Take Notice

In May of the present year ORFORD PARK was ordinary farm land.

To-day there is one mile of streets with an avenue of poplar trees through same. There are two houses built and three double tenements in course of construction.

There are between forty and fifty satisfied lot owners.

Are you one of them? If not why not? They can be bought on easy terms.

SLANDER SUIT

VERDICT IN BARRY-MCCOLLUM CASE SET ASIDE BY SUPREME COURT THIS WEEK

Miss Helen E. Barry, School Teacher in South Windsor was awarded Three Thousand Dollars Damages by Jury last March—Claims That Judge Shumway Erred in Charging Jury.

The opinion of the supreme court in setting aside the verdict in the suit of Miss Helen E. Barry of Norwich against Edward D. McCollum of Manchester was received by the clerk of the superior court Tuesday.

The report became public and Miss Barry charged that it was slanderous. The case was tried before Judge Milton A. Shumway and a jury and on March 19 of last year the jury decided for Miss Barry to receive \$3,000 damages.

The foundation of the plaintiff's case was that the statements of which she complained were false and malicious.

Her averment that they were such having been traversed, although their truth had been specially pleaded when, in the course of the trial it became an admitted fact that the defendant made them in an official report, which in its nature was a privileged communication, she could rely on no presumption of falsity or malice.

The supreme court opinion was written by Chief Justice Bishop. All the judges concurred. Among other things the supreme court judges in the opinion say:—

The foundation of the plaintiff's case was that the statements of which she complained were false and malicious.

Her averment that they were such having been traversed, although their truth had been specially pleaded when, in the course of the trial it became an admitted fact that the defendant made them in an official report, which in its nature was a privileged communication, she could rely on no presumption of falsity or malice.

FIRE IN THE HAY

FOUR TONS CONSUMED LAST SUNDAY AT RESIDENCE OF CHARLES E. ROHAN ON GARDNER STREET

Timely Assistance and Active Efforts of Neighbors and Others Who Chanced to Be in Vicinity and Worked Heroically to Save the Hay and Residence From Destruction—Said Wind Blowing.

Last Sunday forenoon about ten o'clock fire was discovered in one of the hay mows on the premises of Charles E. Rohan of Gardner street. Mr. Rohan was lying down in his residence at the time and the discovery was made by one of the neighbors. A strong gale was blowing, and soon the hay was a mass of flames. It spread to adjoining hay mows and burned in all some four tons of the entire lot but two tons were saved.

As it was Sunday, most of the neighbors were about their places and other people who chanced to be walking about were attracted by the flames. All bent their energies to saving the property and in the main were largely successful. The hay was stacked out of doors but in close proximity to the two barns and not far from the residence. A bucket brigade was soon established and the shovel brigade put into action. Mud was thrown on the roof and on the sides of the buildings, as well as water and by heroic efforts the buildings were saved. It was most fortunate that the fire took place at the time it did when so many people were in the vicinity and were attracted to the scene. They worked with a will and did everything in their power to prevent the spread of the flames. Had this not been so there is not the slightest doubt that the two barns and the dwelling would have been consumed. A strong wind blew at the time and the hay having become thoroughly dried, made a fiercely hot fire which, but for the mud and water, would have consumed them in short order. It was very gratifying indeed to see the eagerness with which the neighbors and friends took hold to subdue the flames.

It is the opinion of Mr. Rohan that the fire was incendiary as he knows of no good reason why it should have occurred at that time of day and under the circumstances then existing. Mr. Rohan's home is located outside of the South Manchester Fire District and consequently he could have had no aid from the South Manchester Fire Department. There was no alarm sent in and where they will spend the winter.

SAVE RECIPES ANYWAY—PUT IT IN A SAFE PLACE. FOR IT MAY COME IN HANDY

Mix This At First Sign—Says Home-Made Mixture is Easily Prepared, and Cures Weak Kidneys and Bladder.

Here is a simple home-made mixture as given by an eminent authority on kidney diseases, who makes the statement that it will relieve almost any case of kidney trouble if taken before the onset of Bright's disease. He states that such symptoms as lame back, pain in the side, frequent desire to urinate, especially at night; painful and discolored urination, are readily overcome. Here is the recipe. Try it: Fruit Extract Dandelion, one-half ounce; Compound Kargon, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

BOWLER LICENSED.

