RESOLUTIONS At a special meeting of Division No. 1, A. O. U. held at 5th Manchester, Conn., Monday evening, February 28, 1910, the following resolutions were unanimously adopted: Whereas, It has pleased Almighty God in his infinite wisdom to remove from the care of this world our late beloved brother John P. Griffin...

Whereas, By his death his wife and children have lost a kind and loving husband and father and a loving and loyal and faithful member. Therefore, be it Resolved, That we sincerely mourn the loss of our late brother whose death and strict adherence to the principles of our noble order have endeared him to his fellow members. Resolved, That we extend to the bereaved widow and orphan our sincere sympathy in this their hour of affliction and be it further Resolved, That through respect to our deceased brother our charter be draped in mourning for a period of thirty days, that a copy of these resolutions be sent to the bereaved family and that these resolutions be entered on the records of this Division and published in the South Manchester News. John F. Miner, Daniel F. Rean, Thomas J. Quish, Committee on Resolutions. South Manchester, Conn., February 28, 1910.

EDUCATIONAL CLUB. At the meeting of the Educational Club held at the High School Hall Wednesday evening James P. Haney of New York City spoke on industrial training for boys. He urged the advisability of providing means whereby boys could be kept at their studies until they are sixteen. He pointed out the fact that the average boy at twelve has a strong desire to begin earning money, and eagerly looks forward to the time when he can leave school. Mr. Haney contended that an industrial department should be provided where boys could be taught carpentry, cabinet making, brass making, plumbing, steam fitting, machine shop work, textile work, etc., and thus keep their interest until they reached sixteen. By beginning this when the boys are twelve they would thus have a four-year course in industrial training, would be in possession of considerable skill, and would thus be in a better position to become useful, efficient and self-sustaining workers at sixteen than they now are. Mr. Haney told of his travels among the schools of Germany, France and England studying this subject, and pointed out how much better equipped German schools are in this particular than are ours. He made a strong plea for the establishment of an industrial training department for boys in the school on the Ninth Street.

ADOLESCENT SOCIETY. Mrs. Edward Zimmerman, who was recently operated upon for appendicitis at the St. Francis Hospital in Hartford, is reported to be getting on as well as could be expected. It is true that she is still very weak and that the danger is not yet all over, but unless unforeseen complications arise it is believed that she will come out of the dilemma all right.

STILL GROWING. William Rubinow, proprietor of Rubinow's Specialty Shop has leased the three rooms at the rear of his store that were used for tenants and intends to put in a ladies tailoring shop there. He purchased such equipment as The Boston Tailoring Home used in this building and will use them in his new department. Mr. Rubinow is constantly enlarging his stock and serving a steadily growing trade.

Peter Calhoun, one of our milkmen, saw a blooded rat Monday. It was the first of the season in so far as made known to us.

BASKET BALL G. G. CRITERIONS 15

The Critterions of Hartford were defeated by the G team of this place at the Armory last night in a fast and rough game by a score of 42 to 18. The city chase were out for the state championship but G put a spring in that notion last night. The locals were in great form last night and they played the Critterions to a standstill. During the excitement of the game Smythe and Kelley got mixed up in a scuffle and the crowd surged onto the floor exclaiming 'Has Anybody Here Seen Kelley?' The excitement was over in a minute however and the game went on. The summary: G Critterions: Scorer, G. G. Critterions 15 goals from floor, Ferris 8, Moran 5, Scoble 3, Martin 3, Smythe 1, Carey 4, H. Lombie 3, Rolan 2, from fouls, Scoble 2, Rolan 2, referee, Quish, time, Clark and Grosvenor, time, two 15 minute halves.

PURSE DELETED. The police of the Pierce team was scuffled in the first game when they were defeated by the Manchester team 11 to 5. The Pierce did not take the Manchester's seriously before the game. They have different opinion of their worth now. The state Pierce: Manchester: Quish, Manchester; Finckler, Manchester; W. Rogers, Dunn, Manchester; T. Rogers, B. W. Wilkie, Manchester; T. Rogers, Oson, Manchester; Alford, Scour, Manchester; Pierce 5; goals from floor, Quish, Wilkie, Faulkner 2, W. Rogers 2, from fouls, Quish 1, Faulkner 1, referee, Ferris, time, Clark two 15 minute halves.

