Tax Collector George H. Howe is receiving the tax money from property owners now day after day. He holds all sessions at the Hall of Records. Taxes are not coming in with much of a rush as yet. There is no bonus for early payment.

The builders inform us that the first is still as much as two and one half feet deep in shaded places and one this place where she resided before her marriage. Her husband, N. C. Hack, conducted a saloon at 541 Main and Wells streets, Hartford f r a number of years but has recently disposed of the business.

At a meeting of Washington L. O. L. Corporation held at Orange hall last Friday evening officers for the ensuing year were chosen and reports of the officers were heard. It was reported that the debt on the building had been wiped out during the year and that at present there were only a few obligations against the corporation. The following officers were chosen for the emsuing year. President, Hamilton Metcalf, and in spection of same more easy of access and conventient for his patrons. Improved lighting is another pleasing feature of the improvements in his store. In the improvements in his store. frost is still as much as two and one-half feet deep in shaded places and on the north side of buildings. They are eagerly awaiting the coming of a warm rain to remove the frost in order that excavations may be made with speed and at reduced expense. With such a depth of frost the cost of digging foundations is practically prehibititive.

will prevent small cavities from becoming big ones, arrest decay and

From our personal experience we find that in a majority of cases where people are suffering from bad teeth the true cause was mostly due to the fact that they dreaded the dental chair.

This dread disappears with those who have received one treatment by the scientific and positively painless method of the Yale Dentists. This fact of painless dentistry is made possible in the office of The Yale Dentists because they use the latest and most improved analgesic apparatus. By this method teeth can be extracted filled or crowned positively without pain, no matter how old and nervous the person may be.

We can furnish testimonials of patients who could not wear false teeth or other makes, and are now enjoying a Yale suction set. Our prices are not higher than what other dentists charge. Extractions tree when sets are ordered. Call on us and let us give you a free esti-

forty-cent table d-hote and smoked five-cent cigars practicing, just practicing, trying to get used to it.

"But I couldn't: That was all—I simply couldn't! All my good resolutions went to smash every time I took a look at Broadway. I knew my credit was good; the things I wanted were there; I could have them; so—well. I took them, that was all!"

CHAPTER I—Jackson Jones, nicknamed "Broadway," because of his continual glorification of New York's great thoroughfare, is anxious to get away from his home town of Jonesville. Abner Jones, his uncle, is very angry because Broatway refuses to settle down and take a place in the gum factory in which he succeeded to his father's interest.

"Hasn't morried me?" Broadway's voice was hitter "Wall I Jee't man't voice was hitter "Wall I Jee't man't worried me?" "I don't know the exact amount, but that's a fairly good guess."

or two, and where to you suppose I was when I'm Delmonico's, cating breakfast! Turned in there out of force of habit.

"I made a dozen attempts to do the right thing. I out out automobiles and rode in street cars for three days; I went to an oponing night at a theater and sat in the gallery; I bought a pair of ready-made shoes; I site meals at a forty-cent table d-hote and smoked five-cent cigars—practicing, just practicing, ju

voice was bitter. "Well, I don't mind

CHAPTER II—Judge Spotswood informs Broadway that £50,00 Left him by his father is at his disposal. Broadway makes record time in heading for his favorite street in New York.

CHAPTER III—With his New York friend, Robert Wallace, Broadway creates a sensation by his extravagance on the White Way. Four years pass and Broadway suddenly discovers that he is not only broke, but heavily in debt. He applies to his uncle for a loan and receives a package of chewing gum with the advice to chew it and forget his troubles. He quietly seeks work without success.

CHAPTER IV—Broadway gives what is hetended to be a farewell supper to his New York friends, and before it is over becomes engaged to Mrs. Gerard, an ancient widow, wealthy and very giddy.

CHAPTER V—Wallace expostulates

and then. That's the kind of a town it is.

"That's had enough. Guess what is.

"The Hyed up to the name, I guess.
I know every newabop, policeman, action, chorus girl, wine agent, gambler and bartender on the street. I've been to bed just one night in five years before six clock in the morning and was when I had a toothache and my saw when I h

that he had not been wholly admirable in his general course.

"Don't you suppose I know it's a shabby thing to do?" he urged. "But, great Scott! look at the fir I'm in!"

Wallace made a genture of negation. It was clear that he refused to grant that anything could excuse his friend's course with the widow.

"Tou're not sore at me, Bob, are you." Brosdway pleaded.

"Tou're brosdway pleaded.

"Jou're you early this morning." "You're not sore at me, Bob, are you'" Broadway pleaded.

"Tve said my say. You've heard my opinion."

"Do you think everyone will feel that way about it?"

"Of course."