William Bowler, the proprietor of the Crystal Lake Hotel has been granted a license by the county commissioners for Tolland county. A remonstrance signed by sixty people of the town of Stafford was brought before the Tolland County Commissioners on account of the Crystal Lake Hotel being just over the line in the town of Ellington. The board decided that Mr. Bowler was entitled to a license on account of the fact that he had been established in business there for years before the 30-licensing victory was gained in Stafford.

ALL HALLOWEEN

An enjoyable Halloween Party was held at the residence of George F. and Mrs. Day of Charter Oak street last Saturday evening. Refreshments were served and a pleasant social time enjoyed. The guests wore costumes selected to conceal their identity thus leading to a good deal of merriment in the election of a discover who was who under the circumstances.

SELECTMEN MEET

HOLD MONTHLY SESSION AND DISCUSS LARGE VARIETY OF SUBJECTS OF PUBLIC INTEREST.

Buckland Wants Fire District—East Side Residents Ask for Construction of Sewer—Action on Street Lights—Are Headlights on Trolleys—Establishing Building and Grading Lines.

The regular monthly meeting of the board of selectmen was held at the Hall of Records Monday evening. Chairman Horace B. Cheney presiding. Secretary John M. Williams recording the proceedings and all the members of the board attending, except George H. Allen who was called away from the meeting to attend a sick horse at his livery stable.

BUCKLAND FIRE DEPARTMENT. HARRY M. BURKE presented a petition from the residents of the Seventh School District requesting the selectmen to call a meeting in order that a fire district might be organized in Buckland, same to have such boundaries as are now covered by the Seventh School district.

Mr. Burke explained the purpose of the petition and requested that the meeting be held in the school house as an accommodation to the voters of the district. The selectmen granted the call of the petitioners and voted to summon a meeting as requested, same to be held at the school building of the Seventh District Friday evening, Nov. 20 and to publish official notice of same in the local newspapers. There was no opposition to the resolution and no discussion.

Draining East Side. A petition was presented by J. W. Groe with fifty signatures of residents of the East Side, petitioning the board to give relief from the overflow of water on Oak and Cottage streets and vicinity. Mr. Goslee spoke at length on the importance and necessity of having the town provide some means for carrying away the excessive water that deluges Oak and Cottage streets every time there is any considerable rain. He explained that with the new streets being built on the East Side and the new gutters being laid the sewage from a very large watershed extending from East Center street and Main street to the East Cemetery is shunted down by the gutters to the vicinity named. Mr. Goslee complained that the manholes on Oak street are entirely insufficient to take care of the rush of water and as a result that residents of that vicinity for the most part are compelled to wear rubber boots around their homes or when moving about the streets in their neighborhood when rain storms prevail.

They also find that it is impossible to maintain sidewalks and Mr. Goslee complained that he personally had been to a great deal of expense in building and rebuilding his walks in the endeavor to save them from the onslaughts of the water. He complained that the town had not done anything worth speaking of in the matter of maintaining sidewalks there.

Stephen Horan, Edward F. Taylor, John M. Williams, Richard W. Pitkin, Joel E. Hawley, C. G. Watkins and J. M. Digney entered into the discussion and all agreed that something should be done to abate the nuisance of the excessive rush of water in the vicinity named.

Chairman Cheney pointed out that

ENTERTAINMENT COURSE.

First of Series at High School Assembly Held Last Evening.

The first in the series of seven public entertainments of the Popular Entertainment course was given in High School assembly hall last evening before an audience of approximately 800 persons. The attraction of the evening was the Oratorio Artists of New York, as follows: Florence Hinckle, soprano; Adah Campbell-Hussey, contralto; Reed Miller, tenor; Frederick Wheeler, bass baritone; Lois Louise Davidson, pianist. The program comprised eleven numbers and there were so well rendered and so well received that the audience insisted on seven encores, which were given.

