Goetz's bread is made from strong spring wheat flour, because strong spring wheat flour makes the best bread. You cannot make good bread from poor weak flour, nor can you make good bread by using poor yeast or handling the dough carelessly or by half baking it.

We use the best strong spring wheat flour obtainable. No guess work about it. We do not take the Miller's word for it. We use the best, because we know. We make sure, by testing the flour in our laboratory. We set a standard what a flour should be, and reject it, if it does not reach that standard. Then we use good yeast, handle the dough carefully and bake it thoroughly. Because of its lightness and tenderness and perfect digestibility, Goetz's bread is the most nutritious of all foods.

HOLY NAME SOCIETY

LISTEN TO TALK BY HARRY M. BURKE ON TRANS CONTINENTAL TRIP

Some Account of Places Visited and Observations Made In Travel To and From Pacific Coast - tt ended Panama Pacific Exposition

The St. James Branch Holy Name Society opened the season by holding the regular meeting last Sunday evening in the St. James church chapel. There were about forty members in attendance. After transacting the usual routine business of the society Harry M. Burke was introduced as the speaker of the evening.

Mr. Burke recently attended the national convention of the Foresters of America in San Francisco, going as one of the Connecticut delegates, and representing The Court Manchester Foresters of America of South Mr. Burke took his bearers over

Consultation at All Times

EXAMINATION OF THE EYES

You should inquire as carefully into the qualifications of your optometrist as of your physician.

You will be safe in calling on me for your examination as every case gets my personal attention. I have many testimonials of well known professional and business men attesting the satisfactory results obtained by my up-to-date methods.

My examinations are exact and thorough in every detail of both subjective and objective methods. My equipment, facilities and years of experience enable me to guarantee results.

I never use drugs or drops of any kind. My examinations are free from all of the danger, annoyance and disagreeable effects that may attend the use The lenses which I will prescribe will be exactly the kind of glasses

that your eyes require. Yours for good eyesight, FREDERIGK NEWMAN

My Own Grinding Plant

The mechanical work must be equally as careful and reliable as the examination itself. The prescription must be filled with Scientific Precision. This is done in my own Laboratory on the Premises, where I grind all of own

I guarantee my lenses to be absolutely correct, scientifically and me-

Fitting and Adjusting

The glasses must be made up in frames or mountings that will be suited to each individual case. The appearance of the glasses when worn, must be considered. I provide mountings to harmonize with the features and give handsome and stylish effects.

Specialties

I prescribe toric glasses when their use adds comfort. When your eyes require different lenses for near and distant vision, I,

supply bifocals with an invisible dividing line, so that only a single pair of vlasses is needed.

I have all kinds of specialties in frames and nose pieces, shell frames special designs and shapes to suit and fill all requirements.

Prompt Repairs of All Kinds

I have every facility in Mechanical Department for replacing broken lenses and making all repairs promptly. The work is done on the premises under expert supervision.

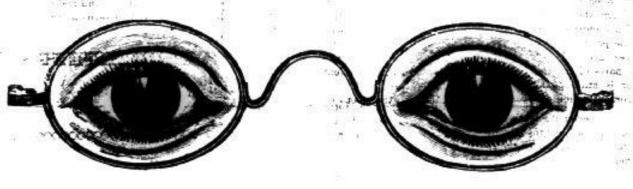

Repairs made while you wait, if desired.

My Prices

My prices for glasses of all kinds are as low as is consistent with the best quality and workmanship in lenses, frames and mountings. My guarantee covers both solid gold and gold filled materials.

My examinations are professional so that there is no obligation to buy glasses; when glasses are not needed I so advise.

My location is most convenient and accessible. Call any time for consultation; or make special appointment if that is desired.

There were about twenty couples in the party and all had a most joyous time. The first part of the evening was taken up with dancing and the awarding of prizes for the best makeups. Miss Nellie Colton of Buckland received the first prize, her costume being that of a wild and wooly cow girl. The several committees having the arrangements in charge worked diligently for the entertainment and comfort of the public and furnished amusements of a sort that kept the crowds thronging the Armory night after night. The efforts of the various performers were well received and all appeared to be satisfied with such amusements as were offered. The canvassers did excellent work and as a result a considerable sum of money will be added to the treasury of the local division. public were very generous in their that of Officer 707 Rockville police The Hibernians spend the money for George Seastrand, eleven years old, force.
