Chi-Namel Demonstration At The Chi-Namel Store

Next Monday and Tuesday

This will be a demonstration worth while for any one who is responsible for the care and good appearance of interior woodwork and furniture of a home By asking for a demonstration of any particular Chi-Namel product you will not place yourself under obligation to buy; this demonstration is to ac-quaint the public with the use and economy of Chi-Namel in the home.

What we want you to know about this wonder ful varnish is something that cannot be told; but we can show you in a very few minutes that you get more for your money every time by using Chi-Namel Varnish for floors, woodwork, furniture, or anything about the house on which varnish is used

The varnish is furnished in the natural color and also a full variety of colors. I can be hammered and boiled without showing any signs of abuse. Any amateur can apply it to large surfaces and get just as smoth a finish as a professional finsher---no laps, no brush marks, no blotches to make a patchy appearance.

You will thank us for this invitation after you have come to know all about it. Other features we want to show you are the

Chi-Namel Ready-to-Use Graining process, by which you can cover all blemishes in your old floors and make them any color you wish, and also produce the grain of oak or other woods. Old carpets can be made into rugs and a new
