

PUBLIC UTILITIES

WILL CHANCES FOR PROMOTERS TO MAKE MONEY.

Ownership Sentiment Has Not Seemed to Have Very Great Vitality.

There are still plenty of chances for making money in public utility enterprises. The wave of ownership sentiment that passed over the country several years ago did not accomplish a great deal in the hands of private companies and only 8 per cent in municipal plants.

The cost of the private plants and equipment is given as \$1,064,824.78, while the public plants cost only \$47,479,447. This would be only 4.5 per cent of the whole investment.

It is evident, therefore, that a man or a set of men want to incorporate and ask for a franchise for some public utility need not be much concerned by the possibility of municipal interference and municipal control.

The present trend of public opinion seems to be more toward regulation. Five years ago there were two states in which public utility plants were under the supervision of commissions.

Some Business Rules. The following list was compiled by Arthur S. Hisey, vice-president of a large public utility organization, and includes what he considers to be the obligations of a service company.

Remembering good, adequate and continuous service. Fair and reasonable rate schedules. No discrimination among customers of the same class or between classes of customers for like service.

Hardest endeavor to market the greatest possible volume of service. Adoption of approved practices and developments in machinery and equipment.

Sound financial management. A high standard of physical maintenance. Public spirited attitude in all matters concerning the general welfare and advancement of the community.

Cooperation with the people in all agreements, promises and announcements. Strict obedience to law and no participation in politics.

Entertainment: A Business Asset. ENTERTAINMENT is the greatest business asset in the world. It binds money and power and influence. Single-handed the entertainment industry dominates where the wealth accumulated by a small army of workers would scarcely raise a tremor of interest.

Good Appearance Counts. "If you have twenty-five dollars, and want a job, it is better to spend twenty for clothes, four dollars for shoes, and the rest for a shave, a hair-cut and a clean collar, and walk in the place, than go with the money in the pockets of a dirty suit."

Three Dainty and Charming Frocks for Indoor Wear

The black champagne frock is made with a front drapery of "pique" lace opening into a series of white stripes. A soft silk crepe in flesh pink forms the second design and is worn with a deep blue in a pale shade of pink.

The pink and white frock is made with a front drapery of "pique" lace opening into a series of white stripes. A soft silk crepe in flesh pink forms the second design and is worn with a deep blue in a pale shade of pink.

Men's for a Spinner. Several weeks ago I had several requests for ideas for "spinning" of fabric, of brotherly mids' parties. I just found this clever man that would be just the thing to use at such a party, and hope it will not be too late to help out.

For refreshments, will serve coffee in the cup, with tin spoons, and dainty sandwiches on tin plates; will pass water in a tin pail, with tin cups. All refreshments will be passed in tin pans, the waiters will use tin coffee pots to refill the coffee cups.

VOL. XXI NO 20 SOUTH MANCHESTER CONN. FRIDAY JULY 18 1913 THREE CENTS

Ninth Day of Our Annual Mid-Summer Piano Sale

Buying a piano is quite an undertaking for most people. With many it means planning for months ahead.

Few people know anything about piano construction or piano tone. The safest course to pursue is to see that the house you buy of is a reliable one.

Our position is such that we could not, even if we chose, afford to sell you an inferior piano. People expect us to sell only reliable makes and we live up to that expectation.

Every piano bought at this sale is guaranteed satisfactory. Here is the latest list

- 1 Gilbert piano, mahogany, new, \$198
1 Wing & Son, Piano, large size, \$195
1 Stultz Bros. piano, mahogany, used, \$180
1 Hall & Co. piano, second hand, \$119
1 Stultz Bros. player piano, slightly used, \$350
1 Laffrage piano, new, \$265
1 Sherwood piano, mahogany, new, \$175
1 Dunham piano, upright, second hand, \$150
1 Schumann piano, used, \$75

Remember our entire stock of well known pianos at this store can be purchased from \$25 to \$50 less than the regular price, and can be bought on easy monthly payments if preferred.

OPEN LETTER

BY CHAIRMAN HOWELL CHENEY OF NINTH SCHOOL DISTRICT

Frank Discussion of Amendments to Charter. Chief Interest Centers in Plan for Public Recreation. Plan for Broad, Liberal Anti-Sectarian Course.

The South Manchester News, South Manchester, Conn. Gentlemen—As the proposed amendments to the Ninth District charter are to come before the District for consideration by referendum vote on July 21st, I deem it proper to make a definite statement as to their general intent and purpose.

The additional powers which the Board of the District are to have are as follows: 1. The inclusion within the District of the property of E. L. G. Howland.

2. The granting to the District of the power to run a trade school and to pay bonuses or wages to pupils. 3. The authorization of the District to undertake public recreation work including the erection and maintenance of grounds and buildings, provided the District specifically votes to do so, and further authorizing the laying of a tax.

