Son.

NOW BEST TIME

TELLS HOW TO MIX IT—DIRECTIONS TO PREPARE A SIMPLE HOME MIXTURE.

Give the Dose to Take—Tells You How to Overcome Rheumatism With Simple Recipe, Which is Easily Mixed.

A well known authority on rheumatism gives the following valuable, though simple and harmless prescription, which anyone can easily prepare at home.

Field Extract, Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and being of vegetable extraction, are harmless to take.

LOOKS GOOD TO US

Volumes have been written, sermons have been preached and even songs have been sung from time immemorial regarding the different classes into which the human race is divided.

The man who never has a dollar for the proverbial "rainy day," or is ready for opportunity's knock is a slave. He cannot help being a slave, for he is liquidated, every claim paid to date and a reserve of \$130,000 accumulated, the largest reserve per capita of any beneficiary order in the country.

The first step toward freedom and independence is economy. Economy means the avoidance of wasteful expense and the application of money to the best advantage.

It does not require superior courage or virtue to be economical. Economy is satisfied with the ordinary energy and effort of the ordinary mind.

Let us look back for ten years over the life of the spender. How easily he could have saved a dollar each week, without depriving himself of one single comfort or pleasure.

To the spender we say: Begin now—start it at once—purchase insurance and throw off the yoke of slavery by starting a bank account.

THE TRUE CHRISTIAN SPIRIT.

As Exemplified by William Howard Taft and Bishop Brent.

Another American has shown the same noble spirit that moved William H. Taft to request President Roosevelt to withhold his appointment as justice of the United States supreme court that would have brought him back from his arduous work in the Philippines to the lighter labors and the more congenial scenes of his native land.

Missionary Bishop Brent of the Episcopal church in the Philippines, offered the bishopric of Washington, with its social advantages and agreeable surroundings and its opportunities for intercourse with many of the ablest men of this and other countries, preferred his life of self sacrifice in the far off islands and declined to leave his work among the Filipinos for a mansion in the capital of the United States.

In the motives that actuated Mr. Taft and that led Bishop Brent to refuse the high office in the Philippines there is no essential difference.

"It has always been my dream to be in the supreme court," said Mr. Taft in reply to President Roosevelt when Mr. Taft had come to Washington to state the case of the Philippines to a committee of congress.

Agricultural implements show the largest percentage of increases and velocities the lowest. The textiles show a small percentage of increase with a rather unfavorable outlook.

The steel trade and the movement of pig iron, which form the most accurate barometer of trade conditions, make a distinctly encouraging report.

Such is the true missionary spirit, it is the spirit that carries the Christian faith and Christian civilization to the uttermost parts of the earth.

ing that result about through the board of selectmen. This brought the subject up for general discussion. It was held that the bill boards are an unsightly nuisance and should be removed. The board thereupon instructed Secretary Williams to take the necessary measures to see to it that the obstructions be removed at once.

It was voted that the chairman of the board of selectmen take up the matter with the owners of the property and see if they could not be induced to remove the billboards as well as the billboards and put the property in a presentable appearance in conformity with its surroundings. It is not the desire of the selectmen to have any lawsuit in the matter and to that end they have instructed their chairman to use his best endeavors and good judgment in bringing about an amicable adjustment of the difficulty. Under the new act giving enlarged powers to the town of Manchester, the selectmen are empowered to take such legal steps as may be necessary for the removal of nuisances in the town, or of debris from ruins of burned buildings, etc.

FOOD FOR ELECTION WORKERS.

Chairman Cheney notified the board that he had supplied the necessary sandwiches and hot coffee for the workers at the polls on election day. In accordance with the custom followed by the selectmen in past years and asked the selectmen to approve bills arising from this service. His suggestion was concurred in by the board of selectmen without discussion.

DOOR CATCHER

The question of reappointing Frank C. Strant as dog catcher for the ensuing year was brought up by a recommendation from Chief of Police John F. Sheridan that Mr. Strant be reappointed. The board were perfectly willing to reappoint Mr. Strant as dog catcher for the ensuing year at his present rate of compensation but it was found that his term of appointment will expire on the 1st of April. Therefore the matter was deferred.

