The Big Store With the Little Price

There are many ways to make mon
by. Not knowing the circumstances in your case, it is hard to suggest. I attended a very clever "experience" meeting, where each girl had made a dollar by her own efforts during the summer vacation. Of sourse, the dollar limit was not obligatory, but all had to make 100 cents.

When you get these old things of yours up into that sunshine above there and spread out into so much more space you will see how shabby and inadequate it all is sud you'll have to replace it."

"Now, I was rather fond of my old furniture and I didn't at all relish the idea of losing it or of spending money."

the limit was not obligatory, but all had to make 100 cents.

One girl made currant jelly and sold it is her friends at so much a glass; another pressed her brother's trousers; one stopped buying joa cream seda, and one saved carfare.

Lee might have one or two sales on Saturday afternoon for house wives having all sorts of home cooked delicaries. I am sure with eight olevar ar girls the new church will receive a liberal donation.

Idea of losing it or of spending money for new.

"I moved. Then another intimate friend called to see me. She looked around at all my things with their very souls visible in the bright new light and all spread out conspicuous ly as they never had had to be down below in the smaller apartment. As I waited for more criticism she turned to me beamingly and said: How one your furniture looks up here. It has a chance to be shown right. I

turkey, escalloped oysters, hot rolls, straightness before. I am not raving at which the game of football is effect about my home, for I know it has been about my home, for I know it has fruit salad, cheese straws, ice cream many defects and if I had plenty of in individual forms, coffee and the money I should make many improvements, but I do know that in my new "I thought she was a woman of Save \$1 a pair by buying your

One of the most famous savings in

is true, as all who have made the start Generally Gives Some Indication That the Sight is The years seem long and the or Being Overworked. ortunities unlimited. It appears that

years slip by and too many people unable to concentrate your mind upon never make the start. There comes a the work you have in hand? If they "How did I get here?" he queried in reply. "Simply through keeping my cars open. I overheard a remark one day and then set my brain to work. That's all.

"But to enlarge," he continued. "At newer make the start. There comes a time of reckoning when the mature man realizes what a boon it would have been had he begun to save in the work you have in hand? If they do, if only for a time each day, they are impairing your efficiency, and you should seek a remedy at once.

Many persons, especially elerks, nowadays are open to all. It is a unithe time I was a \$10 a week clerk.

I didn't see much of a chance before me; a fellow never does unless he looks hard for it. And the trouble with most young fellows is that they with most young fellows is that they are always too eager to believe that it will be for him.

It is a form of insurance that he but that's got nothing to do with the cannot afford to be without and it is are held in adjustment by the overuse afford to be without and it is

"One day I happened to go to the water tank, near the president's deek, for a drink. A little conference was going on and what I heard was this:

"But the fact remains that we've got to cut road expenses five per cent. The men aren't turning in enough orders to justify the expenditures."

"I know that," the general manager answered, but how are we going to do it? We can't get along with fewer salesmen. Every possible it in interest. The savings account is a barometer of self-respect. As the account grows there is a reflection of it in the character and bearing of its owner. A bank account, honestly acquired, has, more than a money value, for it gives a man stability and confidence in the battle of life. The bank account asks no favors, it demands no sacrifices and in time of trouble it is ever at hand. Once firmly established the saving habit will lead on ultimately to influence.

Everybody must save if he would continue to the ciliary muscle.

I. Lieutenant Maxweil?" she asked.

"Well, do you know," she looked at more time than you really think you want a clerkship over at the government of the sire and smilling as he did so. "When you want a clerkship over at the government of the sire apprehensively.

"Well, do you know," she looked at more time than you really think you waiting for, then?"

"But it wasn't a mistake, and I must go," he said slowly, rising to his feet once more, but still holding her hand.

"Good evening," he said, his voice she had run without stopping from her house and sould she charming girl.

"That's right; I take back the explanation," she said, as Thorne stepped on the kind way, wouldn't it?" she continued, as she played with the flower in her pass, but through calculation or cried the girl.

"Well, do you know," she looked at it wasn't a mistake, and I must go," he said slowly, rising to his feet once more, but still holding her hand.

"Good evening, so panted, as she found speech; she had run without stopping from her house and sould she charming girl.

"That's right; I take back the explanation," she said, as Thorne stepped on the window; "and, captain," the window; "and, erhment offices, you must surely let me know."

"Yes, but it won't come out that."

