SOUTH MANCHESTER CONN. FRIDAY MARCH 5 1915

THREE CENTS

FOR ONLY \$8.

FIRST PAYMENT WE WILL PLACE A

W. P. HAINES PIANO

IN YOUR HOME

You know the W. P. Haines piano. We need not tell you that it is one of the old established and thoroughly high grade pianos of this country.

You know also that you have never been able to buy one of these pianos except for cash or a very short time basis.

Since the first of the year we have been trying to arrange some basis with the manufacturers whereby we could make it possible for anyone to own a W. P. Haines piano.

The result is that between our stores we were able to secure eighteen pianos. These we offer during the month of March only at \$8.00 down and \$8.00 a month.

We know you will want to take advantage of this offer. But you had better speak quick.

If you cannot come in let us know and we will send someone to your home.

Milk must show 3.25 per cent. of fat to be up to Legal Standard. Bacteria below 10,000 per c. c. indicates milk of very good quality. Bacteria from 10,000 to 50,000 per c. c. indicates milk of good quality. Bacteria from 50,000 to 100,000 per c. c. indicates milk of fair quality. Bacteria from 100,000 to 500,000 per c. c. indicates milk of unsatisfactory quality.

Bacteria from 500,000 to 1,000,000 per c. c. indicates milk of bad quality. Bacteria over 1,000,000 per c. c. indicates milk of very bad quality. When milk contains over 500,000 per c. c. it indicates that conditions are unsatisfactory and should be inspected. The milk is usually too warm or has been kept too long.

Refractometer reading under 36 indicates watered milk. In reporting dirt by percentage an arbitrary scale is used in which 100 per cent. clean indicates no dirt. Milk drawn and shipped under clean conditions should not grade below 90 per cent.

That for preservatives made only when especially requested. During hot weather in the larger cities it is very difficult to keep the number of bacteria below 100,000, but they should be kept below 200,000.

The GENERAL GRADE is determined by combining the figures for bacteria, fat, refractometer and dirt, 100 being a perfect score in which the dirt is 4.5 per cent. or above, the bacteria below 5,000, the refractometer 37.5 or above and the cleanliness 100 per cent.

New Road Signs

New signs furnished by the Automobile Club of America have been received at the office of Town Engineer J. Frank Bowen and are to be placed in position as soon as the necessary arrangements can be made. The signs give the direction and distance to different towns and will be found of much service to persons following the highways, whether in automobiles, or teams, or even on foot. The Automobile Club made the offer to the selectmen to furnish the signs, provided the town authorities would see to it that they be placed where they would do the most good. To this the selectmen readily acceded. Such signs were placed about town some years ago by the automobile club, without the help of the town authorities.

Home From Hospital

Albert B. Mann has returned from a Hartford hospital where he had the three last fingers of his left hand amputated at the knuckles and a portion of the index finger of the same hand was also cut off. It will be remembered that Mr. Mann, who is a foreman for the Glastenbury Knitting Company at the Green was unfortunate enough to get his hand caught in a revolving fan and amputation of the fingers resulted.

A number of persons from this place are to attend the Prohibition banquet in Hartford next Tuesday evening. E. L. G. Hohenthal will be one of the speakers.

CHARTER REVISION

COMMITTEE HELD FINAL DISCUSSIONS LAST NIGHT AT HALL OF RECORDS

Draft of Findings To Be Prepared and Advertised in Local Newspapers. Special Town Meeting To Vote On Same March 15

The charter revision committee held its final meeting last evening and the work will be presented to a special town meeting to be called for the evening of March 15, at the Hall of Records where the voters will have an opportunity to express their approval or disapproval of the recommendations as offered by the committee.

During the several meetings held by the committee, two of which were public, thirty-four charter changes were considered. Some of these proposed changes came from members of the committee and others were proposed by the voters. After consideration of all the propositions, the committee finally decided to recommend twenty-four charter changes to the voters and these will be considered at the meeting March 15. There will be a free and open discussion on the committee's recommendations and if the meeting decides to reject any of the recommendations it is within the power of that body to do so.

After all are considered, those approved will be incorporated in a bill now before the legislature giving the town additional powers through its charter. If the legislative body approves of the changes asked for the amendments will then be sent back to the voters for a referendum vote where each amendment will be voted upon separately and those approved by the voters will be incorporated in our town charter.

Chairman H. B. Cheney of the revision committee was authorized to prepare the different amendments in suitable form to be advertised in the local papers previous to the meeting of March 15, so that the voters can have an opportunity of studying the committee's recommendations previous to the special town meeting.