HENRY STREET

The question of naming Henry street was brought to the attention of the board and Secretary Williams stated that he had communicated with the home of Mr. Childs in New York with reference to this matter and was informed that he was not in the city and could not be reached before the matter was deferred.

DENIES ALLEGATIONS

Stander's Statement Against Press of State Vigorously Resented

The statement which W. T. Rodenbach of Nagsvick, chairman of the anti-Lilly committee, gave out last Monday night and in which he declared that "the state press, with a few splendid exceptions, was subordinate to machine interest, rendering it exceedingly difficult to reach the voter," is promptly and hotly resented by Arthur S. Barnes, president of the Connecticut Editorial Association. Mr. Barnes issues this reply to Mr. Rodenbach's reflection on the Connecticut newspapers, all of which has the most hearty endorsement and approval of the publisher of this paper: "The statement of W. T. Rodenbach, chairman of the anti-Lilly committee, as given out in the morning newspapers, wherein Mr. Rodenbach maligns the state press of Connecticut as a whole class for an answer.

"As president of the Connecticut Editorial Association and as quite intimately in touch with the newspaper makers of Connecticut, I wish to say that Mr. Rodenbach's statement is a deliberate falsehood and that he knows it. He speaks of the state press with practically two exceptions his campaign has been carried on in the newspapers of Connecticut in an entirely fair and dignified manner.

"ARTHUR S. BARNES, President Connecticut Editorial Association."

SURPRISE PARTY LAST NIGHT

Oliver and Mrs. Day Reminded of Fifth Wedding Anniversary
About thirty friends of Oliver and Mrs. Day of Charter Oak street assembled at their home last evening and gave them a jolly surprise party in honor of their fifth wedding anniversary. A beautiful wedding feast was served and heartily enjoyed and merry making reigned supreme until late into the night.

Mr. and Mrs. Day received a number of pretty presents and better than all, the hearty congratulations of their assembled neighbors and friends. The matter was an entire surprise to Mr. and Mrs. Day and was managed by A. D. Hale and family, Mrs. Julia Hatt and her son, Herbert, Thomas Gardiner and family, and John H. Bissell and family.

NATIONAL ELECTION

LAST TUESDAY SHOWS SPLENDID REPUBLICAN VICTORY ALL ALONG LINE HERE

Taft's Plurality Over Eight Hundred in This Town—George L. Lilley Republican Candidate for Governor Received 1243 Out of Total Vote of 2109—Had Plenty of Loyal Friends in Neighborhood

The national election took place last Tuesday and as usual resulted in a complete Republican victory in this place with an average Republican plurality of over three 500. Presidential electors candidate for governor, secretary, treasurer, comptroller, representative at large, representative in congress, state senator, representatives in the state legislature, judge of probate, and justices of the peace were voted for here.

The Taft electors were given 1243 votes, with 29 rejected. George L. Lilley, Republican candidate for governor had 1243, with 29 rejected. Notwithstanding the general onslaught which was made on Mr. Lilley throughout the State he was given a good vote in this place.

E. Hart Fern, the candidate for state senator, received the largest vote here of any on the Republican ticket, namely, 1502, with 39 rejected.

Our local representatives in the legislature, Aaron Johnson and Harry M. Burke, ran a very pretty race, coming in at the finish with only two votes apart. Mr. Johnson received 1201, with 39 rejected, and Mr. Burke 1199, with 39 rejected. Mr. Johnson's plurality over the leading democratic opponent was 773, Mr. Burke's 771.

There were 188 Republican ballots which were pasted against Mr. Burke and to offset this there were 88 other ballots that were pasted for him. There were 100 Republican ballots pasted against Mr. Johnson and eight other ballots which were pasted for him.

The total number of ballots cast was 2109 of which number 64 were rejected for being illegal making the net total count as 2045.