4. The granting to the District of the power to issue bonds which may be needed at any future time, and carefully specifying the conditions and safeguards under which they may be issued.

The first three amendments have in large part been covered either by special or general legislation. A special act was passed, without public hearing, including the property of E. L. G. Howland within the District, irrespective of any action it might take.

General acts were passed by the legislature authorizing school districts to conduct and maintain trade schools, and to carry on recreation work, and to lay a tax for their maintenance.

As for the above three proposals, considered, the adoption of the amendments will not to any considerable extent increase the powers of the District as they will exist after the general and special statutes of the last legislature become effective. They do, however, make these powers a little more specific as to the paying of bonuses or wages to trade school pupils, and as to the personal and appointment of a recreation committee.

The District under existing laws already has the power to borrow money on short term notes, and as it is not probable that the District will carry a considerable debt for some years to come, the lack of a bonding power is not a bar to the conduct of any work in the District. This comes under the new town by-law which was recently enacted whereby the town pays one-third of the cost of constructing sidewalks. Many property owners want to build sidewalks and it is thought that an appropriation will be readily voted.

Annual Outing. The local retail liquor dealers held their annual outing at Lake Waquoit last Saturday and all report having had an enjoyable time. The trip to and from the lake was made in automobiles and the catering was done by a Hartford firm. Children, lobster and all the necessary trimmings were served at three o'clock. During the day fishing, boating and bathing were enjoyed by the party. Several guests were included in the party from towns and neighboring towns.

Veterans To Have Outing. The members of Ward Company Spanish War Veterans met at the Armory last evening and appointed the following committee to arrange for the annual outing which will be held Saturday August 9th: Thomas Harriman, George Johnson, William Driscoll, John Waddell, Joseph Debra, Arthur E. Keating and Thomas Murphy. This committee will meet at the Orford hotel next Monday evening at eight o'clock.

Shower for Newlyweds. Several of the friends of Clinton and Mrs. Weir called at their home on South Main street last Monday evening and gave them a surprise. It will be remembered that Mr. and Mrs. Weir were married on Monday evening last and that the party danced at a hotel in Hartford and went by train to New York City. They will spend a honeymoon of two weeks in and about the metropolis and their charming home rooms and their return will live with Mrs. Edith Phillips at 30 Locust street.

Card of Thanks. We desire to hereby give public expression of our appreciation of the many kindnesses shown by neighbors and friends to our mother during her long and painful illness and for the many kind words of sympathy and condolence spoken at the time of her death and burial. We would especially thank those who so generously contributed the lovely transient flowers.

Mrs. Arthur Gardner, South Manchester, July 17, 1913.

Miss Maud Hayes of Hackensack street is employed at Bryans Kandy Kitchen next door to the South Manchester postoffice.

New post will arrive here in place in position this week dividing the laws of the Free Territory and of the Ninth District schools.

Don't Forget the 14th Annual Dinner to be given at the SAVIN ROCK AND LIGHTHOUSE POINT SAT. AUG. 2

Miss Agnes Gabel of Laurel street was taken to the S. Francis hospital last Monday, where she underwent an operation for appendicitis.

The district meeting of Manchester and South Manchester Division Sons of Temperance and of Hawley Division of the same order will take place at St. Mary's parish house tonight.

E. J. Hill who recently bought the Masonic hall is preparing to have same removed to land which he owns on Main street north of the Pentecostal church.

Next Tuesday evening at 7:30 the Soldiers' Army will have an open-air meeting on the lawn of B. J. Bartlett of Pine street.

The Hartford Artisan Well Company has finished drilling well for Frank Bar, the landowner on Maple street. The well is 106 feet in depth and yields a volume of 40 gallons of water per minute.

Frederic Campbell, daughter of Mrs. Andrew Campbell of Bridge street is suffering with a light attack of diphtheria. She is getting along nicely and no danger is expected because of the mildness.

A solemn requiem Mass for Miss Elizabeth M. was celebrated at St. James church Tuesday morning. Rev. Paul F. Keating of Waterville was the celebrant. The Mass was offered up at the instance of the Society of the Sacred Heart of St. James parish and was largely attended.

Arrangements were made yesterday afternoon for a series of five free open air concerts to be given at the Center Park by the Military Band of Manchester. These concerts will be paid for by the donors of the park. The dates will be announced.

Joseph Giesberg has contracted to permit the four-footement block which William E. Babcock is having erected on Birch street. Mr. Giesberg also has a contract to plant the two new trees which E. J. Hill is building in Barnside. Mr. Giesberg expects to move into his new double tenement on Belmont street as soon as he can make the necessary arrangements.