The Oratorio Artists certainly gave a splendid concert which met with the heartiest and most enthusiastic approval and applause of the audience. The applause was genuine and hearty and must have pleased the artists very much. They came to us well recommended and their performances were fully up to the advance notices. Every person present at the concert last night is an enthusiastic admirer of the Oratorio Artists and a living advertisement of their ability to give a first-class performance in their respective lines. They have quaternities, duets and solos, and all and each were superb. The concert closed with the sextette from "Lucia" arranged for four voices and was a splendidly stirring number with which to close an altogether charming concert. We regret that neither time nor space permit further details at this writing.

The second in the series will take place Monday, December 7, and will be an illustrated lecture entitled "Around the World With Taft", by Robert H. Murray. The third will take place Tuesday, January 14th, when Governor H. B. Swan of North Carolina will lecture on the "New South". The fourth will occur Monday, February 9th when the "Baritone String Quartet" from the Boston Symphony Orchestra will be the attraction. The fifth of the series will be given Thursday, March 25, when Dr. Newell Dwight Ellis will lecture on "John Ruskin's Message to the 20th Century". The two remaining entertainments have not yet been selected.

TUBERCULOSIS MATTERS Exhibit to be Held in Hartford All of Next Week.

The Tuberculosis Free Fund Association of Chesney Brothers wish to inform the public that a tuberculosis exhibit is to be held at Germania hall, corner of Main and Morgan streets, Hartford, all of next week, beginning November 16th. They urge as many as possible from this place to attend this exhibit. In connection with the exhibit the subject of tuberculosis is to be treated by distinguished speakers who have made it a study and who will endeavor to bring out as much information as possible relative to same at the several meetings.

Notice of this exhibit are posted in the city mills here. The local tuberculosis association has secured Dr. B. H. Waters of New York to deliver a lecture on tuberculosis in this place, the date of which will be announced and particulars regarding same given. Dr. J. P. C. Foster of New Haven, chairman of the Connecticut commission which has been investigating the spread and cure of tuberculosis will deliver an address on that subject in the Y. M. C. A. hall, Hartford, this Friday evening.

FORGIVING AND FORGETTING

Now for forgiving and forgetting and for getting together. The acerbities of the campaign should pass out of mind and the glad hand reach close around.

The virtuous young man who passed his whole life in the pursuit of the good of the state, in the pursuit of a large number of well-meaning citizens whose motives are as high as his own and whose motives give them some character. His proclamation was a reflection on all Connecticut.

We quite agree with our correspondents. The manufacturers of this state keep the wheels in motion. They, as a rule, are public-spirited and progressive citizens; and it was manifestly conceded and ill-judged for a little bunch of them to call themselves the whole thing.

They have done a very grievous wrong to the vast manufacturing interests of Connecticut. Accidentally or intentionally they have given out the impression that they stood for the manufacturers and really were it. We trust that those manufacturers who resent this attitude will let them understand how they feel.

OBITUARY

Mrs. Martha L. Wolcott, aged 80, died at her home in Backland, after an illness of several weeks, Saturday, Mrs. Wolcott was born in Wethersfield, but had been a resident of this town a number of years.

IS IT RIGHT OR WRONG?

The inconsistency of the logical case that governs are often truly illuminating. A little while ago a woman in Chicago was arrested and fined for wearing trousers while she was earning an honest living as a hod-carrier in which useful service she found bifurcated garments most convenient.

NEW TRAINED NURSE

Among the recent graduates of the Hartford Hospital Training School for Nurses was Miss Marie Keesling of West Connecticut street. She was given her diploma and is now qualified to accept a position as a trained nurse anywhere.

EFFECT ON BUSINESS

The outcome of the election has led to a movement which has been in progress for several months. Contracts which have been held up awaiting the result of the campaign are now being placed.

Confidence in the stability of commercial enterprises and in the execution of policies that will be neither reactionary nor radical has been established. The satisfaction that is felt over the elimination of the factor of uncertainty is reflected in the stock market.

The country appears to be headed toward a period of peaceful prosperity, and unless unfavorable conditions that are not now apparent develop the amount of business done in the United States will undergo gradual expansion.

ORANGEMEN'S FAIR

Carried Over to Monday Night and Fine Success Throughout.

