TOWN MEETING

INTERESTING AND ANIMATED DISCUSSION HELD ON VERY LIVE TOPICS

Eight Mill Tax Laid—Meeting Strongly Opposes Purchase of New Town Farm—Committee Appointed to Investigate and Report Within Ninety Days.

The annual town meeting was called to order promptly at two o'clock by Moderator Charles R. Hathaway.

Section Three, as to appointment of police for the coming year was first up and on motion of H. B. Cheney a resolution was passed authorizing the selectmen to appoint five policemen for the coming year.

Section Four as to appropriation of money for improvement of public roads in the coming year. H. B. Cheney stated that there was already an unexpended appropriation for highways this year.

Section Five as to appropriation of money for improvement of public roads in the coming year. H. B. Cheney stated that there was already an unexpended appropriation for highways this year.

Section Six as to appropriation of money for improvement of public roads in the coming year. H. B. Cheney stated that there was already an unexpended appropriation for highways this year.

Section Seven as to appropriation of money for improvement of public roads in the coming year. H. B. Cheney stated that there was already an unexpended appropriation for highways this year.

Section Eight as to appropriation of money for improvement of public roads in the coming year. H. B. Cheney stated that there was already an unexpended appropriation for highways this year.

Section Nine as to appropriation of money for improvement of public roads in the coming year. H. B. Cheney stated that there was already an unexpended appropriation for highways this year.

Section Ten as to appropriation of money for improvement of public roads in the coming year. H. B. Cheney stated that there was already an unexpended appropriation for highways this year.

Section Eleven as to appropriation of money for improvement of public roads in the coming year. H. B. Cheney stated that there was already an unexpended appropriation for highways this year.

Section Twelve as to appropriation of money for improvement of public roads in the coming year. H. B. Cheney stated that there was already an unexpended appropriation for highways this year.

STEAM ROAD ROLLER

H. B. Cheney advocated the purchase of a steam road roller by the town. He said that one was very much needed and that with the present equipment the macadam roads could not properly be taken care of.

Mr. Cheney explained that a new road roller would cost about \$3,500. He did not think a new one necessary for the town's use, and he offered a resolution appropriating a sum not to exceed \$2,000 for the purchase of a steam road roller.

Judge Alexander Arnott inquired if the town roads could be kept in repair with a steam roller at a less expense than is now necessary.

Mr. Cheney said that he did not know exactly in regard to the expense but he would say that the highways of the town could be kept in much better condition with the use of a steam road roller.

It is also said that it will be possible for the town to build its own macadam roads if they owned the roller. A motion appropriating the sum asked for prevailed.

ADDITIONAL STREET LIGHTS The petition of Dwight Ditch and others for electric lights on Hall street and the petition of Michael Foley and others for electric lights on Sumner street was then taken up.

H. B. Cheney stated that in his opinion the petitions were reasonable and that there were other streets in town that also needed additional lights.

It was voted, in answer to a question Mr. Cheney said that twelve lights would be placed upon Hall and Sumner streets.

TOWN FARM ETC. Sections 7 and 8 were next in order and proved to be the principal bones of contention of the afternoon.

In relation to the removal of the pesthouse. H. B. Cheney stated that the present pesthouse was on the water shed of the South Manchester Water Company, was in a dangerous location as regards the safety of the public health, and has already been condemned by the health authorities.

There is a high chance of locusts coming out from between the pesthouse and the reservoir but this does not prevent the town from being contaminated when the pesthouse is in use.

He cited the Torrington case where they are now passing through a typhoid fever epidemic caused by impurities in their water system.

The pesthouse and almshouse are a serious menace to the health of the town. The later has also been condemned by the health authorities who said it was the worst in the state.

It could not be made either sanitary or put in a desirable condition. There is no water supply and it is difficult to procure any at that point.

He urged that now is the time to take action on both of these matters, explaining that it was not necessary for the town to pay the total cost for a change in location and new buildings at this time.

Mr. Cheney said that it would in all probability cost two or three thousand dollars for the land alone.

In addition to securing the land the almshouses, barns and other suitable buildings would have to be constructed and a water supply would have to be installed.

There was a telling low number of water supply would cost as no definite location has as yet been decided on. There are eighteen inmates on an average at the almshouse during the year. If a new building was constructed it should be capable of housing fifty inmates.