Broadway was distressed beyond his feeble power of explanation. Pacing up and down, he moaned:

"If it wasn't for those debts! If it wasn't for the bills I owe!"

"And hour ago, and he told me he had wired you early this morning."

"No," said Broadway definitely.

"Hold on. Rankin did hand me a wire. I didn't read it." Broadway searched the table, then his pockets and finally discovered the crumples and unopened telegram must him watch.

"You have my deepest sympathy.

Mr. Jones," said Pembroke unclassion, as he was tearing off the envelope

chent widow, wealthy and very giddy.

CHAPTER V-Wallace expostulates with the aged first and her youthful flance, but fails to better the situation. He learns that Broadway's broke and offers him a position with his father's advertising firm, but it is declined. Wallace the situation. The learns that Broadway's adairs.

"What was the idea?"

"Would you mind if I looked them of your would. You will for two nights and couldn't stand it sible—unless I marry her."

"No: I wish you would. You will tread:

wasn't for the bills I owe!"

"You don't know the exact amount?" ly, as he was tearing off the envelope

"Now, don't give me the third de-gree, please! Look here! I'm so nerv-ous that I'm trembling like a leaf."
"Where are those bills?"
"Toning what?"
"U-m? Er—yes. He is abroad."
Pembroke nodded with an uncilon rapidly increasing. "Yes. How and that it should happen while he was

"Sure, he answered. Sent me a package of the gum and the advice: 'Chew this and forget your troubles.' He's in Europe now. He's worth a million, if he's worth a nickel, and he bought me that he must answer hotly. It was the only thing remaining for him.

other job, Rankin.'

The butler almost fainted. "Hasn't my service been satisfactory, sir?"

"Oh, yes; everything has been all right; but, you see, Rankin, I'm going only thing remaining for him.

W. Cheney who worked out the first strength, comfort and cheerfulmethod of making tailors silk twist ness which depend on the condi-

Second: Appropriations for trunk tioned above with the appropriations for repairs to state aid roads and for Third: Appropriations for State the operation of the department, the construction of making the first tailors silk twist ever making the first tailors silk twist ever time-tested, safe and speedy made in this country. first, that it is cheap in cost; se cond, where she married William Lee. After

mobilists in motor taxes. Evidently this gives us an appropriation of \$990,000 a year for repairs. Considered as a total this is large, but when applied to 900 miles of road which are in a more or less worn out condition, and all of which must be oiled at a cost of approximately \$600 per mile, it can readily be seen that the appropriation is none too large.

Second: Under the second heading, Approximation for Trunk Line, it is considered to all the work requested of them and it is a very difficult to a very difficult task to apport to this money in a manner which will give the best results to the state at large. In apportion is none too large.

Approximately \$600 per mile, it can readily be seen, therefore, the endeavor has a slip pery as bituminous pavement in the that the simposible for the Highway pery as bituminous pavement in the that the simposible for the Highway pery as bituminous pavement in the that the simposible for the Highway pery as bituminous pavement in the that the travel is quite heavy and concrete roads seem to present the best solution of this part of the problem.

Questi ns Answered

Mr. Bennett then said he would answer any questions that might he asked him regarding his work, in so her advanced age was not sufficiently be readily be seen, therefore, the endeavor has a slip pery as bituminous pavement in the that while slippery, it is not as slip pery as bituminous pavement in the that while slippery, it is not as slip pery as bituminous pavement in the that while slippery, it is not as slip pery as bituminous pavement in the that while slippery, it is not as slip pery as bituminous pavement in the that while slippery, it is not as slip pery as bituminous pavement in the that while slippery, it is not as slip pery as bituminous pavement in the that while slippery, it is not as slip pery as bituminous pavement in the that while slippery, it is not as slip pery as bituminous pavement in the that while slippery, it is not as slip pery as bituminous pavement in the that while slippery, it is local influence and this idea in con- a question as to the comparative cost previous shock a year and a half ago

Highway Commissioner cannot any one particular section, for in this road will be eight inches thick in the Rounds of Willington and one step-son, collectible on the add to this system without legislative way and in this way only will our center and taper to six inches in the William Terrill of Tolland. add to this system without legislative enactment. The cost of construction and maintenance of these roads is borne entirely by the State without assistance from the towns, and on these roads the Highway Commissioner has the same authority as the town officials with the exception of the fact that the state is not respon to the fact that the state is not respon to the form and of \$1.750,000 each year, which will be asked for an appropriation of \$1.750,000 each year, which will be asked for a suppropriation of \$1.750,000 each year, which is not respon to the form and the that the state is not respon to the form and the first properties of the fact that the state is not respon to the form and the state is not respon to the form and the first properties of the fact that the state is not respon to the form and the first properties of the fact that the state is not respon to the form and the first properties to the form and the first properties to six inches in the highway system be a success.

