CHANGES PLANS WITH REFERENCE TO MATERIALS OF NEW STORES

Stores on His Main Street Property But Abandons Idea of Wood-Building Will Be-One Story High and Will Have Or-

Stakes were driven Wednesday afternoon for the new store block which
Representative Aar n Johnson is to
have constructed on his Main street
property near Brainard place. Mr.
Johnson has just decided to have the
building made of brick instead of wood
as originally contemplated and as
mentioned in these columns last week.
The building will be 69 feet front,
60 feet deep and one story high and
will contain four stores having a
frontage of 15 feet each. The foundat on will be of concrete 24 inches wide
at the base which will consist of large
stone grouted in cem-nt, and the upper stone grouted in cement, and the upper part of the foundation will be made of concrete molds of a thickness of 18 inches. The structure will be of the best construction and will be erected by day work rather than by contract.

S. Emil Johnson drew the plans and will have charge of the woodwork, and Patrick Gorman will do the mason work. Representative Johnson intendate have the building ornate in appearance the front being practically of plate

windows on the side. 's well as in front. The roof will be flat and it has not yet been determined whether it will The stores will have basements with absolutely water tight and the end stores can use their basements for store purposes if need be as there will be pleaty of light as well as absolute freedom from flowage of, water. The east end of the basements will practically on the level with the lay of the land as Mr. Johnson does not in end to dig down above 21 feet. It is his purpose to raise the front of the store in a line with the crest of the his purpose to raise the front of macadam road on Main street. There is a rise of 24 feet between the level of the sidewalk and the come of the macedam on Main street at this point. An effort was made to have Road Superintendent Ulrich lay out the lines for this building in order that the owner might not be put to any inconvenience subsequently because of any change in the street or curbing lines. Mr. Johnson was unable to secure the necessary permission from the board of selectmen and therefore had to employ Engineer George A Johnson at his own expen e to lay out the necessary lines. The engineer established a straight line from the Dr. Tinker property at the corner of Main and Birch streets to

East Center street, corner of Main. Mr. Johrson will conform to this line so It is his purpose to lay substantial gutter and necessary curbing. Mr. Johnson is to put up a building that will in every way be a substantial addition to the business intere ts of the town of Manchester and one that will have a foundation strong enough to permit the addition of another story

ON LOCAL TROLLEY LINES WILL BEGIN Wallsce Skewes, a boy who will not be 16 years until next November, was tried in chambers at the police court

Results Time Between Here and Hartford
Reduced to 45 Hinutes—Wax One Hear
Heretofore—Similar Saving in Time on
Reckville End—Trip From Rockville to
Hartford in One Hear and a Quarter.

It is a p'easure to us to be able to
inform our readers today that beginning next Wednesday. May 12, a new
rapid transit schedule will go
into effect on the I cal trolley
line between this place and
Hartford whereby the running time
will be reduced to 45 minutes. In like
manner the running time between
Rockville and Hartford will be reduced
to one hour and a quarter. Heretofore
the running time between this place
and Hartford has been on- hour, and
between Rockville and Hartford one
hour and a half. The placing of the
new turnoots at Love Lane and a
Woodland make this saving of time
po sible. Work is being pushed now
on the Love Late job.

Close connections will be made by the
constituent in the highway where the assault was
committed. He then returned to his
work in Cheney Brothers carpenter shop
but was an hour late. The little girl
rep ried the case to her mother and tried in chambers at the police 'court
this morning upon a charge of assault
with attempt to rape. Minmie And r.
Son, ten years old, daughter of John
and Mr. Anderson of Porter street at
Highland Park was the vic im of
Skewes wanton act. Attorney W. S.
Hyde represented the accused and upon
advice of the att rmby he pleaded to
guilty to the charge. Judge Herbert
O. Bowers found probable cause and
bound Skewes over to the crimical
term of the superior court under bonds
of \$1,000 which were furnished by his
unche, a Mr Brooks of Glastonbury.

The assault was committed yesterday to
the Highland Park sio e. She saw
Skewes on a bicyc e when she was
going to the store and on her return
over the lonely part of the rad he
seiz d her and dragged ter into the
bushes some one hundred yards from
the highway where the assault was
c mmi-ted. He the n returned to his
work in Cheney Brothers carpenter shop
but was an hour late. The little girl

Close connections will be made by the but was an hour late. The little girl osstown line with the Rockville 1 n - rep rted the cas to her mother and Chi f of Police Sheridan was advised of the occurrence and given a description of the culprit. Chief Sheridan watched new arrangement will effect a saving in cost of op ration and expense to the Connecticut Company of one car and two c ews, while at the same time given by the Anderson girl. The chief giving the public better service. The ster making ome investigations, learn leaving time of the trolleys both fr m here and from Hartford will be changed, and patrons of the line will do well to keep in mind the info mation given arrested him in he after oon and below. Cut it out of The News and placed him in the lockup where he recarry it with you until you get the mained over night. Skewes admitted matter securely fixed in memory. This to Chief Sheridan yesterday afternoon arrangement may save you much annoy

ance.