Because of the large attendance at the Orangemen's fair last week it was decided to carry it over until Monday night which was done accordingly making a successful run of six nights. The attendance throughout was large and the enthusiasm strong. Such articles as remained at the end of the five-night run were disposed of by auction Monday evening.

The several committees in charge of the work applied themselves with great fidelity to the duties devolving upon them and labored zealously for the welfare of the undertaking throughout. In this work they were ably assisted by the Daughters of Liberty who, as usual came to their aid with very great energy and are entitled to a great deal of credit for the fine success that was achieved.

A prize of a lady's gold watch was offered by the committee to the canvasser bringing in the largest amount of cash, which trophy was won by Mrs. Louis Johnson of the North end. Miss Margaret Atkinson of the Daughters of Liberty following very closely in her wake and giving her a hard run for the most prized timepiece. In view of this fact the committee presented Miss Atkinson with a lady's gold watch of equal value with that presented to Mrs. Johnson.

The distribution of awards was made as follows: Barrel Flour, Sarah Lennon; 50c cash, William J. Gabbay; 41c cash, William Fuller, oil heater, William Ritchie, Three Rivers, Mass., pair shoes H. G. Wolway, Holyoke; carrying set, Ethel Marley; 31c cash, Dr. Tillotson; silk umbrella, William J. Clifford; parlor lamp, L. O. L. No. 29, Philadelphia; 45c cash, Robert Blair, Whiteville, Mass.; top coal, Erelia Robinson; pants pattern, Adam Schiefel; gentleman's gold watch, Mollie Willer; Boston; 65c cash, A. Sadow; china tea set, Carrie McCormick; silver sugar shell spoon, Lizzie Clifford; gentleman's gold watch, Maggie Treisman; dress suit, William Tullington; coat sweater, Harry Johnson; pair blankets, Edward McCabe; pair pillow, Thomas Freeman; pair shoes, Maria Topoff; 100 lbs. sugar, Thomas Tetterford; cabinet and doll; Annie Mercer; parlor clock, B. J. Short, Boston; center piece, William Johnston; Morris chair, Willie Dixon; chest tea, Lizzie Powers; buffalo robe, G. H. Allen; barrel of flour, Lillian Mullen.

THEODORE ROOSEVELT.

By the president, ALVY A. ADEB, Acting Secretary of State. CURED RHEUMATISM. Nearly everybody is susceptible to a twinge of rheumatism, sciatica, toothache, headache or neuralgia, and it's never safe to be without a good remedy for an emergency of this kind.

No matter what kind of pain you have the beneficial effect of Sloan's Liniment is immediate. You lay it on lightly—no rubbing whatever and a pleasant warmth is felt at once. The Liniment penetrates right to the bone and quickly stops the pain. Mr. Charles E. Boddum of Ansony, N. Y., Box 138, writes: "For many years I was a great sufferer from rheumatism. My hips would swell to enormous proportions and my knee joints would pain me in the most excruciating, awful manner imaginable. I used often to have to fall from the bed into a chair and thence to the floor, when I wanted to get from my bed. I used only one or eight bottles of your celebrated Liniment and was cured. I cheerfully recommender it to all rheumatic sufferers. Refer to me if you so desire. All letters answered."

THANKSGIVING DAY

PRESIDENT IN A PROCLAMATION OF UNUSUAL LENGTH DESIGNATES NOVEMBER 26th

Nation's Gaze for Gratitudes—A Little History and a Little Philosophy—Where Else is the Average of Individual Comfort and Material Well-Being So High.

In a Thanksgiving proclamation of unusual length, President Roosevelt named Thursday, November 26, as Thanksgiving Day. The proclamation follows: "Once again the season is at hand when, according to the ancient custom of our people, it becomes the duty of the president to appoint a day of prayer and of thanksgiving to God. Year by year this nation grows in strength and worldly power. During the century and a quarter that has elapsed since our entry into the circle of independent peoples, we have grown and prospered in material things to a degree never known before and not now known in any other country. The 13 colonies which struggled along the seacoast of the Atlantic and were hounded in but a few miles west of tide-water by the Indian-hunted wild-rires, have been transformed into the mightiest republic which the world has ever seen. Its domains stretch across the continent from one to the other of the two greatest oceans, and it exercises dominion on alike in the Arctic and Tropic realms. The growth in wealth and population has surpassed even the growth in territory. Nowhere else in the world is the average of individual comfort and material well-being as high as in our fortunate land.