With regard to future appropriation will our center and taper to six inches in the gutters.

A warrenite road with a stone foundation would cost \$2.00 on Mill street Tuesday morning after an illness of several weeks. He had a slight touch of pneumonia which weakened his heart and the end came stight touch of pneumonia which weakened his heart and the end came stight touch of pneumonia which weakened his heart and the end came stight touch of pneumonia which weakened his heart and the end came stight touch of pneumonia which weakened his heart and the end came stight touch of pneumonia which weakened his heart and the end came stight touch of pneumonia which weakened his heart and the end came stight touch of pneumonia which weakened his heart and the end came stight touch of pneumonia which weakened his heart and the end came stight touch of pneumonia which weakened his heart and the end came stight touch of pneumonia which weakened his heart and the end came stight touch of pneumonia which weakened his heart and the end came s sible for accidents. This exception makes the operation of the law very difficult. It is necessary to say in difficult. It is necessary to say in accordance with this trunk line western.

This exception which cost \$3.750,000 each year, which cost \$3.50 per square yard.

The type of road to be built depends suddenly. Mr. Templeton had lived in Manchester for over 40 years. He was to April 20th inclusive, except biles, will allow the department first to keep on with the state aid roads at over it and it was his opinion that the

difficult. It is necessary to say in connection with this trunk line system that it is much too extensive for the nount of money which can be applied by the state to highway construction. The completion of this system alone (without any appropriations for renewals of portions already worn out)

to keep on with the state aid roads at concrete road offered the best solution for the best solution for the Main street job in this town. He was not trying to force any particular kind of road on this or any other town. If the town does not want it some other kind of road may the built.

to keep on with the state aid roads at concrete road offered the best solution for the Main street job in this town. He was not trying to force any particular kind of road on this or any other town. If the town does not want it some other kind of road may the built.

The built is necessary to say in the country shortly after the Civil War. For years he was a bounfixer in the country shortly after the Civil War. For years he was a bounfixer in the old Union mill. Later he was employed at Case's paper milt, where he met with an accident that forced him to retire from active work. His wife died only three weeks ago. He is

to pame and passess the greatest possible longevity. Testing species is in itself interesting, but few have the time for it, and therefore we should use care in buying only from the reliable seed.

W. H. STEVENSON.

done by cultivation. The reason is this—water is carried from the lower zones of the soil by capillarity. It rises in the soil from soil particle to soil, particle, and finally it reaches the surin torying only from the reliable seed houses. Corn, however, should be test ed in order to avoid loss from low vital.

From 275 to 600 tons of water are required to produce one ton of dry matter. Out to produce one ton of dry matter. Out houses. Corn. however, should be test ed in order to avoid loss from low vital ity and thus having to replant. Test in seeds is a simple matter, and many portions of the United crops. In many portions of the United various creates, this agency—namely, a good form. Each is struggling the province one ton of dry matter of the soil and is lost by evaporation unless the upward movement is the open we see trees growing so checked by some agency. Now, cultivation creates, this agency—namely, and the province one ton of dry matter.

FLIES.

Pa., at the close of the swatting prize contest last season. This was only a fraction of those Kriedler won first prize of \$2 for

P. K. EDWARDS. nating seeds to break the crust and mark the rows so that cultivation may in buying commercial fertilizer do bane of our existence as boys, for no mark the rows so that cultivation may begin early. Frequently a crop of radishes may be grown this way before the main crop takes up the land. The following vegetables may be planted as soon as the soil is fit to work:

In bpying commercial fertilizer do matter how securely we fastened the old boards the pigs would get out just when we were starting for the swimming hole or going berrying. Now concrete posts and wire fencing have besides may be planted as shallow, sandy or loamy, containing liberal supplies of plant food which

specing of the posts around this gar. varied. There is less fuss in rearing of chicks soda, which becomes immediately avail- ular case the posts being of chestnut only differ in details.

posts from being loosened when the wire was tightened. On top of these anchors large stones were laid before Under the head "Short Names for the earth was replaced.

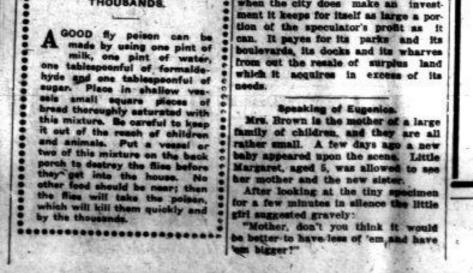

Lettuce 5-3-10 colors content to either the hen or the heatless brooder, for while some hens do good brooding and in some seasons you can ruse good chicks with the fireless brooder, yet for easy, successful brooding of fifty—bicks my preference is for the heated brooder.

