Breakfast foods, is bread. Bread is higher in nutritive material than any of the so-called breakfast foods and it is much.

Besides bread may be served in just as many tempting ways.

Nothing is better or easier to digest than milk and bread, or bread toasted to a golden brown and spread with butter-or bread fried in egg batter.

In fact, there's nothing that can take the place of bread at any meal and there are many things that bread can take the place of.

Persons who are interested in short stories of the higher grade will find pleasure in reading "A Municipal Report", by O. Henry, which appears entire on Page 10 of today's News. Mr. Henry's reputation as a producer of the best short stories by an American author of recent times is well established and needs no amplification at our hands. His fame is as wide as the continent and has even spread to foreign lands, as his writings have been translated into foreign languages for the delight of those who cannot read the English. We bespeak for our readers much pleasure in reading this charming story by such a distniguished American author.

Will Be Opposed

A hearing on the application James V. Farrand for license to sell liquors etc. at his building on Bissell street is to take place before the county commissioners next Monday morning at ten o clock. It is underthat there is to oe opposition to the granting of this license. Mr. Farrand sought to secure a license there last year but failed. There has since been a change in the board of county commissioners and Mr. Farrand hopes to succeed this time.

Progressive Rally

Professor Willard C. Fisher, Progressive candidate for governor, will address a public meeting at noon tomorrow at Forest and Elm streets in he vicinity of the South Manchester railroad station. Professor Fisher is a distinguished citizen of this good old state and doubtless a large assemblage will avail themselves of the privilege of hearing him.