For the very reason that in material well-being we have thus abounded, we owe it to the Almighty to show equal progress in moral and spiritual things. With a nation, as with individuals who make up a nation, material well-being is an indispensable foundation. But the foundation avails nothing by itself. The life is wasted and worse than wasted which is spent in piling heap upon heap, those things which minister merely to the pleasure of the body and to the power which rests only upon wealth. Upon material well-being as a foundation must be raised the structure of the lofty life of the spirit. If this nation is to properly fulfill the great mission and to accomplish all that we so ardently hope and desire, The things of the body are good; the things of the intellect better, but best of all are the things of the soul, for in the nation as in the individual, in the long run it is character that counts. Let us, therefore, as a people set our faces resolutely against evil and with broad charity, with kindness and good will toward all men, but with unflinching determination to smite down wrong, strive with all the strength that is given us for righteousness in public and in private life.

Now, therefore, I, Theodore Roosevelt, president of the United States, do set apart Thursday, the 26th day of November next, as a day of general thanksgiving, prayer, and on that day I recommend that the people shall cease from their daily work and in their homes or in their churches, meet devoutly to thank the Almighty for the many and great blessings they have received in the past and to pray that their lives as they deserve a continuation of these blessings in the future.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the city of Washington, this 31st day of October, in the year of our Lord one thousand, nine hundred and thirty-third.

THEODORE ROOSEVELT. By the president, ALVY A. ADEB, Acting Secretary of State. CURED RHEUMATISM. Nearly everybody is susceptible to a twinge of rheumatism, sciatica, toothache, headache or neuralgia, and it's never safe to be without a good remedy for an emergency of this kind.

ON HONORARY LIST

At the meeting of How & Ladder Company No. 4 held last Saturday evening William Sandin was placed on the honorary list at his own request. Mr. Sandin has been a hydrant man in the company for the past ten years. The company voted to have a drill Thanksgiving morning and keep "open house."

CHARGE IN TEACHERS

A class of thirty-seven Normal school students from New Britain arrived in town last Monday to begin their course in training at the ninth district school. The class which has been here for the past six months finished their course last Friday and have returned to the Normal school in New Britain. There were no sessions of school in the ninth district Monday owing to the change of teachers. Miss Martha M. Dube of the district is one of the teachers in the incoming class of undergraduates.

No More Hard Times

The Hub Heater
The newest and most scientific Parlor Stove.

It's first appeal is to the eye. It is the most beautiful Heating Stove ever made. It is artistic, distinguished, striking. It has the kind of beauty that is always in style and will last long enough to become a family heirloom.

Magic Hub Range

It is a high grade range at a low price. It has the style and improvements of ranges that usually sell for more money. A slight difference in size is the excuse for a large difference in price, which the consumer gets the benefit of.

Linoleums and Art Squares

We have just received a fresh shipment of Linoleum and to lower the stock a little, we will cover your floor with 75c grade for 59c a yard for a short time. PLEASE NOTE THE PRICE.

La France SHOE for WOMEN \$3.00 to \$4.00 GOOD TO LOOK UPON - A COMFORT TO WEAR

The women of America are year by year becoming more and more attached to La France shoes - a shoe made in strict accordance with the latest Parisian styles adapted to the uses and high standards of the American women.

Women are attracted by the shoe first because of its refined and beautiful appearance. Then they feel - close much to their surprise - that no other shoe they ever wore was so remarkably comfortable or held its shape so well.

Patrons of discriminating tastes will find a delight in wearing our millinery. The styles are strictly correct and in accord with the authoritative dictates of fashion.

We are not milliners to the crowd, but we are milliners to an ever increasing time of satisfied patrons.

Orders for ladies made to order millinery respectfully solicited. We construct headwear for ladies and misses that please.

We make a specialty of Mourning Millinery. You will find this of great advantage to you in an emergency.

