Where Dentistry is a Pleasure

From our personal experience we find that in a majority of cases where people are suffering from bad teeth the true cause was mostly due to the fact that they dreaded the dental chair. This dread disappears with those who have received one tre ment by the scientific and positively painless method of the Yule Dent

ists. This fact of painless dentistry is made possible in the office of The Yale Dentists because they use the latest and most improved analgesic apparatus. By this method teeth can be extracted, filled or crowned positively without pain, no matter how old and nervous the person may

If you have broken down or missing teeth we can replace the by our Yale bridge work system so that it will be impossible to detec them from your natural teeth, and you will not be obliged to wear any plate. If your teeth are loose do not have them extracted, we can cure them and tighten them for you permanently. We invite the people who are wearing false sets of teeth that do not fit or drop to call on us and we will insert the Yale suction which makes sets stay up. We can furnish testimonials of patients who could not wear fa prices are not higher than what other dentists charge. Extractions free when sets are ordered. Call on us and let us give you a free esti-

From our personal experience we find that in a majority of cases where people are suffering from bad teeth the true cause was mostly due to the fact that they dreaded the dental chair.

This dread disappears with those who have received one treatment by the scientific and positively painless method of the Yale Dentists. This fact of painless dentistry is made possible in the office of The Yale Dentists because they use the latest and most improved analysis apparatus. By this method teeth can be extracted, filled or crowned positively without pain, no matter how old and nervous the person

If you have broken down or missing teeth we can replace them by our Yale bridge work system so that it will be impossible to detect them from your natural teeth, and you will not be obliged to wear any Church. George W. Finlay, William Portland to piay.

Mr. Man! What Collar Do You Wear?

IF ITS "BARKER" IT IS LINEN. If it is not the Barker collar the chances are nine to one that you are wearing cotton collars. The Barker collars are the only two for a quarter kind that are linen and stamped so. It is against the law to stamp collars "Warranted Linen" if they are not linen. Barker Collars are Linen.

WHY BARKER COLLARS ARE BEST Becaese they are made of Irish linen that is sun bleached. For that reason they have greater durability, better finish when laundered, and more comfortable to wear than other kinds.

BARKER COLLARS ARE SHRUNK IN THE MAKING that gives them perfect fit. Another great point, being made of linen they come from the laundry with that clean snow white look that cotton collars never have. Buy

BEWARE!

The Board of Health has posted signs about town prohibiting spitting upon the sidewalks, in accordance with the state law. In Connecticut cities the to be and persons who are thoughtless enough to break the law may find court and penalized. It is an unwhole some and unclean practice and should be discontinued. Spitting upon stair ways and in public halls and hallways s also against the law and punishable fine. This too should be stopped.

Plumbing Rules Next

months and have adopted a set of plumbing rules for the use of the board of health. These rules will be passed upon by the board of selectmen afternoon. The rules conform in all essential features to the code of rule in use by the City of Hartford although slight modifications have been made to apply to local conditions. The selectmen voted to apply a coat of paint to the old town barn on East Cente treet and also decided to plant a row of trees along the town property or that street. This work will be done during the clean-up and paint-up week.

Will Build Four-Tenement

Alexander Trotter is preparing to have a fou -tenement house erected at the junction of School and Vine streets where the ruins of the burne two-tenement house now stands. That building was destroyed by fire October 23. 1913 when the big school building group and several other buildings that vicinity went up in flames There are several feet of water in the cellar and this has been frozen over so that the coal etc. couldnot be removed. Mr. Trotter is presently removing the soil preparatory to making the excavations and putting in the foundation. He will also remove what still remains And Keeps You Looking the charred and blackened ruins.