John Burke, the little daughter of William H. and Mrs. Burke of Spruce street is recovering from an attack of diphtheria and it is now hoped the disease will be well. The case was discovered early and preventive measures employed thus averting a severe attack. Antitoxin was administered and it since more proved its efficacy. With this reliable modern weapon the old time terrors of the diphtheria scourge are rapidly eliminated. It used to be considered that diphtheria was a fatal disease. That is no longer the case if suitable action is taken in the early stages of the attack.

Leo O'Connell of Unionville, but formerly of this place, has erected two cottages at Sound View. There has been and now is considerable of a stir in real estate at Sound View. The trolley line from Boston to New York now passes through Sound View near the Catholic church and adds a very important means for getting to and from that shore resort. The coming of the trolley cars there is a pleasing innovation to the cottage owners and is appreciated accordingly by all persons who go there for their summer vacations. The trolley line was completed this week.

The annual mid-summer outing of Hoss & Ledder Company No. 1 to Marlborough last Saturday was well attended and proved to be a fine success. The day furnished delightful weather and everything passed off just as the doctor ordered it. Everybody was happy.

Among the field sports was a game of baseball between the married and single men with Charlie Stone as umpire. Needless to say the married men won. Leave that to Charlie.

The credits of the Sunday school of the North Congregational church enjoyed a lawn party at the home of Miss Emma Robinson on Oakland street just Wednesday afternoon from 2 to 5.

FOR SIDEWALKS

SELECTMEN APPROVE SPECIFICATIONS FURNISHED ENGINEER BOWEN

The selectmen of Manchester have approved the specifications for concrete sidewalks, curbing and granite curbing as drawn up by Engineer J. Frank Bowen. The specifications were approved by the board of selectmen at its meeting held Wednesday evening.

The specifications are to be used in all permanent walks to be built in the future about town and the town will share the cost of the concrete sidewalks with the property owner paying the other two-thirds.

The procedure for permanent sidewalks will be for the property owner to make application to the board of selectmen or to the town engineer to be furnished on request. The specifications will be as printed below.

The selectmen will not be expected to share the cost of the sidewalks. It is only in the case of permanent concrete sidewalks that the town will pay the one-third division of the cost. The specifications are approved as follows:

GRANITE CURBING Granite curbing one and one-half feet high, four feet long, twenty (20) inches deep and five (5) inches wide on top and dressed (top) inches.

CONCRETE CURBING Concrete curbing shall be twenty (20) inches deep, eight (8) inches wide at bottom and five (5) inches wide at top with one (1) inch radius on the outside edges.

CONCRETE WALKS Concrete shall be mixed in the proportion of (1) cement, (2) sand, (4) stone or gravel by measure. The top course is to be from 1 (one) to 1 1/2 (one and one-half) inches in size. Sand is to be coarse and sharp and free from loam. Cement to be a standard Portland cement.

All concrete curbing shall have a reinforced top and all concrete curbing to be laid by town engineer. The top and exposed face are to be finished in mortar with enough lamp black added to give good appearance.

All curbing to be laid in ten (10) foot lengths and ten (10) feet wide.

CONCRETE WALKS Concrete shall be laid to be four (4) inches thick. The bottom course is to be three (3) inches thick and the top course of one (1) cement, 3 sand, 5 stone or gravel by measure—the stone or gravel ranging from 1 (one) to 1 1/2 (one and one-half) inches in size. The sand course is to be a standard Portland cement.

All concrete curbing shall have a reinforced top and all concrete curbing to be laid by town engineer. The top and exposed face are to be finished in mortar with enough lamp black added to give good appearance.

All curbing to be laid in ten (10) foot lengths and ten (10) feet wide.

CONCRETE WALKS Concrete shall be laid to be four (4) inches thick. The bottom course is to be three (3) inches thick and the top course of one (1) cement, 3 sand, 5 stone or gravel by measure—the stone or gravel ranging from 1 (one) to 1 1/2 (one and one-half) inches in size. The sand course is to be a standard Portland cement.

All concrete curbing shall have a reinforced top and all concrete curbing to be laid by town engineer. The top and exposed face are to be finished in mortar with enough lamp black added to give good appearance.

All curbing to be laid in ten (10) foot lengths and ten (10) feet wide.

FOR MORE PROGRESS

MAPLE STREET EXTENSION

SELECTMEN VOTE TO PROCEED WITH CONDEMNATION PROCEEDINGS

Question To Be Thrashed Out In Courts—Municipal Ice Plant Committee—R. E. Carney For Forest Fire Warden—Specifications For Concrete Sidewalks Approved.

The board of selectmen held a special meeting at the hall of records last Wednesday evening to clear the decks of much town business that had accumulated. The board was in session for three and one-half hours and although the Military Band of Manchester was giving a concert in the Center Park nearby the same evening it did not delay the board in its work.