ALHAMBRA 34-4-23. The Town Hall in West Hartford was the scene of a very fast and rough game of basket ball last Tuesday evening when the G team of this place played the Alhambra quintet of Hartford in the fourth in the series of five games arranged between the two teams. There was a large crowd present, many going from this place to cheer on the G boys. The game started with a rush and during the first period the score was tied three times. The half finally closing with the Alhambra leading 12 to 10. In the second period the Alhambra steadily increased their lead and the game closed 34 to 28 in their favor. The game was the roughest ever played in the hall, teams were being thrown to the winds. Martin, Curry and Abern were forced to quit owing to injuries. Curry received the worst injury when his eye came in contact with Scoble's head. The injury required the services of a surgeon and six stitches were necessary to close the wound. He will be out of the game for the rest of the season. Both teams now have two games to their credit. It is possible that the deciding contest will be played on the local floor. The summary: G. G. Alhambra: Moran 8, Ferris 11, Johnson 4, Clegg 2, Nelson 3, Scoble 1, r. g. McConehale 2, Scoble 2, Martin 1, Cross 2, Lawson 2, Nelson 2, Abern 3, McConehale 2, Ferris 2; goals from fouls, Oson 1, Scoble 2, Nelson 1, Abern 3; referee, Clark; umpire, McCarthy; score, 34 to 28; timekeeper, Tassilo; two 20 minute halves.

INDEX FINGER CUT OFF. Adelle Morgan, daughter of Henry and Mrs. Morgan of Bigelow street had the index finger of her left hand cut off at the Hartford hospital last Sunday in order to arrest the progress of blood poisoning. Miss Morgan is a student for the position of trained nurse, at the St. Luke's hospital, New York, and while on a visit here with her parents was called in to assist during the illness of Mrs. Robert Smith of Maple street, who recently died of purpura septicemia. Through an inadvertence the poison entered Miss Morgan's finger and prompt and heroic measures were necessary to save the young woman's life. It is believed that the early and scientific treatment given will prevent further spread, and that in due course of time Miss Morgan will be out of the danger zone.

GRAND OPENING NEXT MONDAY NIGHT OF LARGE NEW STORES OF MESSRS. HOUSE AND HALE. Columbus to furnish Music, Souvenirs to Be Given. We Go to Be Sold Every Effort To Be Made To Please and Inform Public Relative To Big Merchandising Event. Next Monday evening at 7 o'clock the splendid new stores of Messrs. House and Hale an orchestra will play the music. Souvenirs will be given and every effort will be made to make matters as pleasant and agreeable as possible for callers. It is the will and pleasure of the proprietors of these spacious stores that the public generally avail themselves of the privilege extended of making a careful and thorough inspection of the equipment which will be presented. Editors, Journalists, correspondents, fire, electricians and skilled artisans have been employed for some months past in the effort to prepare these large stores for this grand opening next Monday night. It can readily be understood that this is a very busy week to put the big stores in order and that they require the time intervening between tonight and Monday night to perform this important task. On page 2 of this issue, House & Hale has a full page advertisement in which will be found some details regarding their opening and some of the lines of goods they are to carry. On page 1 of this issue C. E. House & Son have their announcement concerning their big opening and plans for the future as they will permit. The public at large, who are deeply interested in this mammoth merchandising enterprise, have been watching it with eager eyes for some weeks past and are all expecting for the big opening which is to take place next Monday night as noted above. That there will be a big rush to make the tour of inspection need not be doubted. It may be equally taken for granted that the spectacle to be presented for their information and delight will be in every particular well worthy of any attention that may be bestowed on it. The opening of these two large stores on Main street marks a merchandising event of superior rank in the history of this town. It places Messrs. House & Hale in a position better than ever before to meet the requirements of the public in the several lines which they carry. They have been to great expense in the matter of providing large stores, modern and up-to-date equipments, large stocks, new departments, new methods and means of doing business. The stores up to the standard usually found only in large cities and by the most progressive merchant. It is an accomplishment of which they may well be proud. It is believed that their efforts will be appreciated that they will find justification in their enterprise in larger sales and better patronage than they have ever enjoyed and thus it is believed that they will be abundantly rewarded for their energy, progressive and pluck in launching out so largely as they have in a community the size of ours. It is earnestly to be hoped that they will have no reason to regret their very ambitious undertaking and that the results will amply justify the course which they have based out for themselves as pioneers in local merchandising on such an ample scale. BASKET BALL LAST NIGHT. At the Armory last night the G team had difficulty in defeating the Pierce team by a score of 42 to 18. The score was 11 to 5. Although the visitors presented a strong lineup they were no match for the G boys who were in fine trim. The score: Middletown: Smythe 11, Johnson 4, Pierce 2, Scoble 1, Ferris 11, McConehale 2, Kelley 2, Carroll 2, Finckler 2, Quish 2, Lawson 2, Scour 2, G. G. Critterions 5; goals from floor, Scoble 2, Martin 3, Carroll 2, Kelley 1, Ferris 1, Fitzgerald 2, Kelley 1, from fouls, Scoble 1, McConehale 2; referee, McCarthy; time, two 20 minute halves. In the preliminary game the Manchester defeated the Pierce team by the score of 42 to 18. The score: Manchester: Pierce: Quish 11, Faulkner 11, W. Rogers 11, Johnson 4, Scoble 2, Martin 3, Scour 2, Lawson 2, Scour 2, G. G. Critterions 5; goals from floor, Scoble 2, Martin 3, Carroll 2, Kelley 1, Ferris 1, Fitzgerald 2, Kelley 1, from fouls, Scoble 1, McConehale 2; referee, McCarthy; time, two 20 minute halves. Goals from floor, Martin 1, Quish 1, Wilkie 1, Olson 1, Finckler 1, Ross 4, W. W. Johnson 1, Dunn 1, from fouls, Quish 4, Martin 1; referee, Earl Ballalayer; time, two 15-minute halves.