ON PINE STREET GREAT IMPROVEMENTS IN PROGRESS THERE AND ACTIVE HUSTLING PREPARATORY TO WINTER

Modern Sanitary Ideas in Horse Barn Construction and Equipment Being Wrought by Cheney Brothers - Health as Well as Comfort of Horses Carefully Thought Out and Provided - Wonderful Transformation

The work of concreting the floors in the new horse barn, new garage, new feed storage house and other new buildings now in course of construction by Cheney Brothers on Pine street, is being pushed along with all possible dispatch in order to have it completed before the coming of severe winter weather.

In the new and modern barn which Cheney Brothers have in course of construction at the present time on Pine street north of the new mills, an iron ceiling is to be placed, leaving an air space between that and the concrete roof.

The purpose of the iron ceiling is to prevent the moisture and the dripping caused from snow where the concrete roof is exposed to the inner part of the stable.

An important point in the matter of having the hay and feed storage apart from the barn where the horses are kept by Cheney Brothers, is that the sanitary condition of the hay and other feed under these conditions is greatly enhanced.

The modern idea of keeping the hay and other feed apart from the building where horses are kept is certainly a great advance along lines of sanitation for the horses and is to be heartily commended.

Members of German Lutheran Concordia Church at New York.

Rev. Gustave Gillie, pastor of the German Lutheran Concordia church on Winter street has been asked to resign and the members of the church have applied to Rev. Mr. Oswald, head of the German Lutheran Concordia Synod in New York to give them a new pastor.

Garney-Morrey Miss Winnie Carney of Cooper Hill street in this city, and Frank Morrey of Providence, R. I., are to be married at the St. James church Tuesday morning, November 24th.

Garney-Morrey Peter Baldwin and Miss Frances Brooker, both of this place, are to be married in the St. James church next week.

The transformation that has been wrought on Pine street at the head of Forest by the construction of the new mills and other buildings apartments there is certainly a great one.

RED TAG DAY LADIES OF CHARITY DO EXCELLENT WORK FOR BENEFIT OF ST. FRANCIS HOSPITAL

Goody Body of Merry Maidens Enlist for Work and Sell Tags for Good Cause - First Attempt in Hartford Very Successful - Large Sums Collected - Red Tags Everywhere

Last Saturday was observed as "Red Tag Day" in Hartford, the Ladies of Charity being the master of the day and the undertaking being conducted for the benefit of the St. Francis Hospital.

Miss Hannah Bailey, president of the society, was the representative of the work. Miss Bailey is a sister of Dr. George C. Bailey. She had some two hundred young women and girls acting as lieutenants to make the necessary collections.

The contest will be held in the spacious college hall.

Business college and the sessions of the convention will be held in the spacious college hall.

PASTOR ASKED TO RESIGN Members of German Lutheran Concordia Church at New York.

Rev. Gustave Gillie, pastor of the German Lutheran Concordia church on Winter street has been asked to resign and the members of the church have applied to Rev. Mr. Oswald, head of the German Lutheran Concordia Synod in New York to give them a new pastor.

LEFT ON HER DOORSTEP FOR THIS MOTION Mrs. A. G. Tison, of Livermore, Ont., writes: "I picked up my door-step one day a little book in which I soon became very much interested."

"Just the thing," said I, "for my little daughter," and I immediately went for a bottle of Vinol. It helped her wonderfully. She has gained rapidly in both strength, and she does not look like a sick child any more.

The Rapelye Drug Co. So. Manchester Hidden Dangers Nature Gives Timely Warnings That No South Manchester Citizen Can Afford to Ignore.

Considerably more than 100,000 pairs of boots, slippers and other articles of footwear are produced in the state every year, and \$60,000,000 capital is invested in the business and employment given to an army of 68,000 workers.

As might naturally be expected, there are several large cities in the state whose chief business is the production of boots and shoes.

MAKING SHOES SOLE INTERESTING INFORMATION ALONG THIS LINE THAT SHOULD ENLIST ATTENTION OF READERS

Massachusetts Leads World in This Great Industry - Her Products Reach to Ends of Civilization - Description of One of Greatest Shoe Factories on Earth Whose Products Are Sold Here.

In the history of modern manufacturing enterprises, there is nothing more remarkable than the development of the boot and shoe making industry. Through the perfection of machinery that is almost human in its action, a pair of shoes can now be turned out in the average American factory literally "while you wait" and the product is structure, finish and that indefinable thing we call "style," is scarcely less interesting and artistic a piece of property than a watch.

