Haines Pianos, \$297.50

EXTRAORDINARY OFFERING FOR OUR ANNUAL MID-SUMMER PIANO SALE

THE FINE OLD HAINES PIANO secured through special concessions from the manufacturers is offered at this sale for \$297 50

This is just 15 per cent. less than the regular price which is \$350. THE STORY of our fortunate purchase is this.

During the past winter, the Haines Company made up the usual number of pianos for spring. But, owing to backward trade conditions, these did not meet with the ready sale of previous seasons. On June 1st, the Haines Company found themselves with 125 too many pianos on their hands, their available cash tied up in these instruments. The salesmen were instructed to sell them in carload lots at 15 per cent. discount. We were fortunate enough to secure a carload just in time for this sale. We place them on sale tomorrow at just 15 per cent. less than the regular price, \$297.50.

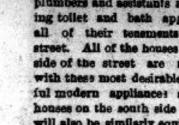

The Haines Piano is one of the oldest and best known makes in the country. For years this name has been familiar in every household. Just as the Steinways have handed down the piano industry from father to son; the descendants of the original Napoleon Haines are today making one of the most reliable of pianos.

To buy a Haines Piano at \$297.50 is like finding money. Can you afford to let this opportunity pass, even if the weather is hot?
