on Spruce street was destroyed by fire last Saturday night, together with the contents entailing a loss of about \$1,500. The fire was discovered by Mr. Srokas's bon. Albert, who was just retiring for the night. He quickly dressed himself and sent in an alarm from box 53 at the corner of Spruce and Oak streets calling out companies 2, 3 and 4. The building contained a quantity of hay and bedding and these made a hot fire and before the firemen arrived the building was a mass of flames. Besides the hay and bedding the building was used to store wagons, harmess, tools, etc. and also contained about 2,000 feet of new lumber with which it was planned to erect apother barn on the premises. A new portable sawing outfit was put under the ahed for the first time Saturday evening and this was badly damage! by the flames. The cause of the fire is unknown, but it is believed that some one got into the building with the intention of sleeping there and set the place on fire. Mr. Sroka carried an insurance on the building and contents.
