Economize In Food to Help America and Our Gallant Allies Win the War.

> An Appeal by Connecticut Members. National League For Woman's Service.

WOMEN OF CONNECTICUT-Are you selfish enough waste food as you always have while the world is

starving! AMERICA'S DUTY to herself and to her allies in this hour is to reduce to a minimum the waste and consumption

of foodstuffs.

CONNECTICUT WOMEN, we believe, can be depended upon to fulfill their patriotic duty in this, the housewife's special task.

WE EAT MORE THAN WE NEED; we waste one-fourth of the food which enters our homes. We must get food preparation primers and learn the science of "getting

TO MEET THE NEEDS of our allies we must: Substitute corn for wheat bread to some extent; give up cakes and confectionery; eat less meat; use less bacon and lard. We cannot send fish, fruit, potatoes, vegetables, poultry and dairy products to Europe in quantities; we can est our total production of these.

THE WOMEN OF CONNECTICUT must help in the home gardening movement, the greater crops campaign, and in all work for increased production and conservation of foodstuffs. Join a canning club and learn how to preserve the fruits of this year's harvests.

REMEMBER, our motto must be "BUSINESS AS USUAL, for any interruption will mean upsetting the nation's whole commercial organization. ECONOMY IS UN-NECESSARY EXCEPT IN FOOD. BUT WE ALL MUST HELP INCREASE AND CONSERVE THE WORLD'S FOOD SUPPLY.
