ANOTHER SESSION

SELECTMEN MET LAST NIGHT FOR SEVENTH TIME THIS MONTH

Call Special Town Meeting—Would Borrow Money To Relocate Trolley Tracks—Main St. Encroachments—Maple St. Extension and Encroachments

The selectmen are evidently bent on hanging up a record for meetings in one month as they met again last evening, the seventh session since the first of the month and passed on a number of important town matters.

The meeting was primarily called to act upon petitions which some of the members had circulated for a special town meeting authorizing the selectmen to borrow \$30,000 to relocate the trolley tracks of the Connecticut Company from Center north to Miner street in conjunction with the Main street improvement job. Owing to the inactivity of the trolley company in its advertising columns it appears in our advertising columns that the selectmen have taken the job under way and in asking for the appropriation are in reality asking the selectmen to act as a committee in preparing the money for the work.

The work is done as planned the cost will be charged to the Connecticut company and the money collected will be placed in the town fund.

The selectmen also took up the special town meeting for next Thursday evening and the official report of the selectmen on the subject of the extension of the trolley tracks elsewhere in this issue of The News. Selectman Taylor was authorized to employ a stenographer for the meeting and the money collected will be placed in the town fund.

Roller in Hospital

Dr. J. C. Rolter who was slated to wrestle Martin Ludwig in a finished match at the Army last Saturday evening sent word that he could not make the trip he was under treatment at the Western Hospital in Montreal, Canada and was in no condition to wrestle. He sent a substitute however, in the person of Hans Lamhardt, a husky looking chap who put up some good defense but lost two falls to Ludwig; the first coming after twenty-three minutes with an arm hold and body rest, and the second after seven minutes work with the same hold. In the preliminary Charlie Knob and Bob Bolson wrestled a half hour in a draw after getting a fall. The failure of Dr. Rolter to appear was a big disappointment to the wrestling fans as well as to Manager Lewis. Dr. Rolter is expected to be glad to meet Ludwig here in two or three weeks, however when he expects to be condition.

Barnum & Bailey Circus

The Barnum & Bailey, "restless show on earth," will be in Hartford, Friday, June 5 for two performances and street parade will be given. In recent seasons the big circus has had spectacular features but this season the management has gone to untold expense in investing the big circus with a wonderfully brilliant segment of Oriental splendor entitled "The Wizard Prince of Arabia." This colossal innovation is offered at the expense of the show the "Thousand and One Nights." Barnum & Bailey engage the services of more than 2,000 persons which embraces the dancing activities of hundreds of gaily bedecked courtesans and a grand ballet acted at the finale which leaves a lasting impression.

ENGLISH VERSION OF GAME

Diagnoses Printed in the London Daily Sketch Intended for Those Wishing to Learn. May we offer to those persons who do not understand baseball a diagnosis of the game printed in the London Daily Sketch? It is meant for those who wish quickly to learn all about the ball game without reading a guide. Here it is:

Scoring is run. The batsman strikes a ball through by the pitcher, and one run is gained when he has got the "base" (courser) and back home again. If he batsman misses three strikes (good deliveries) he is out, but if the pitcher throws four balls that are not "good," the batsman is allowed to go to the first base (a quarter way round).

After getting to the first base the batsman is returned to the fielder there. Whatever batsman has run he is returned to the fielder there. Whatever batsman has run he is returned to the fielder there.

Each side generally plays nine innings. Though there are nine men on a side the inning is over when three are out. Each side generally plays nine innings.

Manager Chance comes out with a new trick in his batting. The batsman leader says he is better than Ed Walsh.

BASEBALL THE WORLD GAME

American Sport May Complete Conquest of Globe—Present Contestants in London in Sight.

Products of American farms and of American manufacturers are found in every corner of the world. Is this country going to achieve another conquest of the same sort in regard to sport? Are we going to make our great athletic game universal and establish baseball as a permanent institution in every civilized nation and in some that can scarcely claim to be civilized?

The recent triumph of baseball in England suggests the question. Two of our best professional teams have toured the world, and their journey has been a triumphal progress. All press reports, the attendance reached the astonishing total of 30,000, and everywhere the crowds which have witnessed the contests have been worked up into a state of excitement and enthusiasm that the average British throng of spectators at a sporting event. It is said that of recent years no such enthusiasm has characterized the emotions of the spectators at even the most important of the cricket matches; and this fact, it seems, ought to convince even the most conservative of Britons that, as a sport for the detestation of outsiders, baseball is superior to the game which more than any other has assumed the character of the British national sport.

