SINGING ORCHESTRA

South End Mosse Score Social and Financial Success

One of the most pleasant social functions held in this town in many years took place at Cheney hall Wed-McEnnelly Singing Drchestra provided South End Lodge of Moose. It was the first public dance ever given by winner from the start to finish. The nusic provided by this famous orchesta was a revelation to dance and music overs in this place and was one of he best treats of the kind that the ublic has been privileged to enjoy in this town. Persons who are fond of dancing and others who went only to hear the music speak in the highest terms of the efforts of the orchestry to entertain their patrons. The concert was staged with a finish that marked the shility of every member of the organization and stamped each man as an artist. The players appeared o enjoy their work as much as did imes a number would be encored a half dozen times before the dancers would give the players a chance to rest. It was far ahead of any like entertainment that has been seen this place and sets a new high mark for other organizations to follow.

Before the evenings program was fairly started on its way the amusement committee of the lodge, secure in the fact that they had provided something which the public wanted, started negotiations for a return engagement of the orchestrs. There is but one open data between now and the beginning of Lent and a Danbury organization has the first call for that date. The local lodge will have the second option and will know finally McEnnelly Singing Orchestra will appear here again under the auspices
