Y. The reports are given in full below:

South Manchester, Coon. May 11, 1913, To the Honorable Board of Selectmen. South Menchester, Conn

Gentlemen:

Being selected as one of the the mechanics to examine the two voting mechines at the Town Hall, on May 8, 1913, beg leave to submit the following report:

After inspecting the general construction of the two machines very simplify matters and would give Construction and the same the machines were simplify matters and would give Construction and the same the water was thrown up to those entired to vote in the cancus to have anything to say in the partitions back of the lockers and overhead in the attic. At the regalla was removed by willing hands and the firemen's axes did effective work in In outling holes through the woodwork to allow the water to be poured in. At one time it looked as though the blaze was getting the better of the firemen and exceeding all through the stric. At this joneture a line by Hose 2 was brought into the main lodge room and the water was thrown up struction of the two machines very simplify matters and would give Concernity, my opinion is that the C. gre-sman Lonergan an opportunity to Hose 2 carried a line up through the beliry in the front of the building an : the firemen turned the water on the

Special May Sale of Furniture

The big trading syndicate of which we are members buys for 16 store all large up-to-date establishments and the purchases are immense. For that reason we get our merchandise always at much lower cost than most stores can, The consequence is we can sell our goods for less than most dealers all the time. You see then when we cut our regular prices for a sale like this it means something in the way of money savings and that they are big ones you can readily see by reading one. You will find the prices the lowest yet quoted.
