All about me I knew there were All about me I knew there were folk, singly or in pairs, who liked hot food, fresh, yet hated left-overs, who had further great need to watch the pennies. It seemed wasteful for them either to heat a whole big oven to cook a scrap of dinner, or cook an evenful rather than waste heat. Further, there were ovenless folk—those with kitcheneties only, or portable at need, then whisked out of sight. Could paper bag cooking be made useful to them? I was going to find outin their behalf, and no less my own.

So, upon a Saturday afternoon, I set myself to see if I could solve the problem without sin against either Looking through my pot closet, I found a cast iron skillet, not over big. deen. I found also a deepish round

from pan just fitting the skillet-top. The oyster, when all's done and said, Placing one upon the other there was Should please reformers one and a space of almost five inches between Each twilight finds it in its bed. them, top and bottom. having found them I went out and bought a wire trivet. I bought also an exact pound of finely chopped meat—fourteen

CONCERNING BOER RABBIT. By Nicolas Soyer, Chef of Brooks

Club, London. Hare or Rabbit (Reasted).—Stuff and truss a hare or rabbit in the ordiand rub with cream, butter or drip-and rub with cream, butter or drip-was born down on Blue street," seasoning (according to taste), in the growled the captious city editor.

usual way. Put on broiler in hot oven.

Allow forty-five minutes.

"Is there?" asked the new reporter.

"Did I forget to give the names of Stewed Hare.—Cut up the hare in the parents?"

Stewed Hare.—Cut up the hare in spieces, place on dish, add salt and pepper to taste. Add an apple and a little fat bacon or ham if desired. As a substitute two ounces of butter or a tablespoonful of lard will be equally satisfactory. Add one large finely chopped cnion, a bunch of sweet herbs to taste, and a large tablespoonful of four. Mix tegether. Add a quarter of a tumbler of water, stock or wine, mix with the other ingredients, place all together in a paper bag and lay on the broiler. Allow forty minutes in a hot oven.

Vesi and Ham Pie.—Make a good

"Mo, you got that all right, but you did not say that the child's arm was so small that a wedding ring could be slipped to the shoulder with ease."

Inevitable Blunder.

"Mr. Yungsterre," says the lady who reached the sere and yellow, but strived to retain her pristine youthfulness, "is a friend of my childhood."

Now, I know very well that the fellow is but twenty-five years old, yet why should I blurt out to the shrinking damsel:

"Ah, of your second childhood," Vest and Ham Pie.—Make a good paste in the ordinary way. Prepare the meat as usual, and put in the mid-

dle of the paste, which should be rolled to the thickness of about an "You call this a society drama," exeighth of an inch. Moisten the four claimed the angry first nighter. Corners and fold to cover the meat.

Place in the paper bag, seal up, put

"I do," replied the author.

The school cumunities at the proposal changes in the warring were stated and purpose. The school cumunities at the proposal changes in the warring were stated and purpose. The school cumunities at present its responsible for any expense would not be successful.

Charles R. Hathaway read the call and there being no objection the different clauses in the working were taken up trooper to an amesdment whereby the lines of the district would be enlarged to as to include the property of E. L. G. Hohenthal who is now raid to be in the Sixth district.

Howell Cheney offered a motion that the district pertition the legislature for power to ralarge the district, so as to include the Hohenthal property, saying that when the district was more funcid, the lines were mentioned, the lines were mentioned to the most of the district was allowed to the most of the district was more funcid, the lines being described as being the lines then in use. To make a million dollars to be successful.

The school committee as million dollars to be successful.

When I came back from the Civil war, where had served with the Pitth New York histarty and later with it secure it was advisable to definitely describe and fix the lines and go to the legislature and ask for this change etc. He said that the young people of

the legislature and salt for this change and them estile the matter for all time. There was no objection to the third the proper of the town should be brought up under proper of the town should be brought up under proper of the town should be brought up under proper of the town should be brought up under proper of the town should be brought up under proper of the town should be brought up under proper of the two should be brought up under proper of the two should be brought up under proper of the two should be brought up under proper of the two should be brought up under proper of the two should be brought up under proper of the two should be brought up under proper of the two should be brought up under proper of the two should be two the products either by payment of cited the fact that all the power bonnes to the pupils for proficiency fit would remain with the voters of the

cork or for the maintenance of the district of the amendments were carried through successfully. Father McGurk Hours of Painstaking Endeavor Also Howell Chency offered a motion that called attention to the philanthropic the district petition the legislature for spirit of the late Frank W. Chency an amendment to its charter so as to who made possible the handsome high carry out the changes made in order school building where the meeting a house he gets his plan; before the took place. He said Col. Cheney go: no that the district might carry on trades schools. He said that the trades schools would be carried on in a broad strong desire to help others. He hoped the district would not adopt any short sighted policy or defeat pg-posed a trades school is conducted by the strades school is conducted by the strades school is conducted by the strades and make use of them is compelled to pursue very much the same course.

In this respect, shaping a career is district on a cooperative plan with the core of operating the school and the district one-third. It is very probable that the General Assembly will make grants for the extension of trades schools and if the district has one already equipped it is probable that the state aid will be forthcoming quicker than if we had mothing to start with. The present trades school of manual arts is carried on moder sanction of the state.

Resigned a pour country town a better one to live in.

Alexander Arnett was in favor of recreation grounds etc but thought they should be a municipal project rather than one already equipped it is probable that the state will take over the nucleon and that state aid will be forthcoming quicker than if we had mothing to start with. The present trades school of manual arts is carried on moder sanction of the attorney quarter of the probable of manual arts is carried on moder sanction of the attorney quarter of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on moder sanction of the probable of manual arts is carried on the probable of manual arts in carried on the probable of manual arts is carried on the probable of manual arts in the probable o

changing that postum of the section the school run on a more economic plan. The money for the conduct of the schools would come out of the town appropriation for echools. Mr Chency could give no positive neurance of state sid. He said that the state established two experimental trades schools and they had been the privated copy. A ballot was then operated encountrilly. wrated successfully.