MINUS STREET LIGHTS

The people of the North and found much fault because of lack of electric street lights last week. This was due in part to the breaking out of armatures on the machines which provide street lights for the North end. As the frost was coming out of the ground it was evident that the armatures were not made traveling through the side streets very much as they are because of lack of street lights and the found much fault accordingly.

Early Sunday morning on the 7th of March and is quite early for the development of the Spring millinery in this part of the U. S. A. It is suitable weather conditions prevail however, no doubt Easter morn will witness the customary Easter display of the latest novelties in ladies' headgear.

For Pain in Chest

For sore throat, sharp pain in lungs, tightness across the chest, hoarseness or cough, have the parts with Sloan's Liniment. You don't need to rub, just lay it on lightly. It penetrates instantly to the seat of the trouble, relieves congestion and stops the pain.

Here's the Proof. Mr. W. Price, Fredonia, Kas., says: "We have used Sloan's Liniment for a year, and find it an excellent thing for sore throats, colds, and hay fever attacks. A few drops taken on sugar stops coughing and sneezing instantly."

Sloan's Liniment

It is easier to use than porous plasters, acts quicker and does not clog up the pores of the skin. It is an excellent remedy for asthma, bronchitis, and all inflammatory diseases of the throat and chest; it will break up the daily membrane in an attack of croup, and will kill the germ of the diphtheria germ.

NIGHT LETTERS BY TELEGRAPH

The Western Union Telegraph Company both introduced their system last Monday by sending night letters by telegraph. The Western Union is being getting considerable free advertising out of this innovation, and has intended to put the feature into execution about the middle of March. Meanwhile the Postal Telegraph wasn't in favor of the idea, and the different individual firms of many different men. And then the pattern of the surprise store came in with a suit that he had bought some days ago and said: "I want my money back. I don't like this suit and my folks don't like it." He was given his money immediately without question and without comment. He said, "Thank you, and walked out of the store. Very soon he came back and said, "I'd like to see that suit in the window." It was shown to him and to make a long story short he bought it. "Will that come back tomorrow?" I asked. "No, I don't think so," said the manager. "But if it does he can have anything he wants." And he pointed to a sign hanging in the store which read: "Our Famous Double Guarantee binds every sale: If any purchase for any reason fails to please, the money is instantly refunded without question or the goods cheerfully exchanged. All clothing kept in repair and pressed free of charge." The showing of spring clothes at the Surprise Store is worth seeing. As I left the Surprise Store I picked up a book from the counter that had a "take one." It was a very complete 24 page book showing the correct new styles for 1910. Anyone who calls or writes for it can get one of these interesting books with the compliments of the store.