Charles Cheney said that the almshouse was up for consideration a few years ago, but instead of building a forty thousand dollar almshouse, the town had been taking care of its poor in one of our local hotels.

Mr. Rogers was outspoken against the forty thousand dollar proposition.

In reply to Mr. Rogers' statement, H. B. Cheney said that he could not on an average of per week per attendant at the almshouse and he did not see where the town could save money by placing them in a hotel.

William H. Scheldge thought that a more suitable location than the present town farm was not available. He suggested that the pesthouse and almshouse could be removed to other locations on the property.

Alexander Arnott inquired what the cost of a new location would be. Mr. Cheney said that he was unable to inform him as that matter had not been considered by the board of selectmen.

Mr. Arnott said that if the meeting votes the appropriation asked for it will mean an addition to the town tax rate of about \$40,000 to a large sum.

He was of the opinion that the voters should be told how much increased taxation the plan would entail.

Charles Cheney did not think it would be necessary to raise the tax rate in order to meet the appropriation.

The town is growing and the increased growth should take care of the extra expense. The new almshouse would provide accommodations for five town poor who are now being taken care of outside of the almshouse.

William H. Scheldge asked if it would not be possible to change the location of the buildings so that it would not affect the water shed of the South Manchester Water Company.

H. B. Cheney did not think this feasible. William C. Cheney spoke in favor of a new almshouse. He said the voters were looking at it in the wrong light.

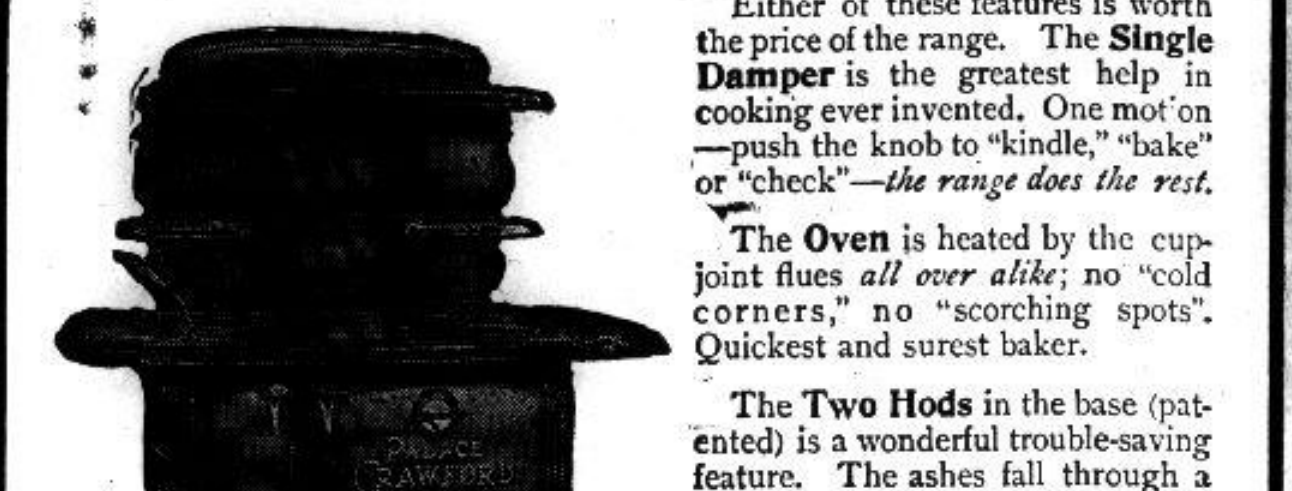

The present system was a very poor one and should be remedied at once. While an appropriation of \$40,000 was asked for it would not necessarily mean the expenditure of all that sum. The land on which the present almshouse is located could be sold for a good price and a new almshouse could be run more economically.

It would make a good investment for the town. He had faith in the present board of selectmen and thought they would use their very best judgment in the matter. Under the present system there is liable to be an epidemic of some contagious disease arising from contamination of the water that might cost the town a good deal more than the present appropriation asked for.

There are 3 Features in Crawford Ranges

which make them superior to any others

- 1. The Single Damper 2. The Oven heated by cup-joint flues 3. The Two Hods in the base

Either of these features is worth the price of the range. The Single Damper is the greatest help in cooking ever invented. One motion—push the knob to "kettle," "bake" or "check"—the range does the rest.