It is gratifying to know that Americans can make better goods of various sorts than any other people in the world and can sell them at a profit in foreign lands, outdoing all competitors. It will be almost equally gratifying, perhaps, if Americans have invented a game which is so very much better than any other game that foreign countries throw their own games into the scrap heap and adopt the American game instead. That would be a unique triumph for the genius of the American people. That we may actually witness it before very long seems at least possible in view of the success of baseball in England, following upon an almost equally striking success achieved by it in Japan—Charleston News and Courier.

HAMILTON A STAR SOUTHPAW

Pitcher of St. Louis American League Club Causes Big Sensation by Going to Field.

Earl Hamilton, left-handed pitcher of the St. Louis Browns of the American league, who recently caused a big sensation in the baseball world by jumping to the Kansas City, Federal and then hopping back to St. Louis again, was almost equally gratifying when he was introduced to the St. Louis Cardinals. He played in his first professional engagement in 1909 with the Springfield team of the Western association. The next season he pitched for Joplin. In 1911 Hamilton joined the St. Louis Browns.

PLAYERS ARE SUPERSTITIOUS

Men in Rank and Many Managers Have Their Little Peculiarities—Ditka Score Board.

Frank Chance, manager of the New York Yankees, is considered the most superstitious leader in the major leagues. The worst thing he can conceive is to see the score board during a game. If he accidentally sees the score board he is sure to change and has had scoreboards in two parks moved so that he could not see them from his bench.

Clark Griffith, manager of the Washington Americans, is said to be the most superstitious of the managers, yet it is the dream that a pitcher is batted hard that pitcher is kept out of the game for a few days. He says he isn't superstitious, but he can't afford to take chances.

Tim Lincecum, formerly with the Chicago Cubs, but this year manager of the Cleveland American association team, is a believer in signs and omens. He always goes to bat in a certain way. The same holds true of his manner of walking to and from the club house before and after a game.

Most every ball player is superstitious about barrels and hay. A load of empty barrels is good luck, a load of hay is bad luck. A load of baled hay is unlucky. The worst luck in the world for a pitcher is to see a cross-eyed person, says the sight of a cross-eyed person, says the sight of a cross-eyed person.

Umpires Must Report. The umpire in the international league will be required to furnish detailed reports of all games this season. They will be supplied with a printed form to be filled out and mailed to the league office immediately after each game. Hereafter, when the playing time of a game is two hours or more the umpire must appear in his daily report, the details of the game. Hereafter, when the playing time of a game is two hours or more the umpire must appear in his daily report, the details of the game.