WOMEN'S TAILOR MADE SUITS

Irrespective of the money saving prices, the assurance of correct style, most desirable fabrics and artistic tailoring to what appeals to the woman of good taste, discrimination and discernment who stands the first special sale of the season at Wise, Smith & Co's suit department this week, even the least expensive of the tailored suits shown reveal the truly artistic in tailoring and trimming. At \$14.95 suits are offered that are well worth \$18.00. \$20.00 suits that sell regularly at \$22.00 and \$24.95 suits that would be good value at \$29.00. Wise, Smith & Co. in urging you to buy your new spring suit at their store make it an object for you to do so. The only condition of this policy that leaves no doubt is that you must leave the store with your suit.

OUR NEW MINISTER

Mrs. Tatley, like name, like nature, is the way the program describes one of the most amusing of the types of Denman Thompson's and George W. Hickey's farcical comedy town comedy, Our New Minister, which comes to the Parsons Theater, Tuesday and Wednesday with two matinees. After one sees this backing, gossipy old hypocrite, it is a pity for a spring and summer engagement, consequently great care has been exercised in the selection of the cast and scenic accessories.

ST. JAMES CHURCH NOTES

There will be vapors and benediction of the Most Blessed Sacrament at the Church of St. James church next Sunday evening at 7:30 o'clock. Rev. P. H. McClean of Milford will preach at the St. James church next Wednesday evening, March 16th. A ritual has been prepared by the Committee of Fifteen and will be presented for the approval of the members. As this is a very important matter, and is so far as known at this office, it is the first ritual that ever originated in South Manchester. It should be of prime interest to all and should warrant the attendance of every member of the order who can possibly arrange his affairs to be present. After a regular business session, a social and social hour will be enjoyed. Official notice of the meeting will be sent each member.

The above illustration represents the new business block which Representative Aaron Johnson has had constructed on Main Street near Hissell and the interior work that has just been completed. The building has a frontage of 60 feet on Main street, is three stories high, contains four stories, all of which are presently occupied, has four front suites on each of the upper floors, the suites consisting of four and five rooms each respectively. There is a large main hall on each floor and also cross halls. By this arrangement every room opens into a hall and may be entered independently of any other room in the building. Each suite is supplied with bath and lavatory. All the rooms are equipped for both electrical and gas lighting and all are supplied with steam heat throughout. The interior finish is gum wood in the natural color. All the rooms are presently papered and decorated. The building was constructed by day's work under the direction of S. Emil John on and no expense was spared to make it first class in every particular. At this writing there are but two of the suites occupied and as above stated the interior work has only just been finished. This certainly is very encouraging to Mr. Johnson, the owner, and proves to him that there is good demand for such a building as he has constructed. The persons who occupy the suites are highly pleased at the same as are very enterprising in the purchase of the equipment. They feel that the new building is being able to secure such a rental as will add attractive place in which to dwell.

AARON JOHNSON'S NEW BLOCK

The closing act of the evening schools took place at High School Assembly hall Monday evening, and attracted a goodly number of interested parents and others. Superintendent F. A. Verplank called the session to order at eight o'clock. Words of good cheer were spoken by Howell Cheney, by Rev. Dr. George W. Reynolds and by Mr. Verplank. Miss Peabody gave a vocal solo. Miss Sibby a piano solo the high school Mandolin Club gave an exhibition of their skill as did also the High School girls chorus. All were enthusiastically greeted and all responded with applause. The total enrollment was about 400, and the average attendance 56 per cent. 35 students attended all of the 15 sessions and were given prizes of \$4 each. Other prizes given were as follows: Those attending 10 sessions, \$3; 8 sessions \$2 and 6 sessions \$1. Each student enrolled received \$1.