The Oven is heated by the cup-joint flues all over alike; no "cold corners," no "scorching spots." Quickest and surest baker.

The Two Hods in the base (patented) is a wonderful trouble-saving feature. The ashes fall through a chute into a Hod which is easily emptied. The Coal Hod is beside it. Gas Ovens and Broilers for end or side used as desired.

of any epidemic was in favor of a new almshouse but that he should not do so until the \$40,000 for it. He also moved that the resolution carrying the \$40,000 appropriation be tabled.

Chairman H. O. Bowers said that the appropriation of \$40,000 was not as yet presented to the meeting.

H. B. Cheney moved the previous question on the pesthouse resolution but it was not put by the chairman.

Alexander Arnott said that if the almshouse proposition should be postponed until later we should also defer action on the pesthouse question.

He favored appointing a committee to get a new location, price, plans and cost of the buildings and then we could act intelligently. The voters should also be told what price the present property would bring.

Charles Cheney said that the voters knew all about the proposition for a new almshouse and the matter did not need to be thrashed out again. It should be settled now. Are we going to be satisfied to go ahead or remain as we are?

R. N. Stanley said that action should be taken now to improve the present conditions at the almshouse. We have a model town and should have a model almshouse.

The opponents of the plan would not feel any increased taxation if the appropriation passed. The present board of selectmen can be relied upon to carry out the wishes of the voters. Torrington is subsidizing \$65,000 in their present almshouse.

Manchester is asking for an appropriation of \$40,000 to prevent just such a thing and will have something to show for its money. Let's pull together and see what we can do. We should have an almshouse that is a credit to the town, one which moral decency prevails and one which is a helpful place for the town's poor to live in.

South M. E. Church Notes

The quarterly conference of the South M. E. church will be held in the church parlors tomorrow evening. Next Sunday will be observed as rally day at the South M. E. church and special services will be held. In the morning at 10:45 Rev. J. H. Rowland, district superintendent, will deliver the address. Rev. A. R. Newland is stove set located in Norwich.

At 12:15 there will be a special program rendered in the Sunday school. At seven o'clock in the evening the pastor, Rev. S. E. Ellis, will deliver the first in a series of Short Sermons From Short Texts.

On Thursday evening Bishop W. S. Lewis of China will be here and will speak at the South M. E. church. This is Bishop Lewis's first visit here and much interest attaches to his coming. He is an especially forceful speaker and so doubtless will be listened to by a large audience.

How To Button Waist In Back

I want to tell the ladies of the National how I've overcome the difficulty of buttoning my waists to the back. I throw my waist over my shoulders, leaving my arms out, and button down the front, leaving the upper and lower buttons unfastened. Then I fold it up over my shoulders, turn it around, push my arms up into the sleeves, and lo! my waist is buttoned and no stretching, and no buttons missing either—From the National Magazine.

Simple Mixture Used In South Manchester

Many in South Manchester are now using the simple leucanthemum bark and glycerine mixture known as Adiel-ka, the new German Appendicitis remedy. A SINGLE DOSE relieves constipation, soothes stomach or gas on the stomach almost INSTANTLY. This simple mixture antiseptically digests organs and draws off the impurities and people are surprised how QUICKLY it helps. A. Peterson, Druggist.

"I Was With Grant"

"I was with Grant," the stranger said, said the farmer, "Say no more. But rest thee here at my cottage porch. For thy feet are weary and sore." "I was with Grant," the stranger said, said the farmer, "Say no more. I prithee sit at my fragrant table. And eat of my humble store."

"How fares my boy, my soldier boy, Of the old Ninth army corps? I want to see how him gallantly In the smoke and the battle's roar!" "I know him not," said the aged man, "And, as I remarked before, I was with Grant!" "Nay, nay; I know."

Said the farmer, "Say no more. He fell in battle—I see, alas! Thou dost smooth these tidings over—Nay; speak the truth, whatever it be. Through it read my boom's core."

THIS IS CERTAIN THE PROOF THAT MANCHESTER AND SOUTH MANCHESTER READERS CANNOT DENY.