The entire Republican vote cast was 1243. There were 968 straight Republican, 343 split and 30 rejected ballots. The principal cause for rejecting the ballots was the fact that upwards of 50 were deposited when the polls opened at six o'clock by persons who were in the street and leaving town usually on the morning following. The envelopes had the name of but one envelope tender stamped thereon, to wit: that of Thomas Gray, or Richard J. Maloney, the democratic envelope tender was not present when the polls opened. As a result the votes cast by these people at the opening of the polls were not counted.

Chapter 187 of the Public Acts of 1902, as amended by Section 1649 has the following clause covering the point indicated above: "Any ballot contained in an envelope not properly endorsed shall not be counted." As the law directed that both envelope tenders shall endorse the envelope, it is evident that the ballots thus deposited, as indicated above, could not be counted. It seemed odd to have such a large number of electors deprived of their franchise because of the negligence of an official in this manner.

The man in charge of the ballot box should have examined the envelopes before permitting them to be deposited and see that they were properly endorsed, probably not one voter in five hundred knew of the existence of this law. It is the duty of persons accepting these official positions to inform themselves regarding the law, and thus protect the voters who depend on their action.

The total Democratic vote cast was 866, the straight Democratic vote 290, the split Democratic vote 121, and rejected 115.

The total Prohibition vote cast was 108, 148 of which were straight, twelve split and five rejected.

The total Socialist vote was 137 of which 127 were straight, 28 split and 10 rejected. One ballot cast of the Republican, Democratic and Prohibition tickets was rejected because the envelope in each instance was not sealed.

There was but one vote of independence which was cast upon the local option, but not on Prohibition pars and simple. As the Prohibitionists did not poll ten per cent of the total vote cast here last Tuesday, it is a question whether they will be obliged under the law to register for the causes or not. They did cast ten per cent of the total vote at the town election last month however.

The question now is, does the law apply to the vote cast at a town election, or to that recorded at a state election. There is apparently room for a division of opinion on this.

The Socialists cast 137 votes here last Tuesday, as against 192 two years ago and 64 four years ago. They have evidently made some progress and have something to show for the missionary work done by their spellbinders who have invaded this field during the past year. There is a very wide chasm between 137 Socialist votes and the Republican figures of 1243 votes cast here.

Taft was given a plurality here of 876, Lilley, 740, E. Hart Fern, 1502, E. J. Holt, 868, Judge Wood, 885.

There were two votes cast for H. M. Burke for Representative at Large, and one each for E. L. G. Hohenbhal and R. M. Reid for the same office. Mr. Burke was also given one vote for Representative in Congress.

THE SOCIALISTS HAD SEVEN REJECTED FOR THREE CANDIDATES, FOUR FOR SEVEN AND THREE FOR ONE. THE PROHIBITIONISTS HAD FIVE REJECTED FOR NINE CANDIDATES, SEVEN FOR ONE AND FOUR FOR ANOTHER.

The total vote cast here last Tuesday was about the total vote cast in 1904, the year of the Roosevelt election, by 16 votes, as follows: in 1904, 2021, in 1903, 2109.

The automobile played an effective part in getting out the vote here last Tuesday, and the machines were kept buzzing about town quite actively all day bringing in the faithful.

Taft carried Connecticut last Tuesday by 44,684 Republican plurality; Roosevelt carried Connecticut four years ago by 38,150 Republican plurality.

Lilley carried Connecticut for governor last Tuesday by 15,896 Republican plurality; Woodruff's Republican plurality for Governor of Connecticut two years ago was 20,008. In view of the powerful opposition developed against Governor—Eliot Lilley in his own party, this is a superb showing.

The Incoming General Assembly of Connecticut will be made up as follows:

GOVERNOR—Eliot Lilley
LIEUTENANT-GOVERNOR—Eliot Lilley
SECRETARY—Eliot Lilley
TREASURER—Eliot Lilley
COMPTROLLER—Eliot Lilley

No More Hard Times

The Hub Heater

The newest and most scientific Parlor Stove.

