### FLOUR MILLS IN

The grist mill is coming back. For years people have considered this form of New England factory more or less in the light of a picture-sque setting for light opera songs and magazine articles but now our mills are being put to a practical and immensely import.

Taising money, and that it has never authorized any chain-letter promoters to use the name of the Red Cross in any way, letters of this nature are in circulation and many copies of them have been forwarded to National Headquarters for explanation.

Gift of President Morgan to a practical and immensely important use. Fifty-six of them in Connecticut are busily grinding grain into flour to be used in making bread for the people of the communities in which they are located, according to the facts which the Committee of Food Supply and Conservation of the Red Cross is not warranted.

Red Cross members, and the public in general, are warned that there is no assurance that donations in respective communities in general, are warned that there is no assurance that donations in respective communities in general, are warned that there is no assurance that donations in respective communities in general, are warned that there is no assurance that donations in respective communities in general, are warned that there is no assurance that donations in respective communities in general, are warned that there is no assurance that donations in respective communities in general, are warned that there is no assurance that donations in respective communities in general, are warned that there is no assurance that donations in respective communities in general, are warned that there is no assurance that donations in respective communities in general, are warned that there is no assurance that donations in respective communities in general, are warned that there is no assurance that donations in respective communities in general into the Aetna Life Insurance Companies, Actually it meant that the reduced rate tickets were used in part payment for longer distances.—Post.

## **POWER**

To get out of your motor all the power that was built into it requires a gasoline that is not only pure but uniform.

It is because every gallon of SOCONY Motor Gasoline is like every other gallon, no matter where you buy it, that SOCONY runs a motor so much more efficiently than the best of unidentified gasolines. A carburetor once adjusted to SOCONY is adjusted for keeps.

You will find that SOCONY gives more miles to the gallon and more power to the mile. Say So-CO-ny and look for the Red, White and Blue sign.

THROWING THE DART.

Venice and Cork, For Different Rea-sons, Observe This Old Custom. In widely differing communities-Venice and Cork-there obtains a curious ceremony, that of throwing the

In the first case this is an ancient custom signifying the marriage of the Adriatic. Every year since 1177, on Ascension day, Venice has been made the bride of the sea, and the throwing of the dart is a picturesque feature of a picturesque ceremony. Equally interesting are the circum-

stances attaching to the similar function on the first Thursday of September in Cork harbor, Ireland. By virtue of a clause in the city charter the mayor of Cork is constituted admiral of the port. Every three years he must evidence his jurisdiction by throwing a dart into the sea. At 2 o'clock in the afternoon the

mayor, the town council, all the civic officers and the band of the Cork civil artillery embark on a vessel and proceed to a point between Poor head and Cork head, which is held to be the maritime boundary of the borough. The mayor dons his official robes and, attended by the mace and sword bearer. the city treasurer and the town clerk. likewise wearing their official robes. goes to the prow of the vessel and launches into the sea a dart made of mahogany tipped and winged with bronze, in this way asserting his nuthority as lord high admiral of the port.-Argonaut.

VENOMOUS SEA SNAKES.

Gaudy Colored Serpents of the Indian and Pacific Oceans. Innumerable sea snakes, most of

which are highly venomous, infest the waters of the Indian ocean and the western Pacific. Nearly all of them differ from the land serpents by the laterally flattened and oarlike shape of the tail and also by the scales of the under surface of the body. When cast ashore accidentally the majority are quite helpless and soon die, for they are unadapted for getting about on land. Three

species, however, differ from the majority of the sea snakes. One of the most common kind is a three foot snake that lives in the waters from he Bay of Bengal to Oceania. This pecies easily crawls on land and metimes makes journeys of a considrable distance inland. Most of the sea snakes have brilliant

colorings. They feed on fish and other I twelve feet. Sea snakes also differ from land snakes in the shortness of the tongue. In their natural element they thrust only the extreme tip of this organ through two small notches in

FOURTEEN MONTHS THE FRONT

An American Boy's

Bedford, Ohio.—"I was in a pitiful condition, weak, nervous and run down so I could not do my housework. I had doctored for years and tried everything under the sun. A friend told me about Vinol. I asked my doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' I took it, and today I am as well and strong as any woman could wish to be, and it was Vinol that saved me."—Mrs. Frank A. Horkey, Ash St., Bedford, Ohio.

We guarantee this famous cod liver and iron tonic for all such conditions.

# Holiday Stocks Are Ready Now

-And the best time for choosing, is NOW, when se lections may be made deliberately, carefully and wisely-and when stocks are at their best,

Stress of the times makes it eminently fit and proper that Christmas gifts this year should be practicalworth giving, worth receiving, and worth keeping. Such gifts are never open to criticism; but a gift without intrinsic value and real usefulness may well be called foolish and extravagant in troublous times.

If ever there was a time when intelligence should come to the aid of sentiment, to temper generosity with judgment and to prompt the giving of those things that enrich and glorify that sacred spot-the HOME-it is THIS year-NOW.

It may be but a simple addition to the living, room dining room, bedroom or library; -a big deep soft easy chair, a tall clock, a floor lamp, picture, painting or photo frame.

- a new gas range, vacuum cleaner, a new set of china or any of the many useful and necessary articles which make home keeping easy and delightful. -or the Victrola, which speaks for itself in language that reaches every human heart; or a grand or player plano-the dream of a lifetime in so many, many

-and gifts for the children-junior size furniture as carefully designed, as beautiful, and as practical, as that for grown-ups; nursery appointments-and cribs; carriages for baby; and doll carts.

The board of selectmen are having a one-rail fence built on the east

side of Main street, between Birch and

Center, at points where the grade of

the sidewalk is such as to leave a

considerable depression between the

sidewalk and the adjacent lawns.

This is done as a safeguard to pedest-

rians, and also for the purpose of doing away with the string of red lights

that has been maintained there since

The raising of the sidewalks to the

street grade between the points nam-

ed above left the dwellings and lawns

at some points materially below the

level of the walk. The seelectmen

sought to effect a compromise with

the property owners by grading the

lawn and setting up shrubbery skirting

the sidewalk on the east side of Main

street where the improved sidewalks

were laid this year. To this propos-

ition the property owners would not copsent. They are looking for dam-

ages and pending the determining of

any changes in the grade of their

lawns. The matter now stands at a