What could furnish stronger evidence of the efficiency of my remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently. Some endorsement should prove undeniably the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. My time has completed the test.

Mrs. Hugh McCleary, 21 Parker St., Manchester, Conn., says: "For sometime I was afflicted with kidney trouble. I had distressing pains and sometimes my legs and feet would swell and I was unable to walk. I was finally advised to try Doan's Kidney Pills and procured a supply at Quinn & Co's Drug Store. They removed the pain in my back and made me feel better in every way." The above statement was given January 12, 1908 and on August 1, 1911 when Mrs. McCleary was interviewed, she said: "You may continue to publish my former endorsement of Doan's Kidney Pills. This remedy cured my kidney trouble and will always feel grateful to it."

THE OLD TIME DOCTOR.

His Hardships Were Many, and His Rewards Were Not Great.

The strongest impression gained in reading of the experiences of old time physicians is of their loneliness and daring. Most of them were by necessity surgeons as well as doctors of medicine.

Isolated often from other men of their profession and obliged to bear the entire responsibility of the welfare of their patients, they learned to rely upon themselves and to take chances that would make the general practitioner shudder in these days of many specialists and wide districts of labor.

Perhaps none ever undertook surgical operations who had no training in that line, but with no hospitals and uncomfortable cool, the later part of the afternoon bringing clearing and cool weather.

All the republican candidates were elected and there was one democrat in the position of the board of education, namely, Clinton W. Cowles, democrat, and William H. Schieldege, socialist.

This is the first time that the socialist have elected a candidate in this town and the result was the largest vote in their history here. They have been doing considerable missionary work in the community during the past year, have had speakers address on out here. But it is not the night, have spread their literature among the people and in every manner possible have sought to diffuse their propaganda and enlighten the public regarding their principles. Their efforts have not been without result. The vote of many who did not keep their cars close to the ground.

The school interests worked diligently in bringing out their address and the result was that a generally large vote was polled, namely 3,065.

The vote for license was carried by 223 majority an increase of 5 over last year. The straight vote was as follows: republican, 527; democratic, 292; socialist, 257; prohibition, 138. There were 719 split tickets counted. There were 110 ballots rejected, 49 of which were blanks and 67 were improperly marked.

The vote on the question of license was: yes, 1072; no, 850. There were 88 votes on the license question rejected, 49 of which were blanks and 39 were 47 ballots on the constitutional amendment instead of ballots on the license question and because 36 of the license envelopes had no ballots in them whatsoever.

On the constitutional amendment relating to Lieutenant Governor 514 Yes ballots were cast and 72 No ballots. On the legislative adjournment amendment 549 Yes ballots were cast and 55 No. There were 47 ballots rejected on the constitutional amendments. It took until one o'clock in the morning to finish counting the votes.

Following is the vote in detail, the candidates started being those elected: Assessor, Alexander Trotter, r. 804; Richard J. Jones, d. 413; William C. Schieldege, s. 342; John Jensen, p. 182.

Board of Relief, George W. Ferris, r. 851; John M. Shewry, r. 817; Edward D. Taylor, d. 370; Alexander Hall, p. 749; Harry R. Sharpe, d. 163; Jennie E. Watkins, p. 198.

COLUMBUS DAY FITTINGLY CELEBRATED BY ITALIAN RESIDENTS OF THIS COMMUNITY.

Banquet Held at Ferris Hall. Ball Given in Cheney Hall. Music, Speech Making, Feasting, Dancing and General Jollification Mark Joyous Event.

The Italian people of this community were the special guests of the banquet and occupied the position of honor at the right of Angelo Bosco, the courteous, affable, energetic and efficient president of the society. James J. Quinn was also one of the honored guests and was seated at the left of President Bosco.

When the cigars were lighted President Bosco addressed the members speaking in the Italian tongue after which he introduced Mr. Mommens who came prepared to deliver an address on the occasion of the discovery of America by Columbus.

Mr. Mommens reviewed in brief some of the stirring events in comparative modern Italian history, directed mainly to the shaking off by Italy of the Austrian yoke which held them in comparative bondage.

Mr. Mommens explained the significance of the Italian nation and enabled Italy to take her place among the first nations of earth. Mr. Mommens greatly aroused the enthusiasm of his hearers and he was greeted with vociferous applause.

