Box Social Next Week and Happy Gathering Expected

A meeting of So. Manchester Council No. 49, F. B. L. will take place in Foresters hall next Thursday evening. Besides the regular meeting of the council a box social will ensue and a very delightful time is anticipated. Each member is given the privilege of inviting friends to the box social as it is intended to have a number of persons not members at the event.

The ladies are expected to bring beautifully decorated boxes which will be put up at auction and sold to the highest bidder in the usual way. The rivalry caused by this sale is always an element of much and mirth to all present.

At the business meeting there will be three delegates chosen to the supreme convention, which is to assemble in New Haven, probably April 9, 1914.

The local council of the F. B. L. ranks among the liveliest of societies. Its officers are faithful, industrious and efficient workers and lose no opportunity whatsoever to advance the interests of the order. They are always alert for entertainment of their members and are constantly seeking to make their meetings attractive. They also bend every effort to the task of increasing their membership and their efforts to have and to hold are eminently successful.

REQUEST TO CHURCH

LATE E. T. CARRIER LEAVES \$1,000 IN TRUST FOR SOUTH M. E. CHURCH

Fourth Quarterly Conference Extends Unanimous Request for Return of Rev. S. E. Ellis As Pastor—Officers Elected for Coming Year

The fourth quarterly conference, the important business meeting of the year in Methodist circles, was held last Wednesday evening at the South Methodist church. Rev. George G. Stevens, district superintendent, presiding. There was a large and representative attendance. Reports from the various organizations were read. The most interesting item in the minutes was the report of a bequest that has come to them from the heirs of the late E. T. Carrier.

The bequest, amounting to \$1,000 in trust, the income of which is to be used for current expenses. It is understood that a like sum of money has been given to the Modus Methodist church, the board of home of Mr. Carrier. Mr. Carrier had been a honored member of the local church for 64 years, and for 40 years a trustee. Suitable resolutions were presented by R. N. Stanley.

By unanimous vote the return of both the pastor, Rev. S. E. Ellis, and the Deaconsess, Miss Elizabeth E. Hall was requested. Although this meeting is considered the most important of the year to the Methodists its business does not include a full financial and statistical report which can only be made after the conference year has closed. Reports to date however, many of which will not be materially affected during the few remaining weeks of the year, showed the various organizations in good working condition. It is hoped to close the year free from debt. The membership will show a slight increase.

The following officers were elected for the coming year:

Stewards: E. C. Stant, recording (treasurer); Mrs. Robert W. Stanley, district; Willard Case, Sanford M. Benton, H. Ross Lewis, Lewis St. C. Burr, Ezekiel Benson, F. J. Bernal, N. C. Ingalls, David Dyer, James Rogers, Christopher Glenney, Geo. E. Ferris, J. Howard Keith, E. M. Dutton, George W. Ferris, Frank Mullen, John L. Winterbottom, Sidney Strickland.

The following delegates were chosen to the Laymen's Association of the annual conference to meet March 27, in Williamstic: Paul C. Ferris and William E. Keith.

Alternates: J. L. Winterbottom and Frank Mullen. Delegate to the Williamstic Camp Meeting Association, Mrs. Mary E. Humphries.

Denies Charge

R. Lehmann, who conducts a grocery store at Cooper and West Center streets informs The News that the published report that he was planning to retire from business is not true. Mr. Lehmann says that he is doing business at the old stand and intends to continue same. He is anxious to have the public know these facts.

Punished the Youngster

The town visitor to the country lane appeared in a bathing suit charming but abbreviated. "Haven't you gone into long dress yet, Miss Anna?" asked a wondering youngster on the shore.

Henry F. Case Machine Shop Changes Hands

Last Tuesday Henry F. Case sold his machine shop on Gardner street, South Manchester to Loren E. House who in turn sold it to Cheney Brothers and directly thereafter took a five-years lease of the shop and all the possessions therein. Mr. Case has conducted the machine shop at that point for the past forty-five years and he is now 76 years old and in vigorous health. Except upon very fine work he does not find it necessary to wear spectacles as his eyesight has been preserved to an unusual degree. The sale includes the machinery, patterns and all other devices contained in the shop.

