SALE ENDS SATURDAY NIGHT

Ten years ago last Wednesday February 3rd we began buiness in Hartford. Our price-smashing, profit-sharing policy was so radical that the structure of High Prices was sent tumbling about the ears of their promoters within a week. Our fearless, revolutionary methods was such a menace to competition that we were under arrest inside of a month. "Itinerant Venders" they called us, but it's been ten years now-ten years of gloriously successful service to the money-savers of Hartford and vicinity-and we are still here, triumphantly successful.

Now we are going to celebrate with an anniversary sale that will again stir the clothing world as our advent did--price cutting and value-giving that's tling coupled with a grand distribution of \$2.50 Gold Piece Souvenirs as a slight token of our appreciation of the way clothing buyers of Hartford and vicinity e stuck by us through thich and thin. This week only, remember; see that you're here early for it will be a glorious. Garrison finish of all remaining stock!

## Goetz's bread is Good bread

Goetz's bread is made from strong spring wheat flour, because strong spring wheat flour makes the best bread. You cannot make good bread from poor weak flour, nor can you make good bread by using poor yeast or handling the dough carelessly or by half baking it.

We use the best strong spring wheat flour obtainable. No guess work about it. We do not take the Miller's word for it. We use the best, because we know. We make sure, by testing the flour in our laboratory. We set a standard what a flour should be, and reject it, if it does not reach that standard. Then we use good yeast, handle the dough carefully and bake it thoroughly. Because of its lightness and tenderness and perfect digestibility, Goetz's bread is the most nutritious of all foods.
