SEVEN DAYS

"For brightness of lines, laugh provoking situations and brisk, snappy action, New York has never had a comedy in any way comparable with Seven Days which opened at the Astor Theater with a sparkle that sent cares and worries to the winds. Indeed so far as memory s-rves me, no play has ever been given in this country with anything like the success which attended the premier of Mary Roberts Rinebact and Avery Hopwood's contribution to New York's assortment of things dramatic. Besides it the others become insignificant, for what this comedy has they mainly lack, and though it may sound a trifle far fetched to say so, to the last moment of the play the

fun never stops."

However, the warm bath gives a greater feeling of confidence in one's cleanliness than the cold bath and is doubtless beneficial if not employed too often and to the exclusion of the more valuable and tonic cold bath. It is a good plan to spray or sponge the neck and chest with cold water after finishing the warm, cleansing bath. This precaution should always be taken by those who rely solely on the warm bath, especially if they bathe every day; otherwise undue sus-

ceptibility to colds may develop. As a rule, the warm bath should be taken in the evening. Most people who have employed the cold shower or plunge will testify to
