sible. Then we had to do it.

In telling my story I have tried to take the important events and set them down in chronological order. I have endeavored also to link them together so as to make it possible for the reader to follow me through the principal happenings during my time of service. Many of the more sordid details of this great war I have been obliged to leave out. I have decelt neither on the horrors of war nor yet on the glory. but I have tried to picture the daily routine of the fighting

Your Motor's Efficiency

You can judge the efficiency of your motor by its flexibility-the eagerness with which it "picksup," the steadiness and smoothness with which it turns over when throttled down.

SOCONY gets the full flexibility out of your car because it is absolutely pure, and every drop powerful.

More than that, SOCONY is always the same-every gallon like every other gallon. That means freedom from the motor troubles which result when today's gasoline doesn't mix with yesterday's carburetor adjustments.

Buy under the So-CO-ny sign. It will insure you a more efficient motor.

Standard Oil Co. of New York

Pupils tickets are sold only a removed and the lines made straight. the Moose. the present rate.

WILL YOU GIVE

A nation wide movement is in progress to supply the soldier boys of America with Victrola records at the several cantonments throughout the United States, and to that end people generally are asked to contribute Victrola records for this worthy purpose. Most of the cantonments are provided with Victrolas, as gifts of generous friends, and the adding of a large number of records to the collection will mean much toward the entertainment of the men who have left home and friends and kind neighbors to bear the burden of the battle in defense of Democracy and for the preservation of the inherited

Spruce street lines proposed by the board of selectmen, Mr. Moriarty and the curve then appearing upon the finap as prepared by the should be straightened before accepting the lines.