It's first appeal is to the eye. It is the most beautiful Heating Stove ever made. It is artistic, distinguished, striking. It has the kind of beauty that is always in style and will last long enough to become a family heirloom.

Heating qualities are emphasized most in the HUB Heater. It's a heat generator which gets the most out of every pound of coal burned.

When this runs into TONS, the saving is something startling. It is done by having circulation flues around the base and firepot sections, which carry off the surplus heat at this point. In the ordinary stove, this heat remains stagnant. In the HUB Heater it is utilized by circulating it through the room. Rooms heated by circulation are warm in every corner.

Magic Hub Range

Is a high grade range at a low price. It has the style and improvements of ranges that usually sell for much more money. A slight difference in size is the excuse for a large difference in price, which the consumer gets the benefit of.

It has the capacity for a large family or can be economically used for a small one. In buying a Magic HUB Range you are settling the Range question for a life time, for HUB Ranges are built to last. Prices from \$25.00 up.

Linoleums and Art Squares

We have just received a fresh shipment of Linoleum and to lower the stock a little, we will cover your floor with 75c grade for 59c a yard for a short time. PLEASE NOTE THE PRICE. ANDREW MACK Andrew Mack will appear at the Parsons Theater Monday in a new romantic drama, entitled "Sergeant Jerry McCare". Mr. Mack has just returned from a trip around the world, presenting the Irish drama "Tom Moore." At Anokland, N. Z., he played an engagement of four weeks and the citizens presented to him a green stone, silver-trimmed cap, beautifully inscribed and engraved, showing scenes of the Anokland harbor and the beautiful surrounding country, being a fac simile of a check presented to the Duke and Duchess of York on their visit to Anokland some four years previous.

AS TO ADVERTISING

SUBJECT INTELLIGENTLY DISCUSSED BY ONE WHO KNOWS--VALUABLE SUGGESTIONS

Newspapers Shows To Be Best Medium--Enter Faculty of Home Sewing Magazine of Merchants Where Solicitor Would Not Be Received--Housekeepers Need The Information

Advertising is a matter of deep personal concern to the fruit grower and especially to the five thousand men who are directly interested in the orange and lemon industry of southern California, according to Mr. E. O. McCormick, of the Hartman lines.

It is in closer touch with and exerts a greater influence in the home than any other printed thing. To start with, there are in the older communities a vast number of people who have inherited the continuance of the paper which their parents read. It is as real to them as "proofs of holy writ."

Now if I can aid by dispelling doubts which may be entertained by any of the members of this association, as to the efficiency of advertising, for promoting its business--enlarging it where it is already established, extending it into new regions, I will be doing about the greatest service it is in my power to render you. To start with, we must recognize advertising as a commodity.

THE LAW OF AVERAGE The Lord & Thomas Advertising Agency argues strongly on the law of average, and claims that it is the only thing that is absolutely certain in advertising. The point they lay stress upon is: "What one man likes or wants forms no criterion. When a thousand at a certain average, are led to spend a certain amount, you have an absolute certainty. The millions will do what the thousands have done. This appeals to reason."

AN AGE OF SPECIALIZATION Let us start with a full realization that we live in an age of specialization. Your own business of selling oranges is an illustration of this fact. The grower is all right as a grower; when it comes to marketing he is not in it. That is your speciality. The picked fruit represents the full complement of his investment in capital, intelligence and labor in the orchard. You do not invade his field of activity. His specialty is in studying grafting and planting and spraying, and the many other problems and secrets of the soil life in the grove--the planting and irrigating.

THE VALUE OF THE NEWSPAPER

Reading the newspaper is as intimate a part of our every day life as sleeping and eating. It is a rare person who does not at least glance over his daily or weekly paper, and to the great majority of people it is the only avenue open to their minds accessible to the news of the world.