One of the principal pieces of town business was the vote to proceed with condemnation proceedings to have the east end of Maple street opened up to traffic from the north. The board was instructed to proceed with this important matter which has been hanging fire since last October when the voters first met to decide upon the vote. The board of selectmen to have this extension carried through.

All the members of the board were present with the exception of Selectman Carney. The request of Cheney Brothers to put a hoisting device on the Park street bridge was denied upon recommendation of Chairman Cheney to whom the petition had been referred.

The board voted to instruct the highway department to make repairs on Summer street.

The secretary was instructed to write the state highway department regarding the removal of the old bridge over the river. The board will try to get some reimbursement from the department for extra street sprinkling when the town is not provided with the necessary arrival of the oil.

The preliminary work of assessment of benefits and damages for the proposed extension of Maple street has been completed and all papers in the case have been turned over to the town counsel for action looking toward condemnation proceedings and the town counsel was instructed to go ahead with the proceedings.

The arbitration committee which was appointed at the last annual meeting of the board to investigate the case of the old bridge over the river reported that it had agreed on a price of \$7,000. The report was accepted and the committee discharged with a recommendation that Cheney Brothers are to buy the property and the deeds in the transaction will be drawn at once, so the board can have the use of the bridge for the next year.

Bids were received for the construction of retaining walls on the north side of West Center street east and west of the railroad bridge from F. A. James and L. C. Baker Co. The former bid \$700 and the latter bid \$750. It was voted to give the bid to Mr. James at the figure quoted. It will be necessary to change the specifications somewhat and Engineer Bowen will have supervision of the work.

The specifications call for a wall 70 feet long east of the bridge and 125 feet long west of the bridge.

A communication from Highway Commissioner Bennett was read in which he said his department would take over the twin hill section of the road providing the trunk line between Manchester and East Hartford would be abandoned.

While at work in the plumbing department of Cheney Brothers mill last Friday William H. Adams severely cut his left hand while working with a knife. He will not be able to resume work for another week.

Rev. J. A. Bidde was to have conducted the meeting of his church last evening but owing to sickness he will be unable to fill the engagement. The regular business meeting will be conducted as usual.

John Porterfield, collector, is preparing to collect the 2 mill tax levied by the third school district at its annual meeting. The tax is due on the 1st of September and will be unpaid late October 1st. It will be charged interest at 9 per cent. from September 1st. The board of relief of the district will be closed at 10 o'clock on Friday next August 1st from 1.30 to 4 p. m. to hear and take action on the case of the assessors of the district.

White-rook chickens 3 and 4 months old belonging to F. W. Pitkin had been killed by a dog on Monday July 21st and Mr. Pitkin asked the board for them. After discussion Mr. Rogers moved that Mr. Pitkin be allowed \$10.00 to cover his loss and the board so voted. The chickens were reported to be of high grade stock.

Chairman Cheney was authorized to appoint a committee to investigate the question of a municipal ice plant in the town of Manchester. This committee will be composed of Selectmen Schindler, Case and Sheridan. This matter will be brought up at the annual town meeting and the findings of the committee will then be spread before the public.

The resignation of J. D. Disney as town fire warden was received and the board of selectmen reported that the resignation was accepted.

The resignation of J. D. Disney as town fire warden was received and the board of selectmen reported that the resignation was accepted.

The resignation of J. D. Disney as town fire warden was received and the board of selectmen reported that the resignation was accepted.

The resignation of J. D. Disney as town fire warden was received and the board of selectmen reported that the resignation was accepted.

Service

Counts!

The million dollar "Hump" at Mechanicsville is the latest development in freight yard construction.

A freight train is backed up the slight incline to the "Hump." There the train is broken up.

The cars are then carried by gravity each to its classified track.

The older method required backing the entire train to place one car.

This is only one of many ways devised to give you the best freight service on the continent.

Throw Out The Line

Give the Kidneys Help and Many People Will Be Happier

There are millions of people who are suffering from kidney trouble. They often overlook it, don't get the proper kind of help, and the trouble becomes chronic.

Parad-Jolie

William Parod and Miss Delana Jolie were married last Saturday.

The bride is Miss Delana Jolie, daughter of Mr. and Mrs. J. C. Jolie of Waterville.

The groom is William Parod, son of Mr. and Mrs. Wm. Parod of Waterville.

The ceremony was performed by Rev. J. A. Bidde at the home of the bride.

The bride wore a white tulle gown and carried a bouquet of white flowers.

The groom wore a dark suit and a white shirt with a red tie.

The wedding party included Miss Delana Jolie, William Parod, and several bridesmaids.

The reception was held at the home of the bride.

The bride and groom will reside in Waterville.