"Yes, but it won't come out that:
"Anothing would better not commit yourself," said Edith jestingly; "I might take you at your word."
"Nothing would please me more,"
"Nothing would please me more,"
"You don't know," she faltered, as
"Thorne drew the flower from her and look her hand in his. They stood there and sway, and Thorne fancied with a leap of his heart that she did it to me, of course."
"Lots of other girls are doing it," softward Edith half-seriously. "They stiffed Edith half-seriously. "They were you are?"
"You would better, as he stepped closer to her.
"You don't know," she faltered, as
Thorne drew the flower from her and look her hand in his. They stood there hand away, and Thorne fancied with a leap of his heart that she did it to fire the hand away, "Well, it makes no difference how soon you are going you want to."
"Don't be angry with me if I ask you gain about your orders. I must know."
"Sou would better not commit your sale of the floor." That is shout the place.
"Yes."
"Be sure and smoke."
Thorne langhed, as he lighted his "Thorne langhed, as he lighted his "What of it? What's the matter with dancing, I'd like to know."
"What of it? What's the matter with dancing, I'd like to know."
"Will will so the floor. "That is about the place.
"You are the very person I wanted to see Let's sit down and then I'l tell you all about it. Goodness me, I am all out of breath just running over from he walsthand."
"You are the very person I wanted to see. Let's sit down and then I'l tell you all shout it. Goodness me, I am all out of breath just running over from he walsthand."
"You are the very person I wanted to see. Let's sit down and then I'l tell you all shout it. Goodness me, I am all out of breath just running over from he walsthand."
"What is the continue."
"Whit will see is hurry."
"Whit did not respond to his spleaded. It? What's the matter with dancing."
"Whit dancing

"I say there, you—that tree be—the imagination into play, as it is Bloodine. The price is 50 cents a large longs to me!" The man was coming the child who plays, not the toy, and bottle. Test sample free for ten toward her.

Imagination is the soul of the play. to pay postage from the Bloodine Comments and turned. "This The best toys are those which set poration, Boston, Mass. —Ad is a vacant lot," she called out with the mind to work, and give the little brain scope for expansion. . This is 24c asperity.

The approaching male whistled. His one of the strongest recommendations for the simpler toys. The wonderful

All about me I knew there were All about me I knew there were folk, singly or in pairs, who liked hot food, fresh. yet hated left-overs, who had further great need to watch the pennies. It seemed wasteful for them either to heat a whole big oven to cook a scrap of dinner, or cook an evenful rather than waste heat. Further, there were ovenless folk—those with kitcheneties only, or portable at need, then whisked out of sight. Could paper bag cooking be made useful to them? I was going to find outin their behalf, and no less my own.

So, upon a Saturday afternoon, I set myself to see if I could solve the problem without sin against either Looking through my pot closet, I found a cast iron skillet, not over big. deen. I found also a deepish round from pan just fitting the skillet-top. The oyster, when all's done and said, Placing one upon the other there was Should please reformers one and a space of almost five inches between Each twilight finds it in its bed. them, top and bottom. having found them I went out and bought a wire trivet. I bought also an exact pound of finely chopped meat—fourteen

It never goes to rout or ball;
The lobster is the symbol of The life in which gay people roister—No wonder goodly people love.

The oyster.

of finely chopped meat-fourteen ounces lean yeal, with two ounces of suct. This I shaped into an oval flattish cake, salted and peppered it well all over the outside, then floured it liberally, and overlaid the top with It to a swallow that was moister. thinly sliced mild onion, thickly sliced Hence probibitionists peeled tomatoes and sundry lumps of The cyster. pecied tomatoes and sundry rumps of well-floured butter. Next I put it in a paper hag—the biggest my skillet would take, pinned in the correct of the bag after sealing it, and laid it on the trivet which had been set in the skillet before it was put, covered, the skillet before it was put, covered.

The skillet was sizzling hot—so hot ithat a smell of scorching came forth in about four minutes. That was the signal to turn down the heat more than half. Because I want my veal always as well done as possible, because I know the towards would not divisige.

The oyster never answers back, In gossip it does not indulge. Though it were placed upon the rack Its knowledge it would not divisige. Contentedly its days 'twould end Serene within its humble clotster—I'm sure all of us should commend.

The oyster. cause I knew the tomatoes would prevent any possible drying out, I left eastime getting ready salad, fruit, "Sir," began the poet, as he burst into the office of the great editor;

I have in my time eaten much meat and good meat, but never any better.

Therefore, know, all ye ovenless, you can cook in paper bags thus by help of a skillet and cover—indeed, of any sound fron vessel.
