Learning to Swim.

If you have to learn to swim alone, choose, if possible, a place where the water is shallow, but not too shallow; say up to the chest. This, that you may be able to swim without your feet touching bottom, yet have the feeling of security that an assured footing gives one.

In learning alone in shallow water allow yourself to drop slowly from a standing to a swimming position and try to be comfortable with the feet, a little below the surface and mouth submerged. The water line should come between the mouth and nose.

The muscles should be relaxed and no part of the body rigid or strained. There is no need to strain the neck and feet to keep the mouth above water; it only tires without helping, and it destroys the balance of the body.

Having assumed the proper position, go slowly through the movements until you feel yourself sinking, then just put down your feet—stand up and try again, but do not hurry. Take only three or four strokes at first, take only one stroke if you find yourself unable to do more without sinking, but make that one a correct and deliberate one.

Always Wanted. There is a man in the world who is never turned down wherever he chances to stay. He gets the glad hand in the popular town or over where the farmers make hay.

DESTROYED BY FIRE

Barn and Contents Including Two Horses and Some Hay. A large barn with contents was destroyed by fire Wednesday evening about 10 o'clock on W. E. Martin place just over the Manchester line in Glastonbury.

The blaze was discovered here about 9:50 and telephone messages were sent to the officials of the South Manchester Fire Department. It is now believed that the fire was caused by the burning of a haystack.

Two horses perished in the flames. The loss of the new mow hay was estimated at \$1,000. The barn was built 12 years ago at a cost of \$1,000 and was in good repair.

Mr. Smeone and family were held at the fire. The fire showed its dreaded appearance through the roof. It was learned yesterday that a workman employed by Mr. Smeone had been in the barn during the evening and it is presumed that a spark from his pipe had started the fire.

The neighbors are collecting subscriptions to purchase a horse, wagon and harness for Mr. Smeone in order that he may harvest his ripening crops and thus get them to market. He has several hundred dollars worth of farm produce ready for marketing and turning into cash at the present time.

Another Band Concert. The Military Band of Manchester will give another band concert next Wednesday evening. This one is to be given on Main street in the business center.

Returned to Town. Ephraim Symington has moved here from Paterson, N. J., and is again employed as a team driver with Cheney Brothers. He is remembered that he left town a number of years ago and removed to Paterson.

Citizens Meeting. There will be a citizens meeting at the town hall Monday evening, July 25, for the purpose of discussing the proposed extension of powers to the board of selectmen, as noted in these columns last week.

Bitten By Dog

While playing with some other child near about the home of George R. Wright of Birch street Tuesday afternoon little Charles O'Dowd was viciously attacked by a brindle bull dog and severely bitten on the left thigh.

The dog was held by a neighbor and severely bitten on the left thigh and back and also on the abdomen. The child was taken to the hospital where he was treated by Dr. J. H. Wright.

The dog is being severely guarded and watched to see if any indications of rabies appear. If not the animal will be killed, thus preventing any further trouble.

The dog is not quite one year old. He was owned by Mr. Wright but had recently been sold by him. The animal refused to stay at the home of his new master and hence chance to be at the home of Mr. Wright at the unfortunate time.