THE SHAMROCK CLUB'S ANNUAL

By BERNARD QUINN (Copyright, 1910, by American Press Association)

There were three generations between the turf cottage in County Galway and the brown stone house in a quiet uptown street. Margaret Flynn, slender and black haired, whose eyes were deep pools of blue fringed with thick black lashes, closed her book and gazed disconsolately into the fire on the hearth. "So delicious of father to turn him to the library," she fretted. The door opened, and Michael Flynn bustled in, big and bluff, with sandy gray hair and freckled hands. "Well, Peggy, how goes it?" he asked, crossing to the fire and dropping a light tatter on her dusky hair. "Same as ever, dad," returned the girl absently. "What's troubling you? Out with it, Peg! I know you too well. Is it the usual grog over the St. Patrick dinner or the special green liver? I order for Timothy?" Margaret flushed hotly. "You may laugh, dad," she said defiantly; "you may think me small and mean to

Then she went from place to place and distributed the tiny pots of glowing shamrock, the miniature blackberry, and the small golden harp, which each man attached to his buttonhole.

SELECTMEN MEET

MONTHLY PUBLIC SESSION HELD MONDAY EVENING BROUGHT OUT ANIMATED DISCUSSION

Dr. W. R. Tucker Chairman, With Town Fathers on Question of Establishing Curb Line Along His Property Corner of Main and Birch Streets—Says He Intends to Build Business Block.

The regular public monthly meeting of the Board of Selectmen took place at the Hall of Records Monday evening. The session was held in the hall, for the use of the town, and was held for the purpose of discussing the matter of establishing a curb line along the property corner of Main and Birch streets. Dr. Tucker, chairman, stated that he intended to build a business block at that point and that he wished to have the town authorities give him the correct lines for his curb line in keeping with the height of the highway.

He did not think it would be proper for him to put up an expensive building as he intended to do on a level with the present sidewalk, which is much below that of the street line. He also set forth that the walk at the Waranoke Inn is considerably below the street level and it would be raised to a point about the middle of the Waranoke building on the curb line. Dr. Tucker explained that this would necessitate a raise at the corner of Main and Birch streets of approximately eighteen or twenty inches.

Dr. Tucker maintained that the erection of such a building as he proposed, together with the four stores it would contain, etc., would increase the grand list from \$20,000 to \$60,000 a year and that the revenue thus obtained would compensate the town for any expense it might go to in the matter of arranging a suitable curb line as indicated and for making the necessary fill that would be required on Birch street in order to admit of easy access to Main St. The doctor held that the grade of Birch street is now too low and should be raised all the way through. Dr. Tucker asserted that if he built the building he intended to put his building on a level with the street line and that he expected the town authorities would place a curb line to correspond with same. He desired to have his building on a level with the Waranoke Inn.

Richard M. Thompson of Highland street complained to the board that the contractors in laying the macadam road at Highland Park last fall had made excavations in the vicinity of his property which had resulted in a sink hole almost impossible from the highway. Mr. Thompson's sidewalk was a considerable distance above the street level and he was unable to get down to the sidewalk. As the contractors had lowered the road three feet, he now had to dig down to the street level and could not do so. Mr. Thompson stated that his sidewalk was being washed away because of the bad condition in which the contractors left the work at that point. He stated that there should be a double gutter placed there and have steps arranged in order to give him safe access to and from his premises.

It was explained to Mr. Thompson by the board that the contractors had not yet finished their work on Highland street, that they were expected back in the spring to make necessary improvements before the work could be finally accepted by the town authorities. Mr. Thompson was assured that after the contractors got through their work the town would see to it that his sidewalk, at-p. etc., were put in a satisfactory condition.

COMPLAINTS OF STREET LIGHTS

Isiah Symington lodged a complaint before the selectmen setting forth the fact that for five nights during the past week there had been no street lights on the north side of East Center street. Mr. Symington claimed that this condition was not at all new, that complaint had been made against the Glassborough Light and Power Company by the board that the present cause of their unsatisfactory service in the matter of furnishing necessary street lights in this town. Mr. Symington declared that if relief was not brought about in this matter soon, steps would be made to have the town take over the street lighting in toto and thus endeavor to get better, more satisfactory and more economical service. He emphasized the fact that the present lighting company was not giving the taxpayers a square deal.