President Bosco spoke at length both in English and Italian. W. B. Rogers addressed the society upon the discovery of America by Columbus.

John Cabot and narrated some of the historical events related thereto. Impromptu remarks were made by several of the audience.

The banquet was a most successful one and the social intercourse lasted three hours and the event was a most decided success.

In the evening a large and merry throng assembled at Cheney hall to enjoy the dancing. Bada's orchestra of five pieces furnished the music for the 16 round dances which were on the program. The stage was prettily decorated with a forest scene as a background and the lighting of the pictures of the Landing of Columbus was placed in an exalted position on the stage. An intermission ice cream was served in the lower hall.

Directly after intermission the distribution of awards took place. W. B. Rogers acted as judge and Angelo Bosco having charge of the drawing. The beautiful large picture representing the Landing of Columbus was awarded to Miss Mabel Manning. The picture is set in a handsome gilt frame and is an ornament well worthy of finding a place of honor in any home.

A lady's silk umbrella was presented to Mrs. May Farrell Bidman. Carl Hartman carried away a box of cigars and Miss Rose Carpentier a box of chocolates. A gentleman's scarf pin was the trophy that Mrs. Josta Bulgini was given as a reminder of the event.

The drawings were made by Miss Olga Sanlorenzo, about three years old, the daughter of Mrs. Frank Sanlorenzo, 20 1/2 Birch street, sister of Angelo Bosco. The little miss was arrayed in white bedecked with large pink ribbons and sash. It was her first public appearance upon the stage and she acquitted herself with becoming grace and charming childlike attractiveness.

It was almost midnight when the last sweet strains of music died away. The last number on the program and the jolly young dancers felt that the

HEARING WEDNESDAY Utilities Commission To Hear Both Sides Of Fare Question

We wish to again call the attention of our readers to the public hearing which will be held at the Capitol next Wednesday morning before the Public Utilities Commission in regard to the petition of local people for a ten-cent trolley fare between this town and Hartford. This matter will be taken up by the Commission at 11:15 next Wednesday morning and it is expected that a large number of local people will be on hand to give voice to their objections to the present fare between this town and Hartford. There is much interest in this hearing all over the state as it is the first trolley fare question that the Commission has been called to consider. Local people have reason to believe that the Commission will act favorably to them in regard to this matter as it is strongly felt here that the present fare is an unjust one.

Baseball Sunday The Swastikas Baseball team will play the season test Sunday when they will meet the Strong Laurel team of Hartford on the Nelo ground. This is the third contest between these two teams this season, each team having won a game. This will be the rubber and both sides will put forth their best efforts to win. The Swastikas will present the following strong lineup for the occasion: Catcher, Fred Trumbull; first base, W. Robinson; second base, Norlander; third base, S. Robinson; short stop, Lamprecht; left field, Warrock; center field, P. Carney; right field, J. Carney. The game will be called at three o'clock sharp. Harry Johnson will umpire.

Surprise Party Mr. and Mrs. Charles McCleary of Edgerton street were pleasantly surprised last Tuesday evening by about forty of their friends, the event being the first anniversary of their marriage. What was enjoyed and the prizes were awarded as follows: First gentleman's prize, Fred Trumbull; second gentleman's prize, William Harrison; first lady's prize, Mrs. John Riley; second lady's prize, Mrs. John Morrison; consolation, Emil Hicking. Vocal solos were given by Mrs. L. M. Sammons, Harry G. Anderson made the presentation speeches and the presentation of the gifts was made by Mrs. McCleary.

Coming Back Home Frank and William Maguire have decided to make their home at the Maguire household on Porter street. Mr. Maguire is now in New York City to this place at the present time. They will occupy the house which their father, the late Michael J. Maguire had intended to settle down to a quiet suburban life and they have an excellent place to make the experiment and a good financial start.

Big Sale Coming I wish to hereby inform the public that next week I will have a big and very sale of kitchen ranges, parlor stoves, heaters etc and will give prices so attractive that it will pay anyone intending to purchase such goods to wait a week and then come to my store and see for themselves the great bargains that will be offered. I have been selling stoves in this community continuously for the past 25 years and during that period have sold a large number in the homes of people here and hereabouts. Prices and details of this big anniversary sale will appear in these columns next week. Wait and see.
