**AUCTION SALE** 

Cunningham Property To Be Sold for Building Sites.

This property recently purchased by J. L. Bidwell of Hartford, formerly Manchester is undergoing rapid hanges. The land that Owen Cunningham purchased more than 50 years ago rom Michael and Ellen Fahey is to be known in future as Prospect Park, the new owner having given it that name, and has laid it out into home sites and will sell the same at public auction beginning next week Wednesday and continuing through the week. The passing of this property into home sites marks the further progress of real estate development Manchester and is one step more to ward the solid up-building between the North and South Ends. Mr. Cunningham during his ownership had many opportunities to dispose of lots, but would never part with an inch of it. Of late years the people of Manchester have attended many circus performances there and only a very short time ago Mr. Bidwell refused permission to hold a perfo mance there this year. Prospect Park lots as an investmen are sure to net large returns, being centrally located and easy of access in or out of town by both steam and lectric roads and we predict that no such opportunity will again present
