Popular Priced Shoes To sell from \$3.00 to \$4.00

Its becoming harder and harder each season to buy the popular priced shoes, that is shoes that sell from \$3.00 to \$4.00. The constant advance of the cost of the raw material that goes to make up such shoes means that the retailers will have to do one of two things, either increase their volume of business or raise their prices.

WE are going to increase our business by giving you the best value in town for your money. Our prices will be no higher than in the past, which were always the lowest possible for the values received.

Let your next pair of shoes bear our label and you will be convinced of the long wearing qualities of our shoes.

All Styles, carried in stock to suit every man's wishes. \$2.50. \$3.00, \$3.50 and \$4.00.