The selectmen in reply stated that they had had this matter under consideration at their afternoon meeting, that they were fully apprised of the facts in the case, that they did not intend to pay the Glassborough Light & Power Company for street lighting service which had not been rendered, that they were fair and just in their demands, and that the board should treat them accordingly.

any manner he would be stopped at the door of Selectmen's office. Dr. Tucker came back with a complaint that he had been stopped at the door of Selectmen's office and that he had been told to go away. He stated that he had been told to go away by the selectmen and that he had been told to go away by the selectmen.

Chairman Cheney said that the board did not intend to maintain a highway full width of Main street which at some points is 120 feet wide. It would be a feasible thing to do this and that there might be two travel ways, one-way made in the highway. Dr. Tucker said that he could not give any definite date as to when this would be done and that the Board of Selectmen could not be pinned down in any such fashion.

Dr. Tucker said he had a right to go before the Board of Selectmen and demand that this be done, declaring that the board were only public servants and that they should carry out the will of the people's wishes. Chairman Cheney summarily ended that part of the hearing by calling for the next person who desired to be heard on some other grievance or equity or petition.

JOHN PROCTOR AGAIN

John Proctor had been patiently waiting to get in his customary complaint and the moment that Chairman Cheney declared the board to be ready for any new business he complained of the water flowing in his property and preventing him from entering same and charged it all to the road superintendent and his assistants. He also complained that they had carted away a number of fence posts from his property and given him no account of them.

Mr. Ulrich was asked to explain the situation and his view of the matter seemed to be about as nearly opposite that of Mr. Proctor as it was possible to be. They were not at all able to reach the same view point or to agree upon any of the questions in the discussion. One said it was so at this time and the other said it was not. The matter with Mr. Ulrich to what was necessary in order to relieve the situation.

Mr. Ulrich said that the fence posts were taken by mistake from Mr. Proctor's premises and brought to the town barn. When the error was discovered they were not even unloaded but were returned to the premises from which they were first taken.

P. E. McVeigh claimed damages against the town of \$20 because of water that flowed into his premises at the corner of Spruce and Oak streets during the recent frost. Mr. McVeigh complained that the vegetables, etc. in his cellar were damaged to that extent and sought to have the town pay for them. Mr. McVeigh was given permission to withdraw his complaint.

Board Superintendent Ulrich laid out lines for a road on Main street from Birch street to Center street to the business section. The selectmen wished to adjust this matter in a manner that would show some regard for property owners north of Birch street. He assured Dr. Tucker that the board would lay out a curb line, not for one block or for a store or for one property owner, but would lay it out in a manner which would serve the best interests of the property owners at large along the line. They could not give one man a curb line without reference to what others needed along the street.

When the frost is out of the ground they intend to have Road Superintendent Ulrich survey the street and drive stakes showing where the proposed lines are to go. When this is done, the board will go over the ground, make a careful and thorough inspection of it and will be pleased to have Dr. Tucker or Mr. O'Brien of the Waranoke Inn or any other property owners go with them and make the inspection and talk the matter over. It is the purpose of the board to do the best they can for all parties concerned in that sidewalk problem on Main street from Birch street north.

Dr. Tucker inquired if he was to be held up all of this time until the board saw fit to arrive at a decision in the matter. He said he might want to erect a building soon, and with considerable warmth declared that he wished it to be understood with all candor that if the town didn't give him the curb line he required he would put his building on the street level and lay out his own curb line. He didn't want to have any wrangle, he wanted a peaceful solution of the problem, but he held that he was fair and just in his demands, and that the board should treat them accordingly.

Chairman Cheney replied that Dr. Tucker would have to take his chances if he was about to build a building from the town. The Board of Selectmen did not propose to do what any one man wanted but would try to do what was for the good of the greatest number. He said that Dr. Tucker, if he failed to do anything in violation of law or to obstruct the highway, would be allowed to do so.

ATTENTION SHOWN.

At the afternoon session, Frank C. Oakes presented a petition for the raising of law or to obstruct the highway, etc.

Cured of severe compound cold and cough by

Vinol

"From Dec. 20, '08, to March 1, '09, I had three bad colds, one on top of the other. I got so weak I could hardly get around. Nothing seemed to help me until I began to take Vinol. The change was magic. Three bottles completely cured my cold and cough and stopped the terrible cough—and what surprised me most, at the same time it cured me of a severe stomach trouble that had bothered me for 20 years."

