The fine ence as of the verture we show that it may be still further prolonged. The fine ence as of the verture we show that it may be still further prolonged. The fine ence as of the verture we show that it may be still further prolonged. The fine ence as o a liveher interest than they have yet use of the water will have the service grounds, the cost of erec ing a band a hyeher interest than they have yet shown in its enforcement. If, as is claimed by some, the order of the commission are not powe ful enough to compel the police if necessary to aid in enforcing the order, and the companies take advantage of that, as sure as preacting the next session of the General Assembly with see an agitation in the company it is not permissible for any one to use a hose distributing water on his grounds for over two hours in any one day. It will be well for property owners and others to conform to this just requirement of the water company. General Assembly will see an agit ion just requirement of the water company did not come out of the rund line in behalf of trolley reform which will and thus conserve our supply of drinkager Warren P. Bristol donated the car not at p at the problem of running ing water as much as possible.

For one thing, the public will no stand for the evident purpose of the trolley companies to develop a disgust The Rogers Paper Manufacturing the man who made the coffee and with the running board order by letting Company of this place is now monated other drinks and also paid for a numpassengers crowd into the car itself and turing pr ss b ard cards for cord instand before seated pa sengers. So far dexing a stems. They supply these The outcome of the affair was very as the running boards are concerned, the companies may be sure that their use has been abandoned forever. There to be no turning back in this regard, As for the use of the car itself for line. They manufacture the press. They supply these encouraging to those who had the matter is charge and reflects credit on our townspeople. The report will be presented to the next meeting of the Manchester Business Men's Association. standing purposes, that too, will not board they have dies and cutters for and the funds turned over to the be tolerated, because it ought not to shaping the cards and printing presses proper persons. be tolerated. It is an indecent thing upon which to do the printing as per to do, saide from being a nuisance to orders by customers. Index cards of the seated passenger. Unquestionably many sizes are carried in stock and as between standing in the car itself others are made up to order. This is before passengers and riding on the a special which he Rogers Paper Man-running brards the majority which discouring Company and one in which early yes'erday mo ning with a load of vo'e for the latter; no one would vote they have no compe i in here or here. vegetables. One was a leep on the for the former. But so long as riding abouts. on the running boar i is to risk human The concrete brideg on Prospects reet wagon When near the Woodland the Legislature if necessary.

noint of view it is the business of the last for time immemorial. companies to give satisfactory and adequate service. Such service is not given when passengers are compelled to ride on a running board or sit with a standcars having running boards a tached That would open a campaign for adequate service which would not end until a satisfactory service had been es'ablished. The public is finding out es'ablished and it will get it be

fice Hours: ga.m. to g p. Johnson's New Block

wrote: "Housekeepers instinctively add grease and sweetening when cooking for company." The same rule ought to prevail in cooking for children. Food cannot be too rich for young, thriving creatures, provided it s properly proportioned. Perfect Oak LIVERY pound cake is a meal in itself, gingerbread as perfect, but little less satisfying, while as for tea cakes of the right sort, crisp, sugary, melting, an active healthy child may eat all it chooses of them, and be better for

Make all these not merely good, but attractive to the eye. Make also sponge cake, raisin cake and many manners of fancy tartlets. Make them individual-in that will lie the su-

preme charm. Begin by cutting a big bag lengthwise into strips two inches wide. Grease each strip half an inch from one edge, and cut blunt notches into the crease, three-quarters of an inch apart. From another bag, split open, cut rounds or ovals, four to five inches across. Fasten the notched strips to these with small clips, letting the notches stand outside and clipping the ends where they come together. Thus you have a fiat-bottomed individual mould, to be filled, after buttering, Artistic Wall Decorations with anything you like. Filled, the moulds are alld inside a large lightly Imported and Domestic and after sealing, baked in the oven.

Let the cakes cool in the moulds.

Medium and low priced better never went in anybody's month.

Take ten eggs, a pound of flour, nifted with two tenspoonfuls of cream tartar and one of sods, a pound of sifted foamy light, and then beat again. Put putting in a cupful at a time. Fold in next part of the egg whites, which should be beaten so stiff that they will stick to the inverted dish. Add the rest of the flour, then the last of the egg-white. Stir in the lemon extract last of all. Pour into thickly buttered bags or very thin tin moulds thickly buttered. Seal the loaded bags

moulds inside greased bags, seal and put on the grid shelf. Have the oven hot enough to turn white paper yellow in five minutes. If the paper scorches It is too hot-cool it by setting a very shallow pan of cold water upon the ed \$2 Ceilings Kalsomined 40c.

Wall Papers at Half Price See Take out the pan after a few minutes.

Me Before Lett ng Your Contract. flame, or pushing in the dampers to reduce heat. Cook at moderate heat until done through. It will take an hour to an hour and a half, according to the thickness of the cakes. hidway the baking they should be shifted—those from the grid shelf set low on the broller, those from the broiler put high, so that they will cook evenly: Make holes in the bay tops and test the cakes before taking them up by thrusting in a clean straw or thin knife blade. If the thing thrust in comes out with no stickiness cling-ing to it, the cake is done. Beg cook-ing prevents crusting over, and there-by facilitates rising. It also saves from burning and avoids the risk of farring by too much opening of the oven door. Baking powder can be used in place of sods and cream of

tartar, but to my thinking the old way s the best. Raisin cake is made almost the same us pound cake, but takes a little longer and slower baking. Every household almost has its own favorite gingerbread and ten-cake. Make them in your own way, but remember to make them festive. Tou

can do this easily by cutting them out in all manner of fancy shapes be sides those already suggested, from frosting them in many colors—white, pink, green, yellow and brown, and aprinkiling them before the frosting hardens, with tiny colored candles, or chopped nuts, or candied peel, or citron very finely shredded. Make stars, crescents, crosses, triangles, what not— the more, certainly the merrier when you come to set them on