There have been all kinds of "boom shows" on the part of the 1st few years. Some of these have to come down to a very few, but must have it that the "Smart Set" easily "take the cake" in the theatrical circle. It comes to the Hartford Opera House on today and to-morrow to demonstrate the fact and to gather up the local trophy for its achievement.

There are in the Hartford Opera House on today and to-morrow to demonstrate the fact and to gather up the local trophy for its achievement. The place is a well constructed theatre, set comely worthy a place in any Broadway house in New York. It is magnificently mounted and is full of those features, three or four of which make the fortune of any musical comedy offered. Skillful artists of national repute in their special lines are in the cast which comprises fifty people with the very best right to be considered first among their competitors for Africa supremacy here or anywhere else.

FEEBLE OLD LADY Has Strength Restored by Vinol Mrs. Michael Bloom of Lewistown, Pa., who is 80 years of age, says: "For I have had to be wheeled around in an invalid's chair. I had no strength and took cold at the slightest provocation, which invariably settled on my lungs and a cough would result. My son learned of the cod liver preparation called Vinol, and procured a bottle for me. It built up my strength rapidly. After taking three bottles I am able to do most of my work, and I can walk a quarter of a mile easily. Every aged or weak person who requires strength should try Vinol. I am me."

"AN AMERICAN HUSTLER," FIVE-ACT DRAMA GIVEN BY LOCAL TALENT FOR BENEFIT OF WOODMEN

Performers Have Good Account of Themselves Under Adverse Conditions and Capably Entertained Good Sized Audiences--Managers Well Pleased With Result--Familiar Work by Performers

The performers in the drama were laboring under considerable difficulty in executing their work, but they applied themselves with fidelity to the task in hand, and did the best they could to entertain the public under the circumstances. A change in the cast at the "Eighth Hour" upset the plans of the managers very much and necessitated some very rapid work in filling the cast.

STUDYING ABROAD.

Not American Girl For the American Girl Who is Alone

The American girl of the period is such a brave and resourceful young person that she does not hesitate to undertake many things which her mother or at least her grandmother would have left untried. One of these heroic ventures is going abroad alone to study--perhaps in Paris. According to Miss Caroline Patch, for four years secretary of the Young Women's Christian association in the French capital, who is now in this country, this is a very unwise thing for an American girl to do.

It isn't merely that the French code of morals and the French manner of regarding women are different, although that must be taken into consideration. The first danger comes from the changed views of the girls themselves. They want to acquire all the knowledge of the language and the people that is possible, and for that reason they elect to live among the natives. It is only natural also for the wide awake American girl in Paris to want to take advantage of every opportunity to study French life and to make herself familiar with the French point of view.

GALE LAST SATURDAY

BLEW DOWN POLES CARRYING WIRES FOR POWER, STREET LIGHTING AND TELEPHONE SERVICE

Encumbered Tracks of South Manchester Railroad Company Holding Up Trains and Caused Considerable Annoyance and Expense to Operating Companies--Prompt Action by R. O. Cheney

A heavy gale lasted Saturday noon blew down the poles on the west side of the South Manchester Railroad Company's tracks just north of Middlebury. These poles were used for carrying feed wires from the power station at the South end to the Rockville line, connections with same being made at Depot Square. Besides carrying the power wires, the poles also had the burden of the street lighting wires for the North End, and also of telephone wires and consequently were heavily laden.

VERDICT IN BARRY-MCCOLLUM CASE SET ASIDE BY SUPREME COURT THIS WEEK

Miss Helen E. Barry, School Teacher in South Windsor was awarded Three Thousand Dollars Damages by Jury last March—Claims That Judge Shumway Erred in Charging Jury.

The opinion of the supreme court in setting aside the verdict in the suit of Miss Helen E. Barry of Norwich against Edward D. McCollom of Manchester was received by the clerk of the superior court Tuesday.

As Mr. McCollom is a resident of this town and was superintendent of schools for the Town of Manchester, we believe our readers will be interested to learn what the findings of the court in this important case are.