These elements provide plant food to strict crops and feed them through the season. To use this table remember to hen or machine and transferred to the well warmed brooder. I prefer it should be fully as warm under the hover as was the incubator, then, if too hot, the chicks can be apread out into the less warm part of the brooder floor, or if at any hour the temperature drops the chicks can retire to a warmer place under the hover.

At the start the chicks get cool water to drink and only the food that is in the follows and only the food that is in the first the chicks get cool water to drink and only the food that is in the first to the corner and end posts extended to more and end posts extended to more the corner and end posts extended to more the corner and end posts extended to more and end posts extended; also provide for two bolt holes of each post, one near the bottom, to be used of the corner and end posts extended; also provide for two bolt holes of each post, one near the bottom, to be used of the corner and end posts extended; also provide for two bolt holes of each post, one near the top, the other or the wire is stapled.

In setting some 800 feet of poultry form the writer used which had a tendency to pull the posts are the villed and numerals are popular as streed designation. To these about posts set three feet in the ground. To these about posts were bolted dwe foot wooden strips 3 by 4 inches, to which the write was stapled.

The 4-10 calls for 10 per cent of 102 pounds, in feeding plants are up spread at him or and them no anchors are framewall and then no anchors are framewall and the modern the bottom, to be used of the wooden strips 10 to the well as post, one near the top, the other the writer used to the writer used in

the after stages Many people take it after they have had the grip. Their convalescence is slow. They have suffered along for a month or two, without any signs of complete recovery. Then they to Peruna as a tonic, with splendid Mrs. Jane Gift, R. F. D. 1, Athena, Mill Construction

Ohio, whose portrait appears above, writes: "I think I would have been dead long ago if it had not been for Peruna. Six years ago I had la grippe very bad. The doctor came to see me every day, but I gradually grew worse. I told my husband I thought I would surely die if I did not get relief soon.

"One day I picked up the newspaper and accidentally found a testipontal of a woman who had been cured of grip by Peruna. I told my hushand I wanted to try it. He went directly to the drug store and got a WELLS DRILLED bottle of Peruna. I could see the improvement in a very short time and was soon able to do my work. I continued using it until I was entirely Mr. Victor Patneaude, 328 Madison Phone 104 4

St., Topeka, Kas., writes: "Twelve years ago I had a severe attack of la grippe and I never really recovered my health and strength, but grew wenker every year, until I was unable to work. "Two years ago I began using Pe-

runa and it built up my strength so that in a couple of months I was able to go to work again. This winter I had another attack of la grippe, but Peruna soon drove it out of my system. My wife and I consider it a ousehold remedy." Those who object to liquid medi-

ines can now obtain Peruna Tablets.

Where Dentistry is a Pleasure

From our personal experience we find that in a majority of cases where people are suffering from bad teeth the true cause was mostly due to the fact that they dreaded the dental chair.

This dread disappears with those who have received one treatment by the scientific and positively painless method of the Yale Dentists. This fact of painless dentistry is made possible in the office of the Yale Dentists because they use the latest and most improved analysesic apparatus. By this method teeth can be extracted filled or crowned positively without pain, no matter how old and nervous the person may be.

NO NEED WEARING FALSE SETS

If you have broken down or missing teeth we can replace them by our Yale bridge work system so that it will be impossible to detect them from your natural teeth, and you will not be obliged to wear any plate. If your teeth are loose do not have them extracted, we can cure them and tighten them for you permanently. We invite the people who are wearing false sets of teeth that do not fit or drop to call on us and we will insert the Yale suction, which makes sets stay up. We can furnish testimonials of patients who could not wear false teeth or other makes, and are now enjoying a Yale suction set. Our prices are not higher than what other dentists charge. Extractions free when sets are ordered. Call on us and let us give you a free esti-

Mrs. John Q. Walker to assist her to untangle a peculiar situation in which she is taxed for property she does not own. When she made out her tax list last fall she claims that she told the board of assessors that there was no board of assessors that the control of the board of assessors that the control of the change in her list from the previous Lamb, veal, pork and beef, the best year and she supposed the old list was copied and she signed the list and made oath to it. According to her story she owns lots number 3, 6, 7, 8 and 9 of the Walker tract on East Center street. She has built a house on lot number 3. When she went up to pay her taxes this year she was surprised that they had been boosted and on looking at her bill found that she was taxed for lots numbered 4, 5, 7, 8 and 9. Collector Howe said that he could not change the lists as they had been handed to him and referred her to the selectmen. It appears that she is taked for lots number 4 and 5 which she does not own, and lot number 6 which is her property is not taxed at all. Also that lot number 4, for which she is taxed is also taxed to another
