A NICE HOME OR AN INVESTMENT

There has been placed in my hands to sell a very desirable piece of property located on Laurel street, one of the town's most attractive spots. Convenient to mills, post office and trolley. The house consists of seven rooms on a side with separate entrances; Enished with ash and hard wood floors, heated by steam, separate boilers on each side; radiators in each room including the kitchen, electric and gas lighting; curbing all along in front of the property and everything that goes to make a nice home is found combined in this proposition. The best of reasons for selling; come in and talk it over and if you want a nice home in a nice locality here is your opportunity.

I have also a cosy little six room house with good lot, centrally located, modern improvements throughout, which can be bought at a bargain if taken at once. The price is only \$2,600 and the house is only two months old.

60 CENTS ON THE DOLLAR

Makers Loss-Your Gain

We have bought up a large stock of goods from the leading manufacturers of Massachusetts at a tremendous discount from their regular wholesales rates. Goods that have been made up to order for dealers, who owing to the

backward season failed to take them, and so the manufacturers were only too willing to sacrifice on prices to unload and make ready for another seasons stock. We became the lucky purchasers of a large and up-todate stock at extremely low prices which enables us to give our customers the benefit of a 04% discount from the regular prices. Therefore we have put our whole stock on sale at 40 cents on the dollar.

This is not a rummage sale. It is a sale of up-to-date, this season's styles and makes, fresh stock, for 7 man, woman and child, in all leathers, Gun Metal, Box Calf, Vici Kid, Patent Kid and Enamel, also Water

Our stock also consists of a line of high grade Slippers for men in Romeos, black and tan; also operas and all the leading styles. For ladies we have a large stock of Slippers and Juliettes in six different shades, at the above discounts.

In addition to this sale, regardless of the high prices of rubbers, being now the rubber season, we have decided to give a liberal discount on all our rubber stock, which consists of goods from the four leading rubber goods houses in the country.

The above 225,000,000 feet of Merchantable Standing Timber-approximately 10,000 acres-securing the bonds is divided as follows: Red Cedar 60%; Yellow Cedar 30%; other Merchantable Timber 10%.

In addition to the foregoing, there is a large amount of Red Cedar and Vellow Cedar suitable for telegraph, telephone and electric lighting poles, piles, etc., approximately 500,000 railroad ties, and a large amount of fallen Red and Yellow Cedar trees. All the foregoing is on tidewater, giving the Company the advantage of water transportation, and adding substantially to the value of the property. Attention is invited to the following statements regarding this particular timber, taken from

reports of Timber Cruisers, Forest Engineers, and Timber and Lumber Men familiar with conditions, copies of which will be furnished upon request:-

F. S. BUCK, President Cedar Lumber Company, Ltd., Vancouver, B. .C: "We are now and for the past twelve months have been operating on timber, from our limits on Gilford Island, B. C. We regard Yellow Cedar as the most valuable cedar on the Pacific Coast."

L. B. McELHINNEY, Timber Cruiser: "This property is by far the best tract of Cedar I have ever seen or cruised in this section of the country, during over four years constant cruising, and including much of the best timber. The proportion of Yellow Cedar to the whole is unusually large and the grade and quality is exceptionally high. Much of the Yellow Cedar which I saw is from 12 to 18 feet and over in circumference, and the large trees will scale ten thousand feet and over per tree."

A. J. ANDERSON, Vice President Cruisers Timber Exchange, Ltd., Vancouver, B. C.: "Referring to Yellow Cedar and the merits of the wood, as compared with other products in this Province, there can be no doubt but that it is the best quality of timber that grows in British Columbia, and it will command a much higher price than any other native wood."

Bonds will be ready for delivery December 1st. Advance subscriptions or reservations for the remaining bonds will be received by the Company until December 1st, at par and accrued interest-Bonds subscribed for, prior to the above date (December 1), to carry an equal amount of stock of the Company as a part of the same consideration—the right being reserved to award a smaller amount than applied for. Address subscriptions or applications for reservation of bonds to
