afternoon, the pupils of the Ninth District School from the first to the sixth grades inclusive gave an exhibition of their work, thus giving the members of the Club and visi ing teachers a good idea of the methods used in teaching in the Ninth District School. Nothing new or especially prepared for the occasion was chosen but the everyday practical work of the school. As too much time would have be necessary as a whole, small groups were chosen from each class. Among these, pupils whose voices were loud enough to be eastly heard. The first exercise was a singing lesson of the first grade.

Town Government the Board of Assessors are ordered to make a re valuation of the town property once in five years; the first of which will take place during the preparty once in five years; the first of which will take place during the present year.

It is quite likely when this re-valuation goes into effect that the tax payers generally will find their properties put in for considerably increased sums over present ratings. This will have a tendency to increase he revenue received by the town without raising the rate of taxation. It may in fact be possible to reduce the present rate of ten mills: but that remains to be seen. In most instances the property holdings in town were assessed at the same rate as last they are and it is thought that some of the school recorde. last thought that some of the school records