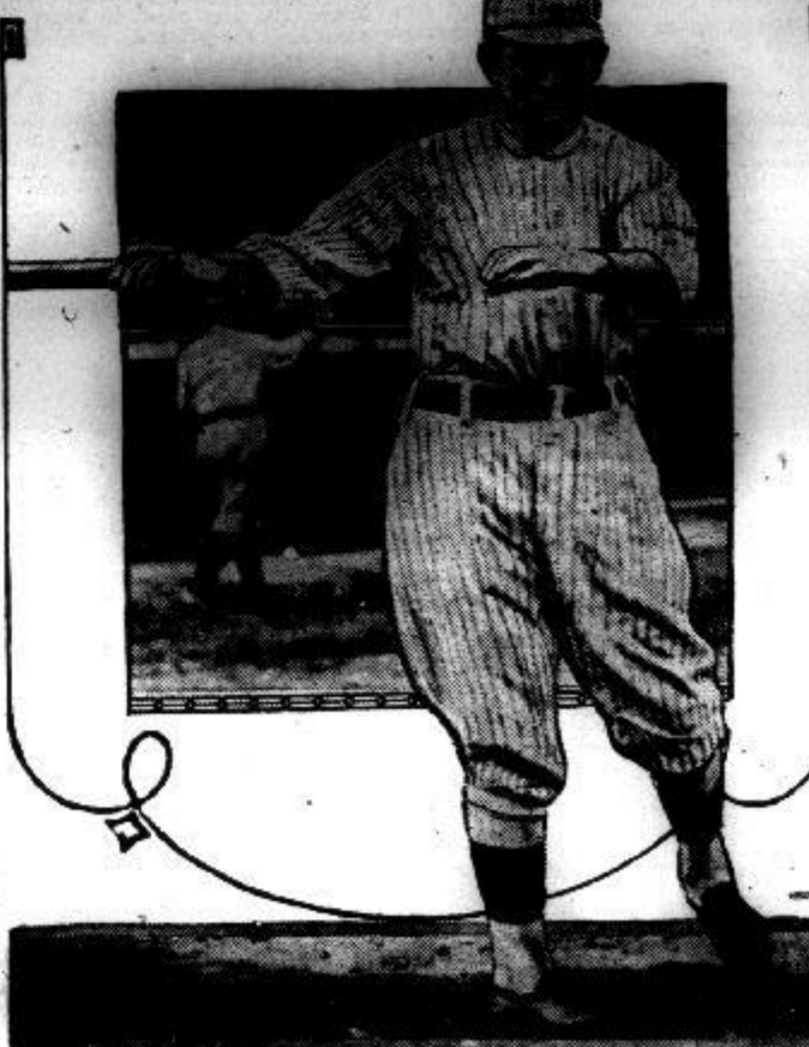

Don't Want Tinker. Charlie Ebbets says he would not want to have Joe Tinker on his team now. "I believe the feeling against Tinker is so strong that it is better to have Ebbets' team without Tinker than to have Tinker's team with Ebbets."

TRISTRAM SPEAKER RECEIVES BIG SALARY

Tristram Speaker of Boston Americans.

Tristram Speaker of Boston Americans.

Tristram Speaker is thirty years old, stands five feet eleven inches in his shoes and weighs a shade over 150 pounds. He hails from Texas, where he began his professional baseball career eight years ago. In 1908 he joined the ranks of the American league with Boston, and has played on that team ever since, leading in batting with the exception of his first year, when he played only 32 games; an average of over 300 each year, his poorest being 305 and his best 323 in 1912.

His average for the five years of regular play is 345. He is left-handed, both in batting and throwing. He started in the Texas league with a salary of \$65 a month and has just been re-engaged by the Boston Americans at what amounts to \$15,000 a year on a two-year contract.

Christ Mathewson gets \$10,000; Ty Cobb, \$12,500; Tinker, \$13,000; Wagner and Evers, \$10,000 each. The highest salary paid in the old days of baseball was to John Ward, who was accorded with receiving the then phenomenal salary of \$4,000. Russ, that star pitcher at his best received only \$2,500. Players then considered this big money.

Among the Baseball Players

Joe Sugden, the old catcher, is chief scout for President Hedges of the Browns. Jean Dubois has been with the Detroit Tigers only a short time, but he is now the veteran of the staff.

Miller, Wilson, Butler and Dolan, all former Pirates, are delivering in great style to the St. Louis Cardinals. A Cleveland (O.) sporting writer, Frank Rootock of the Press, picks Washington as a possible pennant winner.

Bobby Loree has returned infielder, who retired some years ago, is coach of the Washington and Jefferson university baseball team. John Brodie Williams, the Detroit pair of horses on his feet until he was sixteen years old.

Dave Gregg, the younger brother of Vera Gregg of the Naps, has been turned back by Manager Birmingham once more. He goes to Spokane. President Thomas of the Cubs has announced that the Cubs and the Philadelphia Athletics will play an exhibition game at St. Louis on June 21.

Frank Gilboe, for whom President Farrell of the Yankees has offered \$12,000, will be given every speculation to show why this was a crafty speculation. Jack Dunn, manager of the Baltimore Orioles, has picked up a Baltimore player who has been playing for the Boston Red Sox.

Manfred Roth and Chick Mattick are former big leaguers playing with Kansas City. Both ex-White Sox have greatly improved and may return to the big show. Dick Egan had the distinction of playing before the King of England and the queen of Flatfish within two months. No other player in the league can lay claim to any such record.

Paul, the Red hot infielder from St. Paul, has had batting marks of .367 and .349 for the past three seasons at Youngstown and St. Paul, and has added for 349, 347 and 363. Pretty even work.

according to the ball players. However, this "fix" may be broken by getting in your hat immediately. In preparation for the arbiters, the press from the home plate back to the bench and to keep them neatly piled in order, baseball managers as a rule pick out the worst looking youth to be the man to carry the ball to the home plate. He is regarded as long as things go well, but when the time arrives that the team hits a slump another honest boy is taken on.

FINES PLASTERED ON BURKE

Vigary Coach Releases Tale of Revolted Decision in Kansas City, Milwaukee Game.

Being plastered with a fine by an umpire never caused "Jimmy" Burke, the Tigra's coach, any worry. "In my years on the baseball field I dare say I have been fined \$1,000," declared "Jimmy" the other day. "I believe I have been fined more than any player ever in professional ranks. I was once handed a \$100 plaster by an umpire in Milwaukee."

"I was managing the Kansas City team and we were performing before 7,000 or 8,000 persons one Fourth of July. Mike Cantillon was manager of the Brewers and along about the sixth inning, with the score mighty close, two Brewers were on the bases when a pitched ball grazed the batsman's club and rolled to the stands.

