chestra seems to bring the magic of melody and harmony by merely waving his baton before a group of well trained musicians, just so does it appear to the casual observer that the chief executive of a large business extracts success from the well ordered activities of his organization. Do not forget, however, that the orchestra leader is familiar with the mechanism of its every instrument, can read every score, detect any false note, and fix' its responsibility. Just so does the executive leader of a great industry, though by different means, possess a knowledge of every individual and contributing factor to a general result. The orchestra leader is, of course, dependent upon his individual members for a harmonious result; the general manager of a business likewise. Each is dependent upon proper support, each is fully able to determine when he gets it and when he fails to get it.

Are you giving it, or are you merely irifting with the orchestra and contributing occasional discords? If the latter, how can you logically remain n the organization—much less advance? Do not fall your leader. Let him confidently count upon you to leasure of your ability and opportunities, thus rendering to him a clean accounting and placing yourself in the ategory of those who are "maki

The spitter is a terror when it works right. One day I had Detroit in the nine-hole, and you know the Tigers are some hitters. I think Cobb and Crawford are two of the greatest strikers the game ever produced. The spitter had them all standing on their heads. Neither Ty nor Sam could get it out of the infield. Plastergon Wall Board Don't remodel a room-don't build a new home

Plastergon.
It's the only treated wall board on the market; it has all the good points that any other wall board has, but it's better because it's treated.

Ask the Plastergon dealer why you should use this wonderful board in place of lath and plaster. With it you can quickly build at small cost, workrooms, extra bedrooms, bathrooms, dens, etc.
Plastergon is better and cheaper than lath and
plaster; it will not crack or break and will last as

long as the building itself.

With Plastergon the most artistic and handsome designs can be arranged and the Service Department of the Plastergon Wall Board Com-pany of Tonewands, N. Y., will gladly submit, through any Plastergon dealer, estimates and panel designs to meet any requirement. Send for sample. Ask to see Plastergon at