Mr. Toppan is one of Lynn's most prominent and highly respected merchants, whose word is as good as his bond.

The reason Vinol is so successful in such cases is because it contains the two most world-famed tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron.

HOUSEKEEPING has always been hampered to a certain extent by limitations and some persistence in doing recently few women thought of making investigations for themselves regarding questions in general housekeeping. The word of some great grandmother being usually sufficient. The fact that the grandmother had no opportunity to study the laws of nature as seen in the ordinary process of living did not disturb the average woman's faith in the custom. But now a change is gradually moving across the country, and the up-to-date housekeeper is able to do anything which suggests the word of some grandmother. She will investigate new plans and try practical suggestions which seem to offer greater facility in her work. But there is yet another must, the scientific housekeeper. ANCIENT IRISH ROUND TOWER AND CROSS.

The round towers of Ireland have been much discussed, and various unsatisfactory explanations have been offered for their appearance in the island in considerable numbers. They are evidently not bell towers and may have been used as watchtowers or places for the deposit of valuables in case of sudden tora.

To Memory Dear

By JAMES C. CORRIGAN

Copyright, 1910, by American Press Association.

THE sweetest spot of all is the green sod of old Ireland!
The modest, gladder times are the ones we used to know
When romping o'er the hills, by the streams and through the meadows,
In merry, magic days of long ago.

I SEE my mother yet—though so long she has been sleeping
The shamrock and the roses her grave are growing o'er—
I see my mother yet, with basket at her shoulder,
She stood beside our open cottage door.

THE happy winter nights when she knitted by the firelight
Her kindly, patient features alight with dancing gleams,
The kettle on the hearth in minor cadence singing,
Return to me and haunt my waking dreams.

THE low and thatched roofed cottage, the tree that stood before it
The hill behind that seemed to childish eyes so vast
And o'er the path that played about the humble doorway,
All go to make the picture of the past.

AH, will do I remember the joy of summer weather
With crinkly hat waving dancing on meadows near and far,
As we jogged through the lanes and along the happy roadways
Upon the jolly Irish jaunting car.

SO magic is the glamour by memory created
So softened are the scenes her mellow lights reveal,
I see love to dwell in fondest recollection
On times I helped prepare the midday meal.

A HAPPY group we gathered about our little cottage
From out the fields where we barefooted went to roam,
When all the earth was sunny in the unclouded morning,
Enchanted land that bore the name of home.

THE years have slipped away, and that happy group is scattered
For some are o'er the sea, and some are laid at rest,
So side me not that now the green hills of old Ireland
Seem like the fabled islands of the West.

Merry Event to Take Place at Cheney Hall Next Thursday Evening.

The local division of Hibernians will give their thirty-third annual ball at Cheney hall next Thursday evening, March 17th, St. Patrick's Day. Hibernians' orchestra of seven pieces will furnish music for the concert and dancing. Prof. C. Foley will direct the dancing. As this is the regular Mid-East festival of the Hibernians and as most of our young people have been observing the dance boycott since last began, it is quite within the probability that a large and joyous gathering will assemble at Cheney hall next Thursday evening to help the Hibernians celebrate the feast day of Ireland's patron saint. The color scheme will be of Emerald green, with a satisfactory commingling of the Red, White and Blue of our dear old Stars and Stripes. The stage will be suitably decorated with the bunnies of the Emerald Isle and the flag of the United States of America. The ball will begin with the jolly tunes of Ireland and the spirit of patriotism will blend with the warmth of Irish good cheer which will permeate the gathering. The occasion bids fair to be a jolly one indeed.

Cents admitting gentlemen with lady seats fifty cents each; and those admitting lady without seats are twenty-five cents each. The following music will be rendered for the concert and dances:

- CONCERT**
- Star Spangled Banner
 - Irish Airs
 - Chorus

Championship Game Tonight.

Alhambra and Teams to Settle Superiority at the Armory. What promises to be the biggest thing in back ball circles has been pulled off in this town. It will take place at the Armory tonight when the Alhambra team of Hartford and the G team of this place will battle for the amateur championship of Connecticut. Each team has won two victories and tonight's game will be the rubber. Both teams are well matched and if you have any basket ball blood in your veins you won't miss this game. It will also be the last game on the local surface this season. Man-gers Nestor and Curry met in Hartford Tuesday and the following articles of agreement were signed governing tonight's game.