14th Annual Ball

The fourteenth annual ball of Campbell Council No. 578 K. of C. will be held in Cheney hall, Easter Monday evening, April 5, 1915. Hatches orchestra of Hartford will furnish music. The general committee having this event in charge is composed of R. J. Gorman, chairman; P. J. Hutchinson, secretary and treasurer; J. F. Campbell, E. F. Taylor, R. E. Carney, P. J. O'Leary, W. B. McGuire and T. J. Quish.

The monthly meeting of the Mens Bible class of St. Marys Episcopal church took place last evening at the parish house.

The Lenten sermon delivered last evening at the Center Congregational church by Rev. Dr. Charles E. Hesselgrave had to do with "The arrest of John the Baptist and the early success of Jesus' ministry."

FATAL ACCIDENT

WILLIAM DICKSON TEN YEARS OLD KILLED BY AUTOMOBILE

On Main Street Yesterday Afternoon—Death Ensued At St. Francis Hospital Three Hours After Injury—Ran From Behind Wagon

William Dickson, 10 years old, son of David and Mrs. Dickson of 41 Spruce street, was struck by an automobile yesterday afternoon about four o'clock and received injuries causing death within three hours thereafter. The accident happened on Main street between Ford and Pearl.

An automobile owned by Cheney Brothers and used by their electric lighting department was going north on the east side of Main street. One of Adams express wagons was coming south and just as the automobile got abreast of the wagon the boy darted from behind the wagon to the front of the machine and was struck.

The car was being driven by Edward Montie and J. Howard Keith was in the machine with him. Neither of the men in the automobile saw the boy until he rushed out from the rear of the wagon. The accident happened so quickly that there was no chance for any effort to prevent it.

As soon as the automobile could be stopped Messrs. Keith and Montie hurried him in the car to the office of Dr. Moore. Dr. Higgins was also called. A hasty examination showed a fractured skull, a broken leg and other injuries. Holloran Brothers automobile ambulance was called and soon arrived. The boy was rushed post-haste to the St. Francis hospital, the distance being covered in 15 minutes. Dr. Moore accompanied the lad to the hospital and assisted the surgeons in the operations that were quickly performed. It was hoped that by removing the pressure of the skull upon the brain that the little fellow's life could be saved, but such was not the case and the boy died at seven o'clock, within a few hours after arrival at the hospital. Everything possible was done by the surgeons to save his life.

The body was brought to the undertaking rooms of Thomas G. Dougan of Main street at 8.30 o'clock last evening and prepared for burial.

The funeral will take place Sunday afternoon. Prayers will be said at the home at three o'clock and regular funeral services at the Center Congregational church at half after three. Rev. Dr. C. E. Hesselgrave will officiate. Burial will be at the East cemetery.

This was a cruel shock to Mr. and Mrs. Dickson, who have the profound sympathy of all their many friends in this their sad bereavement. The sudden and cruel death of their boy is a heavy blow to them. They have three other children.

29th ANNIVERSARY

Sons of Temperance Will Celebrate Tonight

The twenty-ninth anniversary of South Manchester Division Sons of Temperance will be fittingly celebrated in Cheney hall this evening. The exercises will start at seven o'clock and it is planned to get everyone attending in good spirits by serving a chicken pie supper with all the fixings first. Following the feast there will be addresses by Rev. Charles M. Calderwood, pastor of the North Congregational church, and also by Rev. Charles C. Hesselgrave of the Center Congregational church. Later the party will adjourn to the upper hall where an entertainment program will be carried out. The celebration is limited this year to members and their families or sweethearts.

During the past few weeks the membership of the division has received a substantial boost by the addition of nearly thirty members so that at present there are about one hundred active members on the roll. At these annual events it has been the custom to present twenty-five year certificates to members who have been on the roll for a quarter of a century, but there are no members eligible to this honor this year. At present there are six members of the division who have had this honor conferred upon them for the twenty-five year service.

James Moynihan of West Center street was operated upon yesterday at St. Francis hospital for hemorrhoids. He is getting on as well as could be expected and it is believed that the experiment, although painful, will be successful.

WALL WINS

APPOINTMENT AS POSTMASTER AT MANCHESTER AFTER LONG STRUGGLE

Confirmed By U. S. Senate Late Wednesday Night. Four Years at Twenty One Hundred Dollars Yearly. Good Billet Worth Struggling For.

Last Wednesday night Fred H. Wall sent a telegram from Washington, D. C. to The News informing us that the United States Senate had confirmed his nomination as postmaster at Manchester. President Woodrow Wilson sent the nomination of Mr. Wall to the Senate last Monday night.

As previously stated in these columns there was some opposition to the nomination of Mr. Wall among his fellow democrats, but apparently this did not have much weight with either President Wilson or the Senate. There is always apt to be some opposition to the nomination of any man who aspires to securing an appointment as postmaster of any office to which a living salary is attached.

POSTMASTER FRED H. WALL.