The foundation of the plaintiff's case was that the statements of which she complained were false and malicious. Her averment that they were such having been traversed, although their truth had been specially pleaded when, in the course of the trial it became an admitted fact that the defendant made them in an official report, which in its nature was a privileged communication, she could rely on no presumption of falsity or malice.

The court, after instructing the jury in reference to another of its statements, that they must look carefully at the character and interest of the witnesses, who had testified regarding the truth or falsity, proceeded as follows:—

FIRE IN THE HAY

FOUR TONS CONSUMED LAST SUNDAY AT RESIDENCE OF CHARLES E. ROHAN ON GARDNER STREET

Timely Assistance and Active Efforts of Neighbors and Others Who Chanced to Be in Vicinity and Worked Heroically to Save the Hay and Residence From Destruction—Suff With Relief.

Last Sunday forenoon about ten o'clock fire was discovered in one of the hay mows on the premises of Charles E. Rohan of Gardner street. Mr. Rohan was lying down in his residence at the time and the discovery was made by one of the neighbors. A strong gale was blowing, and soon the hay was a mass of flames. It spread to adjoining mows and burned in all some four tons of hay.

As it was Sunday, most of the neighbors were about their places and other people who chanced to be walking about were attracted by the flames. All bent their energies to saving the property and in the main were largely successful. The hay was stacked out of doors but in close proximity to the two barns and not far from the residence. A bucket brigade was soon established and the shovel brigade put into action. Mud was thrown on the roof and on the sides of the buildings, as well as water and by heroic efforts the buildings were saved. It was most fortunate that the fire took place at the time it did when so many people were in the vicinity and were attracted to the scene. They worked with a will and did everything in their power to prevent the spread of the flames. Had this not been so there is not the slightest doubt that the two barns and the dwelling would have been consumed. A strong wind blew at the time and the hay having become thoroughly dried, made a fiercely hot fire which, but for the mud and water, would have consumed them in a short order. It was very gratifying indeed to see the eagerness with which the neighbors and friends took hold to subdue the flames.

It is the opinion of Mr. Rohan that the fire was incendiary as he knows of no good reason why it should have occurred at that time of day and under the circumstances then existing. Mr. Rohan's home is located outside of the South Manchester Fire District and consequently he could have had no aid from the South Manchester Fire Department. It was very gratifying indeed to see the eagerness with which the neighbors and friends took hold to subdue the flames.

An enjoyable Halloween Party was held at the residence of George F. and Mrs. Day of Charter Oak street last Saturday evening. Refreshments were served and a pleasant social time enjoyed. The guests were costumes selected to conceal their identity thus leading to a good deal of merriment in the election as to discover who was who under the circumstances.

SELECTMEN MEET

HOLD MONTHLY SESSION AND DISCUSS LARGE VARIETY OF SUBJECTS OF PUBLIC INTEREST.

Buckland Wants Fire District—East Side Residents Ask for Construction of Sewer—Action on Street Lights—Are Highlights on Trivertie—Establishing Building and Grading Lines.

The regular monthly meeting of the board of selectmen was held at the Hall of Records Monday evening. Chairman Horace B. Cheney presiding. Secretary John M. Williams recording the proceedings and all the members of the board attending, except George H. Allen who was called away from the meeting to attend a sick horse at his livery stable.

HARRY M. BURKE presented a petition from the residents of the Seventh School District requesting the selectmen to call a meeting in order that a fire district might be organized in Buckland, same to have such boundaries as are now covered by the Seventh School District. The petition was signed by twelve taxpayers and residents of the district in accordance to law.

Mr. Burke explained the purpose of the petition and requested that the meeting be held in the school house as an accommodation to the voters of the district. The selectmen granted the call of the petitioners and voted to summon a meeting as requested, same to be held at the school building of the Seventh District Friday evening, Nov. 20 and to publish official notice of same in the local newspapers. There was no opposition to the resolution and no discussion.

DRAINING EAST SIDE.