"The two runners came home and I rushed in protesting. I pointed out that the ball hit the batsman and the umpire moved the men back. Just then Cantillon ran on to the field and declared that it was a wild pitch and the ball had never hit the bat.

"The umpire hesitated and Cantillon declared that it was a wild pitch and the ball had never hit the bat. The umpire hesitated and Cantillon declared that it was a wild pitch and the ball had never hit the bat.

SKETCH OF JAMES LAVENDER

Successful 9th-Ball Pitcher of Chicago Cubs, at One Time Was Slated for Montreal.

James Lavender, the successful 9th-ball pitcher of the Chicago Cubs, was born just twenty-seven years ago in Mississippi. He is the son of a well-to-do parent. Jimmy was given a good education in the public school of that town. At the age of fifteen he went to the Gordon Institute, a military academy at Barroville, Ga. Here Jimmy was trained as a soldier, and was sent today for his military bearing.

At the academy Lavender played very little baseball, but was strong at football. After graduation, however, Lavender devoted himself wholly to baseball and became so proficient at it that he tried his luck with the Augusta club of the South Atlantic league, in 1904, where he was a team-

made of Nap Buckner, in 1907 he played with the Danville club of the Virginia league. The Athletic club bought him and then sold him to the Chicago Cubs of the National league. In 1908 the Boston National club drafted him and he was sent to the Providence club. He played with the latter club in 1909-10-11, when he was drafted by the Chicago club. After the 1912 training trip the Chicago club tried to ship Lavender to Montreal without first giving Providence a chance to reclaim him—a violation of baseball law, which compelled the national commission to cancel the transfer to Montreal. The Chicago club then decided to retain Lavender—a fortunate thing for them, as he quickly developed into a winning pitcher and, virtually single-handed, put the Cubs into the race that year.

EAT MORE BREAD.

Bread is the one food which perfectly combines in itself all the elements which give strength to the body. It is, and always has been, the chief food of the earth's hardiest people.

None of the breakfast foods, health foods or other food foods can equal bread in nourishment. Nor can meat or other heavy foods.

Because of its lightness and tenderness, perfect digestibility and its sweet nutty flavor, Goetz's bread is the most nutritious and appetizing of all foods.

Previously reported in other papers. Owing to its nearness to Memorial Day when everyone would be so busy June 3rd was not regarded as a paying proposition. It is possible that the play may be repeated sometime after Memorial Day, the proceeds going to defray expenses.

The new school race went into effect for the first time last Monday afternoon. Some things were who thought it wise without the performing seals at the circus. Some there were who received a D for the day's work because they were not there.

The school officers have changed their class colors from blue and white to green and white. They believe the new colors will be prettier for class banners and hall decorations.

Brothers Drown

Frank and Andrew Orlowski of south Main street were drowned in the pond at Globe Hollow about 6.30 last Sunday morning, while fishing. Another brother, witness of the fatality. The double funeral took place from St. James church Tuesday morning with burial at the St. James cemetery. Two hearse were used. Four members of Court Marshals Foresters of America served as bearers. Frank Orlowski was a member of the court. Both men were natives of Poland. Frank was 29 years old and leaves a widow and one child. Andrew was 24 years old and leaves a widow and three children.

Andrew attempted to swim across the pond and back on a bet with his brother Frank. He had crossed over and on the return reached within about twenty feet of the starting point when he was seized with cramps and called for help. Frank partially understood and swam to the rescue. He was grasped by Andrew and both men were drowned. Stephen gave the alarm and the search for the bodies began. Some four hours after the drowning both bodies were recovered by Harry McCormick, who, from the shore, threw out a grappling hook and pulled in Frank's body. In a short time after Andrew was located in the same manner and dragged ashore. The medical examiner, Dr. W. R. Tinker, turned the bodies over to Undertaker C. Elmore Watkins. Later Undertaker E. W. Post took them in charge. Mr. Watkins and J. Davenport Cheney had spent four hours in a boat in the endeavor to locate the bodies.

LETTER ADDRESSED TO CONNECTICUT COMPANY BY SELECTMEN

Secretary Hohenbhal Resents Inauguration Made Last Evening by Judge Arnott at Town Meeting—Nothing To Conceal Letter is Public Property

May Twenty-Ninth, 1914

Editor of The News—

My attention has been called to certain remarks of Judge Arnott in the Town Meeting, which escaped my hearing, in some instances, in which he seemed to be well advised to bring a certain letter in the correspondence between myself as secretary of the Board of Selectmen.