Mr. House has been employed in the Case Machine shop for the past 26 years, where he started in as a boy and learned the trade under the competent direction of Mr. Case. He is at present a master workman and thorough mechanic, familiar with every detail of the business, and is in a position to supply all demands made upon him. Mr. House will be well pleased to have all the old customers continue their patronage and also trusts that many new ones may seek his assistance when in need of expert machine work. On his part, he purposes to give every order his most careful, practical, thorough and workmanlike attention.—Adv.

Local Woman Now A Big Advertiser

When one of our women customers recently bought five bottles of Harmony Hair Beautifier to give to her friends for Christmas, she started all by herself a mighty big advertising campaign, because not only does each one of the women to whom she gave a bottle of the Beautifier now consider it indispensable for the proper care of the hair, but each of them has been the means of getting several of her friends to use it. As a consequence, if things keep on in this way for a few months longer, we will be selling more of it than of all other hair preparations combined.

Apply a little Harmony Hair Beautifier to your hair each time before brushing it. Contains no oil; will not change color of hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This light shampoo gives an instantaneous, rich, foaming lather that immediately penetrates to every part of the hair and scalp, insuring a quick and thorough cleansing. If it is washed out as quickly, the entire operation taking only a few moments.

Contains nothing that can harm the hair, leaves no harshness or stickiness, just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops.

Harmony Hair Beautifier, H. B. House.

HEARINGS GIVEN - CORPORATIONS AND INDIVIDUALS BY SELECTION Connecticut Center Seeks Delay. Must Center Decks. Gas Company Unwilling to Extend Maina North. Will Sell Charter Rights Cheap. Would Use Hartford Gas.

Dear Sir: In the issue of the Hartford Times of February 25th, I read as follows: "The country is not facing an unusual crisis in the matter of unemployment."

"There is no prospect of unemployment in my state," said W. C. Cheney, delegate from Connecticut. "In fact, the unemployment situation in this state is better than in any other state."

I am employing at present twenty-four hands but I had positions for three hundred I could find enough work for them. I am not looking for any more work. I am not looking for any more work."

Connecticut Company Represented The hearing was called to order by Chairman Howard L. Taylor with all the selectmen present excepting Selectmen G. E. Willis, Alfred W. Brown and the official notice of the hearing General Manager Warren P. Bristol was heard. Mr. Bristol said that the Connecticut Company had nothing to say in regard to the contemplated improvements other than the notice of the hearing and had taken no official action in the matter.

Telephone Company Represented Engineer Carlisle represented the Southern New England Telephone Company and he said that the company was ready to continue the underground conduits from Middle turnpike to Miner street, but wished the north work to be on the east side of the trolley tracks after some work was done in that event they could not undertake their work until the tracks were relocated. His company however was not opposed in any way to the proposed improvements.

WOMEN PROTEST

AGAINST SELECTMEN'S DISPOSAL OF STORM SURFACE WATER ON MAIN STREET The price that most men of what ever station take in their work can be a dictator, but rather than be a dictator, the problem of efficiency is not a matter of abstruse calculation and lengthy red tape, but a simple process of obtaining the best results with the least effort, it is bound to be interested. If the expert poses not as a dictator, but rather as a teacher—and proves his ability for the job in a hundred ways, he will win respect.

Use Pointed and Powerful Verbal Remonstrance in Vain. One Body of Neighbors Delighted and Another Gravelously Disturbed. Ladies Redress Probable. The board of selectmen ran into a lot of trouble last Monday afternoon when they were accompanied by Engineer Bowen and the members of the press, called for the afternoon. They were there for the purpose of seeing the water in the gutter before the gutter was closed. The board of selectmen was called upon to investigate the conditions there and they were told that the water was not being disposed of properly.

