By reason of the hazard of a combined electric and steam service over the main line tracks of the New York, New Haven & Hartford Railroad Company between East Burnside and Vernon the service rendered by this company between Church Corner, East Hartford and Rockville will be discontinued on February 15, 1917.

In place of this discontinued service, cars will be operated from Tolland avenue, Rockville, to city Hall, Hartford over the street lines each half hour instead of hourly as at present. The Company is thus doubling its service over the street lines without knowledge of the demand there will be for the service, but in the hope that the patronage will warrant its continuance.

Hourly service will be continued between Stafford Springs and Hartford.

The first car will leave Stafford Springs for Hartford at 5:45 a. m.

The first car will leave Tolland avenue for Hartford at 6:20 a. m.
