Bond For Deed

By the recording of a bond for a deed from Mrs. Eleanor McCann of South Manchester to M. J Lynch of Chicopee, Mass, the sale of land on Pine street which has long been owned by Mrs. McCann becomes known. The property is situated on the west side of Pine street between Walnut and High streets and has for its west boundary Division street It is the only property between Walnut street and Hartford road not now owned by Cheney Brothers and it was the opinion of many that the next owner, if a change was ever made, would be Cheney Brothers. The sale price, as shown by the bond for the deed, is to be \$11000 which shows that Pine street property is valuable when it is considered that

besides the land which is about 220 feet on Pine street and about 300 feet deep there is conveyed only a house built many years ago. It would not be at all surprising if Cheney Brothers became the ultimate owners of the land. Its proximity to their large real estate holdings on the West Side would make it a valuable and desirable purchase for them. No particular time is specified in the record for the transfer of the proparty. The selling price however, is