Herford March 13, 1910. Be it known that the undersigned, as agents of the Alhambra and G team shall be, have arranged for a game of basketball between said teams to be played at the Williams Street Armory, March 18, 1910, under the following rules and conditions:— The lineup, including substitutes, for the G team shall be as follows: Horan, Olin, captain, Scofield, Martin, Curry, Smythe, Ferris and Carroll. The referee shall be Dick Dillon and his decisions shall be final. The winning team shall receive 50 per cent of the net receipts, the losing team taking 40 per cent of the net receipts. No spectators shall be allowed to stand or sit inside of the playing lines during the game. The team breaking any of the above provisions shall forfeit the game to its opponents. T. C. Nestor, Manager of Alhambra team. John J. Curry, Manager of G team. Witness: W. D. Freer.

W. C. TUCKER S.O.D. OUT. William C. Tucker said his interest in the Orford Hotel has been sold to Michael J. Moriarty, formerly of Manchester, but latterly of Hartford and Mr. Moriarty is now in possession of the hotel. For some time past Mr. Moriarty has been negotiating for the sale of his interest in the hotel, and some few weeks ago was of the opinion that he had practically sold out. Complications arose in the transaction, however, which kept off all chances of making it the transfer at that time. Mr. Tucker has recently secured a renewal of the five years lease of the hotel from the Fenwick estate, by which the property is owned. This is one of the valuable assets of the purchase. For a number of years Mr. Moriarty was employed with the J. T. Robertson company over in N. H. in the manufacture of coal and, etc. About two years ago he left his employ and subsequently bought a saloon on Market street. He rented his home on Main street, Manchester, to two tenants who now occupy it, and he himself moved to Hartford, where he still lives. He recently sold his interest in the Market street saloon, Hartford, and now is about to go higher up in the business. Mr. Moriarty has had no hotel experience and certainly has an ambitious outlook on his hands. He has an established business, and he is well known in this community. He goes on the theory, "Nothing ventured, nothing won."

TAKEN TO HOSPITAL. Thomas R. Smith of 25 Wadsworth street was taken to the Hartford hospital yesterday to be treated for erysipelas. He is employed at the local trolley car barn as car repairer. He was at the hospital about one year ago when he had a broken leg. Misfortune seems to be camping on his trail with much frequency. He has a wife and five children.

FAST DAY LEGAL HOLIDAY. The streets will close at the clock next Friday, Fast Day, which is a legal holiday and will close the night before as usual. The banks and schools will close all day and the post office will observe the regular holiday closing hours, viz., closing at one p. m. As there will be but one delivery of mail on Fast Day, our mail subscribers will not have The News delivered to them by the letter carriers until Saturday. The newsboys and news-vendors will be supplied early however.

PRIZE WALTZ COMING. The annual prizes waltz of the Military Band of Manchester is announced to take place at Cheney hall Tuesday evening, April 12th. The band will be enlarged for the occasion and besides playing for the dance members will render a concert preceding the dance. The prizes have not been determined upon as yet.

ATTENTION HIBERNIANS. The regular meeting of the Hibernians will be held at Fore-chey hall next Tuesday evening. The first, second and third degrees will be conferred on a close of eight candidates. A matter of very great importance to Hibernians is to come up for discussion at every meeting who can attend is urged to do. Stephen Horn, president.

BOUGHT STORE IN HARTFORD. Edward Lockwood of this place has bought a grocery store on Lawrence street, Hartford, and began business there the first part of this week. It is said to be an excellent stand and a large and well established trade is there. Mr. Lockwood will continue to live here and go back and forth daily.

KNIGHTS OF PYTHIAS. The regular meeting of Pythias will confer the degree rank upon nine candidates at their meeting in Foresters hall this evening. Memorial Lodge conferred the rank of page upon three candidates at their meeting on Depot Square Wednesday evening. One thousand Easter lilies, plenty of grape, geraniums, azaleas, hyacinths, daffodils, primroses, carnations, ferns and palms in pots and all kinds of cut flowers are well and popularly known here. The public of this community are coming to learn the value of the rare and beautiful Easter lilies. The committee are well and popularly known here.