Considerably more than 100,000,000 pairs of boots, slippers and other articles of footwear are produced in the state every year, and \$60,000,000 capital is invested in the business and employment given to an army of 68,000 workers.

As might naturally be expected, there are several large cities in the state whose chief business is the production of boots and shoes.

At the meeting of the Village Improvement Society of Manchester Green, held in the office of the Glastenbury Knitting Company Friday evening the following officers were chosen: President, John S. Risley; vice president, Lewis Fish; recording secretary, Wm. E. Buckley; financial secretary, Harold Alvord; treasurer, Miss Anna L. Mesch.

ARM AMPUTATED Louis Robinson Loses Part of His Arm in Mysterious Manner

Louis Robinson, employed by Louis Glazre, the North end wood dealer, lost part of his right arm by having it run over by a trolley car on the 'cross town' line at 5.15 o'clock last Friday afternoon.

Robinson, frightened to some reports, was thrown from the seat to the ground and before he could get out of the rear tracks of the car had passed over his arm, amputating it below the elbow.

Robinson is about 34 years of age and unmarried. He has made his home with Louis Glazre and was the foreman of the wood yard.

Just how the accident occurred is a mystery, as the motorman and conductor on the car which ran over him know nothing about it and Robinson himself can recall nothing that will throw any light on the subject.

The motorman on the car which passed over him knew nothing of the accident until he was informed of it when his car arrived at the Center about five minutes after running over the man.

Chastat Waltz was the conductor in charge of the car and Clarence E. Wripley was the motorman.

PARSONS THEATER Mrs. WIGGS OF THE CABRAGE PATCH "Mrs. Wiggs of the Cabbage Patch" returns to Parsons' theater this week for an engagement of two days, Friday and Saturday, with a special bargain matinee on Saturday, at which 1,000 seats will be sold at 50 cents each.

Take Notice

In May of the present year ORFORD PARK was ordinary farm land.

To-day there is one mile of streets with an avenue of poplar trees through same. There are two houses built and three double tenements in course of construction.

There are between forty and fifty satisfied lot owners.

Are you one of them? If not why not? They can be bought on easy terms.

We Cut the Earth to Suit Your Taste.

IMPORTANT ANNOUNCEMENT

On and after Monday morning, Nov. 23, 1908 we will give

S. & H. GREEN TRADING STAMPS

HOW YOU GET THEM

By paying cash—Every ten-cent cash purchase entitles you to one stamp. No stamps will be given except for cash.

WHAT WE GIVE THEM WITH

We will give stamps for cash with any article of Furniture in our store (except Globe-Wernicke Elastic Bookcases) with carpets and Rugs, Draperies and Window Shades, Trunks and Bags, Sewing Machines, with all Kitchen-ware, and Crawford and Glenwood Cooking Ranges.

WHY WE GIVE THEM

Our decision to employ trading stamps in our business was not reached until after a good many weeks of careful deliberation.

WHY WE GIVE THEM

Not until on thorough investigation and inquiry we were satisfied that the majority of people would appreciate this concession on our part—for we regard it as a concession in as much as our prices are to remain the same and you are simply getting so much extra.

WHY WE GIVE THEM

Our advantage will appear we hope in an increased volume of cash sales.

WHY WE GIVE THEM

Persons who do not wish trading stamps will be allowed our regular cash discount, but under no condition shall we give the cash discount in addition to stamps or vice versa, or part stamps and part discount.

SALVATION ARMY

DEDICATION OF NEW CITADEL TO TAKE PLACE HERE NEXT TUESDAY EVENING BEGINNING AT EIGHT

Commander Miss Eva Booth of New York will have charge of Dedictory Exercises Assisted by Other Distinguished Salvation Army Officers—Drawing Effort of Adjutant Blackham's Career.

Tuesday, November 24, has been chosen as the date for the dedication of the Salvation Army Citadel on Main street. The building will be dedicated by Commander Miss Eva Booth and staff of New York, beginning at 8 o'clock. This is Miss Booth's second visit to South Manchester, her former visit nearly two years ago was in the Congregational church. Miss Booth is the daughter of General William Booth, founder and leader of the Salvation Army and is a forceful speaker. She has had varied commands in European countries and commanded Canada before coming to the United States.

