Tax Laid

South Manchester Fire District Last Night The annual meeting of the South Manchester Fire District was held at the town ball last evening with 50 voters present. Frank Cheney Jr. presided and F. E. Watkins recorded the proceedings

A tax of one and one half mills was aid. This tax is to be levied upon the taxable property in the South Manchester Fire District next February. after completion of the reassessment and will be payable on or before May President Frank Chency Jr., secretary F E. Watkins and Treasurer J. W.

Hale were re-lected for the ensuing year, R. E. Carney and George W-Finlay were elected as auditors, J. W. Goslee as assessor and collector, O. J. Atwood as chief of the fire department, I. W. Goslee as first assistant. George H Howe as second assistant and L. N. Heebner as sop rintendent of the fire alarm system.

The sum of \$2,000 was appropriated | o pay the minning xpenses of the dis-

But five fires were reported during the year, three of which were still alarms, the total e-timated damage of the fires was given at \$50. Three additional bells were recommended to be placed in homes of memb re

As automatic whistle blowing device was recommended same to be placed in the n-w mill boiler room. It was also W. B." and "C. B." Corsets to close out......75c recommended to have but one whistle The fire comm'ssioners rep ried having expende 1 \$697 for Hose 3 and \$227 79 .....50c each for Hose 2 in excess of the appropriations. This action on the part of the commissioners was approved by vote of the meeting. An effort was made to defer laying the tax until next February but failed The present indebtedness of the d'strict is \$12,200. Neither time nor space permit further mention here.

> MORE STEAM BOILERS wo Large Ones Now Here To

Be Installed In keeping up with the general ex pausion which Chen y Brothers are steadily making at their silk mills in this place it is found that they must have more steam boiler capacity. o meet th's condition they now have the freight yard two large stram bollers of a capacity of 350 horse power large battery of boilers at the old mill

south of the main office. The north end of the building has been form out preparatory to the installing of this additional boiler equipment The group of peilers now in ase there are of a capacity of 250 dioraspower each. The big steam force pumps which are used for providing extra water pressure in case of fire have been removed in order to make room for the new boilers. The boiler room is also being enlarged for the same purpose An addition of 16 feet is being built on the north end of the boiler room. must be forthcoming to meet the steadily increasing demand. This addition to the battery of boilers will be ou siderable and will be found most useful and beneficial when the cold

Reduction

Now, you men who need new clothes, can get for less than a five dollar note, your choice of high grade suits that your friends paid \$10 or \$12 for a few short weeks ago. These garments are worth just as much to you now as they were then, but our policy demands that we sell every suit the same season that it is tailored. These suits now reduced to \$1 include worsteds, all wool cheviots and black thibets. Then are gray, tan, brown and mixture effects in all the season most desirable and popular patterns. There are sizes to fit men of all builds from the youth of 14 years to the man wh measures 42 inches around the chest. These suits are three piece suits of medium weight suitable for wear until fall. Men who are shrewd judges of clothing values will eagerly grasp this opportunity.

### Men's Straw Hats

All \$1 and \$1.50 straw hats now remaining in The Surprise Store have been reduced for final clearance to It will pay any man well to buy one of these hats now and

lay it away for next summer because you all know that at the beginning of the straw hat season regular prices prevail believed as soft shares and included are soft shapes and sailor shapes in split and senuit braids. See the hats on display in our show window and
