CERTAIN PRESENTLY EXIST ING CONDITIONS KNOCK **OUT ITS ADMITTED SUP.** PORTING STRUCTURE

Jasolene Prices Practically Prohibitive. Demand Never Greater Than Now. Millions Of Gallons Placed In Storage Over Immediate Needs of Trade

It is a generally accepted statement hat supply and demand control the price of commodities but the present case of the gasolene situation seems to knock the props from beneath this pet theory and leave it prostrate and defenceless. It is a well known fact that mil-

lons of gallons of gasolene are being placed in storage to the manufacturers at the present time, but in spite of this fact the selling prices of this much needed product are adyancing to almost prohibitive

The femand for gas done was never greater than it now is. The price was never lagher and the supply was never so large. Let advocates of the theory that simply and decontradictory facts if they can. The claim of conditions toos presented appears to be greatly at variance with the moss grown belief or faith in the supply and demand theory

In calling attention to the gasolene ituation the Norwich Bulletin says: "It makes little difference what the commodity is, when the prices commence to go skyward there is al-

ways a large number concerned therein. Prices have advanced in all lines, but in none has there been much greater increase for the amount used RCONC THEATER successes. The star is particularly played throughout the entire country. and the apparent amount available than in the trade in gasolene. This

PUBLIC CONFERENCE EN LIVENED BY FRANK AT-TITUDE OF FORMER SELECTMAN

Howell Cheney Upholds Plan of Textile Training Which Has Been His Dream Profitable Evening's Discussion of Community Interests.

The special conference called at the assembly hall of the high school last evening to discuss public affairs did not attract a very large andience, but those who attended had an opportunity to get in close touch with what civic bodies are trying to de I for the better being of the townspeople as a whole. Reports were received from the Educational club on denta hygiene, from the school board on the needs of the outlying districts, from the board of health, and from the State Board of Education as regards the vocational schools and from the Ninth School District recreation committee.

The meeting was enlivened when the discussion of the aims of the trade school were being touched upon by J. R. Trindar, state superintendent of trade school education. Mr. Trindar had told of the interest in other places regarding the pictures which have been shown illustrating the several processes in the manufacture of silk. He said that it was beyond his anderstanding why more of our townspeople did not interest themselves in the methods employed in the manufacture of silk. He said we do not have to look at pictures, we can go right into the mills and see a first band the different processes employed in the manufacture of silk. Yet he finds that there are a great many people who have never been in the mills even to get a glimpse of the work for their own education. Continuing he said that the textile branch of the vocational school in this town was unique in the state and he hoped

for a bigger interest in the branches In speaking of the textile branch taught here. as regards the trade school Mr. Trindar touched upon a phase of our community life in which John Cairus

ANNIVERSARY CELEBRATION!

OUR NINTH FRI.MAY 19 to MON.MAY 29

WE CELEBRATE BY OFFERING ATTRACTIVE REDUCTIONS IN ALL DEPARTMENTS IN NEW AND STYLISH MERCHANDISE FOR SUMMER

The past year has been a very successful one, a fact that we attribute to the good will of the women who have patronized us, as much as to the progressive polcies of this enterprising shop. To inaugurate our tenth year of service and to thank you in a material way for previous patronage we will offer throughout our store specially purchased assortments of new summer merchandise which we price from 25 to 50 per cent, less than regular. It will be a splendid opportunity to obtain the things required for warm weather wear at savings that cannot be matched elsewhere

Suits, Coats, Dresses, Waists, Skirts, Children's Apparel, Muslin Underwear, Neckwear, Hosiery, Corsets and Ribbons at Savings
