We have begun a systematic agitation of the American people tending to teach the theories and practices of fire prevention, and the work of accident prevention is a complementary step in the same direction.

Coming as this step does from the manufacturers of the country, the employers, there is reason to believe that the work will be carried out in large detail and should be supported by the rank and file of citizens and the legislations of the problems and file pancy. And there is something work to her than her noise and file pancy. And there the whole problem is difficult and complicated, sind much thought and time and some agreementation will be neces.

E. T. Ferris wished to know if the school would be confined to the fastruction of the taxtile branches. To this Mr. Chency replied that the robool would start with the textile instruction first, but that later if the bown saw fit it might add o her branches. He said that the proper way to do the thing would be for the town to own and equip a building and have a trade school wherein all the different trades that were r quired would be taught. He said that a school of this kind has almost unlimited possibilities.

H. B. Chency ca led the attention of the mee ing to the fact that Chency Brotherspay all of the cost of the textile training and all that the town is required to do is to pay for the academic training is at does now.

Following this discussion the resolution of Mr. Chency for the establishing of a Textile School of Manual Arts was passed.

Mr. Chency then read the following letter from Chency Brothers; The Ninth School District of Man-

South Manchest r, Coun.

Gentlemen:

We hereby offer to the Ninth School District of Manchester, Inc. for the purpose of a Textile School of Manual Arts such quarters as may be mutually deemed recessary by the School Committee and ourselves for the conduct of said school, and to supply such furniture, equipment and machinery as are required for the conduct of said school, we to assume all expenses which are properly incidental to the operation of such machinery and to the heating, lighting and repairs of the bailding and equipment.

We further offer to supply such yards and textile materials as are used in the making of goods of a mark table quality in such school.

We further sgres to reimburse the Ninth School District for the amount of the salaries of all instructors of the manual training providing the appointmen of such instructors is subject to our approval.

A prominent manufacturer of good grade floor covering with a \$20,000 stock of fine rugs and carpets on hand, needed money bad enough to ask us to make him a spot cash proposition for the lot. We named a price so low we never expected to have it considered. To our surprise and satisfaction the offer was accepted. Having no room to store this big purchase we will place the goods on sale at once at prices positively the lowest ever quoted on high class rugs and carpets of like qualities. Plan for your spring changes and make selection at once. The time is most opportune. Great bargains await you. Just see how money can be saved.

one achievement in the fact that the plot is so lacking in contrasting characters the good and bad. This is a pretty love story of the Lone Star State and while the i lay abounds in thrilling situa ion and langhable incidents the gun fighter has no place, which fact alone has made the drama a success. The play tells a story of the far We to the velley of the Rio Grande, in a natural and plessing way and the characters are those big hearted men who look you square in the eye and who made history in the cattle country wien the West was young. From coast to coast the critics have egreed that this is the one Western play that has stood the test of time on meritaloue. Special is are introduced and the cowboy band gives concer's twice dally.

Lower Priced Sewing Machines Made by the New Home

In addition to the fine machine which bears its name the New Home Company makes some trustworthy lower priced sewing machines.

The metal parts are not case hardened as on the New Home, the finish and detail work are not so fine, nevertheless the construction equals that found in many so called high grade machines.

The "Ruby" Hand Lift \$15.00

Is a wonder for the price. It has the automatic tension bobbin winder and all attachments and is put up in a substantial four drawer oak case. The head of this machine is brought into position by first raising the table top and then lifting the head. The same machine with the automatic or one motion lift is \$16 50

The New Ideal at \$18.50

The New Ideal is the best medium priced sewing machine in the world. Part for part, feature for feature, it will compare with many machines sold for from \$25 to \$35. This is the machine we have sold so extensively to local dressmakeas. We refer you to any one of them for recommendation. The New Ideal Hand Lift sells for \$22 50 The New Ideal automatic lift sells for \$25 Any of these machines guaranteed against any defects in material or workmanship. Expert instruction is given with every new machine. Pay for it by the week or month as you prefer.

SPECIAL FOR TOMORROW-Six quartered Oak Buffets \$4 with nicely finished 45-inch top, neat shelf and mirror back. Bought at great reduction. Regularly \$25. On sale Tomorrow at.....