The Manchester office is in the second class and the government pays the postmaster at the present time the sum of \$2,100 a year. The appointment is for a term of four years. It can therefore be seen that there was a prize in sight well worth contending for. It is an honorable ambition for any young man to aspire to the attainment of such an appointment in his own home town, and while there are some regrets and disappointments because of the result, this is unavoidable in all such cases and must be accepted as the inevitable.

There are no real substantial grounds to base the theory upon that Mr. Wall cannot fill the office with entire satisfaction to the public and with honor and credit to himself. The same could be said of the other men who sought the appointment. Only one could be chosen although many might be called. The many friends of Mr. Wall are extending congratulations and the friends of the other candidates are presenting condolences.

Time will heal the sore spots and when another appointment is due present differences will doubtless be overlooked. We may even hope that a much shorter time may be required to cement anew the friendships which existed heretofore between the contending aspirants for the office. We know of no good reason why this may not be so, or why there should be any permanent estrangement of friends because of the turn which this appointment has taken.

William B. McGuire, Thomas Sheridan and Edward Murphy were candidates for the office before Mr. Wall entered the field. Had Mr. Wall staid out of the race there would have been conditions similar to those existing at the present time in this matter. But one whom it might disappoint in some quarters had to follow.

We exhort the erstwhile opposing candidates to shake hands with and congratulate the successful one, be good sports and equally good democrats and develop that team work which is so essential to successful political effort wherever found. Bury the knives, tomahawks, bows, arrows, pikes, spears, javelins, submarines, aeroplanes, cruisers, battleships, 47-centimeter guns and all other implements of warfare ancient and modern and dwell together in unity as brethren. Behold how pleasant and how good it is to so dwell! Think it over. You'll all be better satisfied in the course of time if you do. Just post-

Save your souls in peace. Matters might perhaps have been worse. A democrat has been rewarded. Rejoice with a very great joy.

Mrs. Jessie S. Rose, the retiring postmaster, held the office approximately 11 years, succeeding to same at the death of her husband, Charles H. Rose, who was postmaster there for 7 years succeeding Charles I. Balch, who served a four-year term as postmaster by appointment made during President Grover Cleveland's second and last term, 1893-7. There has been no democratic president of the United States since Cleveland until Wilson was elected, and the republicans of Manchester never contended for the office against Mrs. Rose, whose husband was a republican.

Equal Suffrage Rally

A number of women from this place attended the Equal Suffrage rally at the State Legislature in Hartford last Wednesday, when the suffragists held a field day. The question of equal suffrage was up before the Connecticut law makers and the women gave them some strong arguments as to why the State of Connecticut should be placed in line with the other states of the Union where equal suffrage now prevails. Monster petitions from cities and towns of the state were presented to the legislature, showing that there are many women in this state who favor equal franchise. The women of this place, believing in the movement and their share in it, were glad to get together and support the cause. Roast pork 12 1/2 cents for tomorrow. Other meat bargains. World's Greatest Short Stories No. VII. THE STORY OF RICHARD DOUBLEDICK By CHARLES DICKENS

Twenty-four famous authors were asked recently to name the best short story in the English language. 'The Story of Richard Doubledick' by Charles Dickens was chosen.

PART I. IN the year 1799 a relative of mine came limping down on foot to this town of Chatham, and he was in a very odd way of dress.

Private Richard Doubledick began to find a film stealing over the floor at his feet. He looked, and to find the cause of the noise he turned round.

"I am only a common soldier, sir," said Richard. "It signifies very little what I do, and I have never been in a fight."

"For the love of heaven, no!" exclaimed the other, kneeling down to kiss his hand. "I have never seen a man so good."

"I am a soldier, sir," said Doubledick. "I have never been in a fight, but I have seen many a man who has been in a fight."

"You are a man of good fortune," said the other. "I have never seen a man so good."

"I am a soldier, sir," said Doubledick. "I have never been in a fight, but I have seen many a man who has been in a fight."

Wonderful Exhibits From All Lands Show the World's Best Progress... From Beginning to End Magnificent Panama-Pacific International Exposition Will Abound With Superb Educational and Entertainment Features.

By HAMILTON WRIGHT. The Panama-Pacific International Exposition at San Francisco was opened on Feb 20 1915. The early installation of thousands of tons of rare and costly exhibits from all parts of the globe and the participation of forty of the world's great states have assured a celebration that will be unrivaled in its scope, magnitude and interest.

From its opening until its close, on Dec 4, 1915, the Exposition will abound with original features collected at an expenditure of millions of dollars. It will present a cross-section of human achievement. The Panama-Pacific International Exposition is a unique event in the history of the world.

Three property owners have placed a valuation upon their property that does not agree with the valuation placed on same by the board of selectmen. The property owners are calling upon the selectmen to give up 2,756 square feet of the widening of the road to a forty-foot width.