TRAINING AS POWER EXPERT Power is one of the greatest factors in modern-day work. The thousand and one branches of it offer admirable opportunities for advancement. It is a fact that the man who is not a power expert is not a power expert. It is a fact that the man who is not a power expert is not a power expert.

EAT MORE BREAD.

Bread is the one food which perfectly combines in itself all the elements which give strength to the body. It is, and always has been, the chief food of the earth's hardest people.

None of the breakfast foods, health foods or other fad foods can equal bread in nourishment. Nor can meat or other heavy foods.

Because of its lightness and tenderness, perfect digestibility and its sweet nutty flavor, Goetz's bread is the most nutritious and appetizing of all foods.

Eat more Goetz's bread. Makes the young strong and the strong healthier.

NED NELSON ENDEAVORING TO EFFECT SETTLEMENT

Ned Nelson, who has been doing business in the Holl block near the Center under the name of the Enterprise Grocery is unable to pay his debts and was about to file a petition in bankruptcy. Some of his largest creditors however, thought it better to call a general meeting of all the creditors with a view of appointing a committee to handle the assets and to distribute same among the creditors, etc. Mr. Nelson has consented to this plan with the understanding that he is to get a release similar to that which he would if he went through bankruptcy. There will therefore be a meeting of his creditors at the office of Harry M. Burke in Hartford this afternoon to take action in the matter.

Mr. Nelson has met with a series of reverses that have borne heavily upon him since starting in business about two years ago. He has been afflicted with considerable sickness and lost a valuable horse during the short period of his business experience. The shipping broke down in his store a few months ago destroying a considerable amount of bottled goods, etc. and entailing quite a financial loss, on which he carried no insurance.

In addition to these untoward circumstances, Mr. Nelson found at the first of the year that he had upwards of \$1,800 due him on his books. As a result collections have been slow with him and he found it quite difficult to meet his financial obligations. The total amount of his liabilities is approximately \$2,000. Taking into account of stock he has in his store, together with his bills receivable, his horse, wagons, store fixtures, etc., if he were to sell his creditors stand a fairly good chance of coming out of the difficulty nearly whole.

The present plan of settlement of the affairs looks like a good one and should rebound to the benefit of the creditors. It will have all the costs of the bankruptcy court which would approximate \$400 or thereabouts. This amount will be added to the dividends of the creditors. Mr. Nelson has retained Mr. Burke as his attorney and if everything works out as now proposed the probabilities are that Mr. Nelson may be permitted to sell out the stock, horse, wagons, fixtures, etc. as best he can and turn the money over to Mr. Burke for settlement with the creditors. Mr. Nelson's store has all the week and meanwhile he is strenuously occupied in endeavoring to collect the various amounts due him. All of these collections are being turned in to Mr. Burke.

Mr. Nelson is willing to give his personal time and efforts to the satisfactory distribution of the property and settlement of all claims. In any case he may be consistent with the circumstances if the case.

MET LAST EVENING

Business Men Enjoy Substantial Roast Beef Supper

The regular monthly meeting of the Manchester Business Men's Association took place last evening in Old Fellows hall where an old fashioned roast beef supper was served and heartily enjoyed. Raleigh Center Bakery prepared the roast beef and the culinary department of the association provided the remainder of the feast and served it steaming hot and in good order.

It was intended to have music and song to add to the gaiety of the occasion last evening but owing to the sudden and unexpected death of Thomas M. Trotter this part of the program was eliminated.

The following committee was appointed to officially represent the association at the funeral of Mr. Trotter: E. L. G. Hobenthal, W. C. Cheney, H. M. Burke, F. H. Anderson, R. V. Trout, W. E. Hibbard, P. J. O'Leary, John Carras and Healy West.

The following committee was chosen to draft suitable resolutions upon the death of Mr. Trotter: G. W. Ferris, D. W. Bish and J. H. Stannard.

It was voted to ask all the proprietors of all the business places in town to draw the curtains in their stores between 2:00 and 3:00 o'clock tomorrow afternoon during the funeral services for Mr. Trotter.

