EAT MORE BREAD.

Bread is the one food which perfectly combines in itself all the elements which give strength to the body. It is, and always has been, the chief food of the earth's hardiest people.

None of the breakfast foods, health foods or other fad foods can equal bread in nourishment. Nor can meat or other heavy foods.

Because of its lightness and tenderness, perfect digestibility and its sweet nutty flavor, Goetz's bread is the most nutritious and appetizing of all foods.

The regular dividends to be credited by the Mutual Benefit Life Insurance Company in 1915 to premium paying Life and Endowment policies will be increased very substantially over those payable on similar policies in 1914. This is the third increase in the Mutual Benefit's dividend scale during the past six years. In addition, three Special Dividends, aggregating \$2,403,000, have been declared since 1909.

The several increases in the Mutual Benefit's dividend scale and the declaration of special dividends have followed the establishment of contingency reserves computed upon a mathematical basis, and which, in the light of past experience, are amply sufficient to protect the Mutual Benefit against those contingencies to which all life insurance companies are