As this letter is a part of the records of the Selectmen and had been recorded in full, previous to last night's meeting, in the minutes of the board which are open to the inspection of any citizen, I fail to see any ground for Judge Arnott's statement.

It was my intention to bring with me this letter as a part of the record with the Connecticut Company, and I was greatly chagrined to find one letter missing from my package.

In order that the voters present last night may know the contents of the letter, will you please (though I know it is asking rather more than I ought to expect) publish the letter in your issue of to-day as a part of the report of the meeting?

Please accept my thanks for this courtesy.

Yours respectfully,
E. L. G. Hohenbhal
Secretary of the Selectmen

May 19th, 1914

L. S. Storey, President
Connecticut Company
New Haven, Conn.

Dear Sir—

Under date of April 30th you wrote the Board of Selectmen regarding their order for the relocation of the Main street trolley tracks in South Manchester, and that Mr. Bristol would call and explain regarding the company's position. By mutual agreement the number of the Selectmen met Mr. Bristol in his office in Hartford on May 2nd, and gave him to understand very emphatically that the Board of Selectmen had reached the stage where they did not intend to have these Main street improvements which involve concrete pavements, sewers, electric lights and other public utilities, delayed by your company whose tracks must be moved before the most of these other improvements can be installed.

At his urgent solicitation we tentatively assented to give him an opportunity to present our views and statement to his superiors, with the understanding that we should have a definite answer reply no later than a week from the following Monday which was May 9th. No written statement came from you or your office to the Board, and as we were just proceeding to take action on this important matter, Mr. Bristol called up the selectmen at their office while in session and stated that you intended to proceed with the work, but asked the Board to be as lenient with the company as possible, and gave us the assurance that the work would be started no later than the 1st of July and as much earlier as it possibly could be done.

We were also informed that undoubtedly we would receive confirmation of this telephone statement from headquarters in New Haven. This information was conveyed to the Board of Selectmen. They assuming that the communication mentioned would come the following day, directed me to notify Mr. Bristol, as given in copy of the letter enclosed herewith. No confirmation has come and I am directed to inform you now that the Board of Selectmen will meet on Friday, May 15th at half past two o'clock, for the purpose of formulating the necessary legal procedure to enforce their order with regard to the improvement mentioned above.

Our patience has been exhausted by the dilatoriness with which this matter has been handled, and with the utter disregard of our order and the indefiniteness of the Company's reply as to when this work is to be undertaken. Any reply that you intend to make by correspondence or by representative in this matter, must be in the hands of the Board of Selectmen previous to the proposed participation of the Board on Friday night, May 15th, at 7:30 o'clock, and must be in writing. Verbal communications and statements will not be acceptable. Communications should be signed by you and not a subordinate officer.

Yours very truly,
E. L. G. Hohenbhal,
Secretary.

Irish Contingent Favor Union Band for Homeland Day

There will be a meeting this evening of the committee having in charge plans for the proposed participation of the Irish contingent in the Homeland Day parade and exercises generally when definite action will be taken as to whether that body shall take part in the proceedings or whether they shall withdraw entirely from the field and return to the country. The committee will be held by the committee and by those of their appointment for this purpose.

The Irish body hired Coits band of Hartford to lead their marchers in the parade and by the action of the general committee, as appears more fully elsewhere in these columns, the action was annulled by the withdrawal of the Irish contingent from the parade or in the other exercises of the day.

If we are correctly informed the great majority of the Irish contributors favor employing the union band and request with much warmth the action of the general committee in forbidding this.

The opinion that is freely and openly expressed on the subject is that it is best thing for the Irish contingent to do is to withdraw in toto from participation in the proceedings and return to their homes, the resources from which they were collected.

Given Gold Watch

Robert J. Smith, foreman in the ribbon, warp and winding room of Chenootonnet, has been awarded a gold watch in recognition of his surprise yesterday afternoon. He was halted while investigating a supposed accident and his surprise was complete when G. G. Arnold, on behalf of the girls in Mr. Smith's department and those associated with him in other parts of the mill, presented to him a gold watch, suitably inscribed, together with a fob and an elaborate Old Fellow chain, also a pipe and sundries. Mr. Smith, although greatly surprised, expressed his appreciation of the friendly spirit which prompted the gift. Mr. Smith is leaving Chenay Brothers factory after being in their employ 17 years. For the past 7 years he has had charge of the above named department. He is going into the automobile business with his two brothers in the Park Garage in which he has had an interest for some time. He leaves with the best wishes of his associates that he may be successful in his new occupation.