The commander will be accompanied by Colonel Alex Damon, field secretary of the United States, Major Page, but private secretary, Colonel Adam Gifford of Boston, provincial officer for the New England Province. Colonel Gifford is no stranger to Connecticut as his early officership was spent in this state. He had charge of the work in Rockville. While in charge of Rockville he had some trying experiences. At one time he was surrounded by a mob with a rope and threatened if he did not leave town they would hang him. However, the leading officers in the country, Brigadier Connet, Colonel Gifford's secretary, is an old time officer of this corps having had command of this corps some fifteen years ago.

There will also be many visiting officers here for the dedication, among whom are Brigadier Joseph Ashburn, former soldier of this corps, Staff Captains Taylor, Stitt Hillman, and Melne; Adjutants Athison, Antrim, Hanson, Guard, Hughes and Tuttle; Captains Parry, Baxley, Pries and McCann; Major Davis of Boston, and Major Simons and Ensign Selzer of Hartford will be here.

The local corps is to be congratulated on having erected so fine a building and a great deal of credit falls on the worthy shoulders of adjutant and Mrs. Stitt, a man who has worked both late and early to make the work here a success. They have had the charge of the local corps here for the past two years and have made many friends. Their oldest daughter is a graduate of the local High School and is now in training in the Salvation Army Training College in New York to become an officer. She will also be here for the dedication.

LATER SPECIAL! A dispatch received by Adjutant Blackman brings the information that Commander Miss Eva Booth has been taken suddenly ill in New York City and will not be present at the dedication of the Salvation Army Citadel in this place, as noted above. Col. Peart of New York will substitute for Commander Booth, and conduct the dedicatory exercises outlined above.

FOR TUBERCULOSIS

Illustrated Lecture By Dr. B. H. Waters of New York To Be Given Next Week

Dr. Bertram H. Waters of New York will deliver an illustrated lecture on "Tuberculosis, the Crusade for the Prevention and Cure," at the High School Assembly Hall Thursday evening, December 3rd. A powerful stereopticon will be employed to illustrate the points which Dr. Waters seeks to illustrate. It is the purpose of Dr. Waters to give a general review of the whole subject and to endeavor to present it in such a manner that it may be intelligible, easily understood and explanatory to his hearers.

Dr. Waters is an acknowledged authority on this subject as he is in charge of the health department in the New York City Dispensary, lecturer to the State Department of Health, and an instructor at the post graduate school in pathology in New York.

Dr. Waters comes at the behest of the Tuberculosis Free Fund Association of Chicago Brothers whose purpose it is to instruct the people here as much as possible in the dangers of tuberculosis and the means of preventing and curing same. It is a part of the program of the Tuberculosis Free Fund Association to send lecturers to each town in order to enlighten the occasion and to make it more attractive for all who attend, the famous Tempo Quartet of Hartford has been engaged and will give at intervals during the evening.

The price of admission has been placed at fifteen cents so as to bring it easily within the reach of everybody. Dr. Waters' lecture alone on this subject is easily worth one dollar each person, and with the addition of the Tempo Quartet, the entertainment should be very popular and attract a gathering limited only by the capacity of the High School Assembly Hall.

K. OF C. BALL

Took Place in Cheney Hall Last Evening—Enjoyable Event.

The eighth annual ball given by Campbell Council, Knights of Columbus, took place at Cheney Hall last evening, and for those who attended proved to be a very enjoyable affair. The music furnished by the Beeman & Hatch Orchestra was, as usual, a rare treat and was heartily appreciated. Professor C. Grandmoro was led by Robert J. Gorman and Miss Catherine M. Coleman. A number of young ladies were charming in ballroom costumes and some of the gentlemen appeared in evening dress and tuxedos. The attendance was not as large as the event warranted. The committee labored faithfully in the exercise of their duties and did every thing possible for the well-being and comfort of their guests. Hartford and Rockville friends were among the merry dancers. Special trolley accommodations were provided for patrons at the close of the ball.