The banquet committee made a final report and it was found that the annual feast caused a deficit of \$380.00.

E. S. Ela, who has recently returned from a European tour gave an interesting and informing talk upon his observations of the various places which he had visited. The talk contained many points of information not usually written in books of travel. He supplied many helpful suggestions for persons who might desire to take that same trip.

Mr. Hubbard Will Build

J. B. Hubbard is planning to erect a cottage on Park street near the west end of the street to the new site on Park street. The removal of the house and the grading of the grounds to compare with the St. James church lawn will be greatly appreciated by drivers of automobiles and other vehicles. It will give them an early view of approaching trolley cars or other vehicles from the south. The steep grade of Park street leading to Main, the prominence of the knoll and the obstruction of the building make that place a rather dangerous one for drivers of vehicles. While working this good to the general public in this way the transformation will also do much to beautify the surroundings at that location.

Hibernian Notes

The local division of Hibernian will approach Holy Communion in a body at St. James church at the 8:30 mass next Sunday.

At the regular meeting of the local division of Hibernians in Cheney Hall last Tuesday evening President Harry M. Burke, in behalf of the division presented Past President William P. Uncles with a past president's Jewel. The presentation in complimentary terms. Mr. Uncles received the gift with an appropriate acknowledgment of his thanks to the division.

The Hibernian division is looking forward with much pleasurable anticipation to their annual St. Patrick's night ball which is to take place at Cheney Hall next Tuesday evening. It is quite customary for them to attract large assemblages on these occasions and it may be taken for granted that a very large body of the finest young men of Erin and others will dance merrily at Cheney Hall in honor of St. Patrick's day.

S. M. H. S. Notes

Harry C. Folsom, formerly principal of this high school, but now in the Greenfield school, spent Saturday and Sunday in town visiting friends. Mr. Folsom will spend the coming summer abroad, visiting England, Scotland, France, Germany and possibly Switzerland.

The boys on the basketball team showed more ginger last Saturday night in the game with New Britain than in any other home game yet played. Perhaps it was because they made a little money—anyhow their playing then could not be considered a report on the game will be found in another column of the News.

Tuesday afternoon Miss Persons the singing teacher, spoke to the high school pupils on Music and How to Appreciate It. She would divide a concert audience into four parts, 1. those who were unappreciative, having come to the concert merely because there was nothing better to do, 2. those who enjoyed music because of its tunefulness, 3. students who picked up the numbers to pieces, making note of the theme or repeated portion in each selection, 4. those who tried to find out what the composer was trying to say or express when he wrote the music. She explained how themes were employed in composing music and how the different types, on the piano. She told for what purposes the various strings and wind instruments served, and also told some of the lives of the composers whose pieces were to be played in the Masquerade Sextet program on the following night.

A Suggestion

For some time past the News has been devoting a certain amount of space for R. M. H. S. notes. Now notes are O. K. and are found interesting to most, but would it not be more interesting to have this school section enlarged so as to contain essays, poems school affairs and contributions of this sort by the pupils of the school themselves? Why not make the News the school chronicle and have contributions by the pupils, as others do, have? If any pupil has anything interesting to insert it will be given attention if handed to Stuart Finlay.

The basketball team will play in Naugatuck tonight. Two or three others then those on the team are planning to make the trip with them.

Improvements Started

The trees on St. James Church property on Main and Park streets have been cut down during the past week and preparations are being made to bring that lot to the grade of the St. James church lawn. This work will be started as soon as the front is out of the ground. It is intended to dig a cellar on the Park street side of the lot near the westerly boundary and to remove the building presently fronting on Main street to the new site on Park street. The removal of the house and the grading of the grounds to compare with the St. James church lawn will be greatly appreciated by drivers of automobiles and other vehicles. It will give them an early view of approaching trolley cars or other vehicles from the south. The steep grade of Park street leading to Main, the prominence of the knoll and the obstruction of the building make that place a rather dangerous one for drivers of vehicles.
