\$4.98

Shall they be determined by Industrial Warfare or Federal Inquiry?

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service your service. This army of employes is in the public service-your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Eastern Railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest, and average of all) as shown by the payrolls-

	Pass	enger	Fre	eight	Yard		
Engineers .	\$1641 3224	\$1931	\$1585 2992	\$1783	\$1303 2178	\$1543	
Conductors	1553 3004	1831	1552 2901	1642	1145 1991	1315	
Firemen	951 1704	1128	933 1762	1109	752 1633	935	
Brakemen .	957 1707	1141	862 1521	973	834 1635	1085	

The average yearly wage payments to all Eisern tran enployes (including those who worked only part of the ye r) as shown by the 1915 payrolls were-

Engineers .			41.5	\$1796	\$1546	\$1384
Conductors					1404	1238
Firemen .					903	844
Brakemen .					858	990

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?
