Besides bread may be served in just as many tempting ways.

Nothing is better or easier to digest than milk and bread, or bread toasted to a golden brown and spread with butter-or bread fried in egg batter.

In fact, there's nothing that can take the place of bread at any meal and there are many things that bread can take the place of.

Goetz's bread is the best, lightest and most wholesome of all foods.

Interesting Story

Persons who are interested in short stories of the higher grade will find pleasure in reading "A Municipal Report", by O. Henry, which appears entire on Page 10 of today's News. Mr. Henry's reputation as a producer of the best short stories by an American author of recent times is well established and needs no amplification at our hands. His fame is as wide as the continent and has even spread to foreign lands, as his writings have been translated into foreign languages for the delight of those who cannot read the English. We bespeak for our readers much pleasure in reading this charming story by such a distniguished American author.

Will Be Opposed

A hearing on the application James V. Farrand for license to sell liquors etc. at his building on Bissell street is to take place before the county commissioners next Monday morning at ten o clock. It is underthat there is to oe opposition to the granting of this license. Mr. Farrand sought to secure a license there last year but failed. There has since been a change in the board of county commissioners and Mr. Farrand hopes to succeed this time.

Progressive Rally

Professor Willard C. Fisher, Progressive candidate for governor, will address a public meeting at noon tomorrow at Forest and Elm streets in he vicinity of the South Manchester railroad station. Professor Fisher is a distinguished citizen of this good old state and doubtless a large assemblage will avail themselves of the privilege of hearing him.

English Infantry on the March

MAY TEACH TOWN PLANNING roposal in England to Make it Regular Course of Study at Uni-

versity of London. A proposal has been made, now receiving influential support, for establishing a professorable of town planning at London (Eng.) university. The idea originated with John Burns, who suggested at the town-planning exhibition, held at Crosby hall some time ago, that some wealthy person should endow such a chair; and since then Herbert Warren, of the Garden City association, has several times urged its desirability. The matter was at first referred to the executive committee of the association and now a strong committee is being formed to The recent conference on town plan-

ning showed that there is among the

local authorities of the country a