Pound cake and raisin cake baked in paper bags can be cut in cubes, rounds, fingers, or any shape desired, frosted all over, and be more than ornamental. A centerpiece for a child's party can be built in the shape of a log cabin, using alternately long stripe frosted white and other strips of chocolate brown. Or it may be white and pink, or all white, with a roof of frosting snow and candy-tricles hanging along the caves. Vegetable coloring, which is chesp and perfectly wholesome, o be bought from any first class groc (Copyright, 1911, by the Associat

As far back as Mabel could remember. Aunt Hetty had always been her refuge—her haven in all of childhood's storms, and, even now, a young woman, with a sparkling engagement ring, the sweet, old lady was still her consumer house, planning their bright

house, never dreaming but what he

Aunt Hetty's voice was tender, and

him in a moment, and never thought of him doing that way. He ought to have had more faith in me than that."

Mabel wiped her eyes defiantly.

Aunt Hetty sighed, and a mist came before her, as she replied gently:

"Little girl, people can live years in a minute—countries and lives be destroyed, but an angry word lives forever. Would you like to hear a story—a true one, about a girl, fust as loving, impulsive, and thoughtless as

Mabel assented eagerly, her own WHY ADVERTISE A DIVORCE?

relation will want to keep herself in

for, from the first, the girl was a different person. The interest was mutual, and they rode, danced, and sang together. In quieter moods, the quaint, old summer house was their retreat, where many happy hours were spent, reading together or exchanging condences. The whole household realised how matters were developing, even before they did themselves, but, as the young man was above repreach in every respect, all were discreetly blind.

"Meanwhile, the young man's father was growing impatient for his return, so the inevitable parting grew near. It ferent person. The interest was mu-

brothers. The girl's brother brought home a friend— a former college room-mate. His home was far away, and on a trip for the business interests of his father he had combined duty with the pleasure of a visit to his friend.

Instead of wearing the wedding ring on another finger as a mark of an unfortunate and untimely matrimonial experience, a sense of propriety should prompt a woman to put the ring in a secret place known only to herself, the head feel fine. No, it isn't sticky to start with all other unpleasure of a sense of propriety should prompt a woman to put the ring in a secret place known only to herself, the head feel fine. No, it isn't sticky to start with all other unpleasure of a start with al

Artistic and Beautiful With Plastergon Wall Board

Don't remodel a room-don't build a new home a cottage, bungalow or garage until you see

Plastergon.

It's the only treated wall board on the market; it has all the good points that any other wall board has, but it's better because it's treated.

Ask the Plastergon dealer why you should use this wonderful board in place of lath and plaster.

With it you can quickly build at small cost, workrooms, extra bedrooms, bathrooms, dens, etc.

Plastergon is better and cheaper than lath and plaster; it will not crack or break and will last as long as the building itself.

long as the building itself.

With Plastergon the most artistic and handsome designs can be arranged and the Service Department of the Plastergon Wall Board Company of Tonawanda, N. Y., will gladiy submit, through any Plastergon dealer, estimates and panel designs to meet any requirement. Send for sample. Ask to see Plastergon at

anchester Business Men Dis- Milk Station and Playground port Themselves At Savin Rock | Open for Visitors Tomorrow

The annual mid-summer outing of the Mauchester Business Mea's As updation took place, lesterday at Savin Rock and proved to be a thoroughly enjoyable and satisfying event.

The trip was made in automobiles, 22 cars being employed to carry the 98 business men who participated in the feativities. The large touring car owned by G. E. Willis broke down near New Haven and had to be left there for repairs, the occupants being cared for in other cars that followed. Case Brothers car and that of George W. for repairs, the occupants being cared for the care of the children at the for in other cars that followed. Case Brothers car and that of George M. Barber had tire troubles but were enabled to make the trip both ways after of children who go there for pleasure

bled to make the trip both ways after necessary delays.

The weather was charming for the event, clear, warm and enjoyable. The business men are loud in their praises of the bounterns and satisfact ry dinner served by Landlord Bishop of The Colonnade. There was a band concert on the park during the afternoon and another to the evening the latter being augmented by fireworks.

of obliders who go there for pleasure and care

Owing to the increased call for prepared milk it has been found necessary to establish regular hours when the milk can be produced. These hours are flom 9 to 10 s m., 3 to 4 p. m. and 7 to 8 p. m. Between these hours Miss Brennan, the trained nurse in charge of the station, will give her time to write at the homes of the mothers and

those who did stay over didn't reach home until driven to shelter by the term of St. Marys rectory last Saturshower at steen o'clock this morning.

They were the younger and more progressive set and wanted to see the entire entertainment—which they did.

The Manchester Retail Clerks

Association held their annual outlog at Savin Rock yesterday also, going by train and dining wherever their fancy decided. They did not remain in a body. They had an enjoyable time nevertheless and were well pleased with their experiences of the day. There were 75 in the party.

Some Things The Caloric Fireless Cooker

JUST THINK of cooking the breakfast for five minutes after supper and depositing the kettle in the fireless cooker to find in the morning everything hot and

JUST THINK of buying the toughest piece of meat you can find and after leaving it in your Caloric for a few hours to find it as tender and delicious as an expensive

day without a particle of fire.

Cost \$7.50 and Upwards

WATKINS BROTHERS Inc

Will Do

JUST THINK of cooking onions and cabbage without a particle of odor in your home.

thoroughly cooked.

JUST THINK of cooking a big boiled dinner on a hot summer

That is just what you can do with a CALORIC FIRELESS