A petition was presented by J. W. Groe with fifty signatures of residents of the East Side, petitioning the board to give relief from the overflow of water on Oak and Cottage streets and vicinity. Mr. Groe spoke at length on the importance and necessity of having the town provide some means for carrying away the excessive water that deluges Oak and Cottage streets every time there is any considerable rain. He explained that with the new streets being built on the East Side and the new gutters being laid the sewage from a very large watershed extending from East Center street and Main street to the East Cemetery is shunted down by the gutters to the vicinity named. Mr. Groe complained that the manholes on Oak street are entirely insufficient to take care of the rush of water and as a result that residents of that vicinity for the most part are compelled to wear rubber boots around their homes or when moving about the streets in their neighborhood when rain storms prevail.

They also find that it is impossible to maintain sidewalks and Mr. Groe complained that he personally had been to a great deal of expense in building and rebuilding his walks in the endeavor to save them from the onslaughts of the water. He complained that the town had not done anything worth speaking of in the matter of maintaining sidewalks there.

Stephen Horan, Edward F. Taylor, John M. Williams, Richard W. Pitkin, Joel E. Hawley, C. G. Watkins and J. M. Digney entered into the discussion and all agreed that something should be done to abate the nuisance of the excessive rush of water in the vicinity named.

Chairman Cheney pointed out that

ENTERTAINMENT COURSE.

First of Series at High School Assembly Held Last Evening.

The first in the series of seven public entertainments of the Popular Entertainment course was given in High School assembly hall last evening before an audience of approximately 800 persons. The attraction of the evening was the Oratorio Artists of New York, as follows: Florence Hinckle, soprano; Adah Campbell-Hussey, contralto; Reed Miller, tenor; Frederick Wheeler, bass baritone; Lois Louise Davidson, pianist. The program comprised eleven numbers and there were so well rendered and so well received that the audience insisted on seven encores, which were given.

The Oratorio Artists certainly gave a splendid concert which met with the heartiest and most enthusiastic approval and applause of the audience. The applause was genuine and hearty and must have pleased the artists very much. They came to us well recommended and their performances were fully up to the advance notices. Every person present at the concert last night is an enthusiastic admirer of the Oratorio Artists and a living advertisement of their ability to give a first-class performance in their respective lines. They have quatuors, trios, duos and solos, and all and each were superb. The concert closed with the sextette from "Lucia" arranged for four voices and was a splendidly stirring number with which to close an altogether charming concert. We regret that neither time nor space permit further details at this writing.

The second in the series will take place Monday, December 7, and will be an illustrated lecture entitled "Around the World With Taft", by Robert H. Murray. The third will take place Tuesday, January 14th, when Governor H. B. Swan of North Carolina will lecture on the "New South". The fourth will occur Monday, February 9th when the "Baritone String Quartet" from the Boston Symphony Orchestra will be the attraction. The fifth of the series will be given Thursday, March 25, when Dr. Newell Dwight Ellis will lecture on "John Ruskin's Message to the 20th Century". The two remaining entertainments have not yet been selected.

TUBERCULOSIS MATTERS

Exhibit to be Held in Hartford All of Next Week.

The Tuberculosis Free Fund Association of Chesey Brothers wish to inform the public that a tuberculosis exhibit is to be held at Germania hall, corner of Main and Morgan streets, Hartford, all of next week, beginning November 16th. They urge as many as possible from this place to attend this exhibit. In connection with the exhibit the subject of tuberculosis is to be treated by distinguished speakers who have made it a study and who will endeavor to bring out as much information as possible relative to same at the several meetings.

Notice of this exhibit are posted in the city mills here. The local tuberculosis association have secured Dr. B. H. Waters of New York to deliver a lecture on tuberculosis in this place, the date of which will be announced and particulars regarding same given. Dr. J. P. C. Foster of New Haven, chairman of the Connecticut commission which has been investigating the spread and cure of tuberculosis will deliver an address on that subject in the Y. M. C. A. hall, Hartford, this Friday evening.
