JOHN F. SULLIVAN BOUGHT CIRCLE THEATER

John F. Sullivan, proprietor of the Park Theater has bought the Circle Theater and will take possession of same at the close of tomorrow evening's entertainment. He will place his brother, James Sullivan, in charge. Harold Germaine is to remain the chief operator of the machines. This fact will be well pleasing to many patrons of the Circle as Mr. Germaine is very popular and people like his work.

Mr. Sullivan informed a representative of The News that it is his purpose to maintain the same high standard of pictures as he has had in the past. He stated that the present owners have furnished the public. Patrons of the Circle who have their film favorites are to be considered by the new management and their desire to be met in this important particular.

While Mr. Sullivan may introduce some novelties he will not permit the high standard of pictures or performers to be lowered. He asks the patrons of the Circle to feel quite at ease upon that question and he is in a position to answer them to their every desire in this particular will be met.

Mr. Sullivan will be pleased to receive any suggestions which patrons of the Circle may choose to offer with reference to their stage favorites and he gives every assurance that every effort will be made to satisfy the demands in so far as in him lies.

James Sullivan, the new manager will also endeavor to enter to the needs of Circle patrons and to do all he can to ensure continuation of their patronage at their favorite theater.

MONSTER RED CROSS PARADE TAKES PLACE HERE TOMORROW

Start Will Be Made From Center at Two O'Clock--Procession Will Be Nearly Two Miles Long -- All Bands in Town Will Play--There Will Be Fifty Floats in Line.

RED CROSS RALLY HIGH SCHOOL TONIGHT

DISTINGUISHED SPEAKERS WILL TELL OF GREAT WORK RED CROSS IS DOING.

At this writing it is a certainty that Saturday, May 18, will go down in the history of Manchester as one of the biggest days in the annals of the community. Thousands of marchers all available hands half a hundred floats decked in national colors and symbols of Red Cross work in field and hospital, scores of entries such as only the ingenuity and patriotic fervor of earnest Red Cross workers could devise will combine to make one of the biggest and best parades that Manchester has ever seen. The procession is scheduled to move at two o'clock. It will be nearly two miles long.

An idea of the magnitude of the parade may be had from the fact that the line when once formed and without advancing one foot will extend from the Center to Depot square and half way back to South Manchester again. Contrary to custom the marcher's side will not be in the parade but will be stationed at the intersection of the parade route with the main street.

As is already understood by the public, the parade will be a magnificent demonstration of patriotism and loyalty to the work and ideals of the Red Cross. Feature after feature of surprising beauty will characterize the whole procession. The parade will be led by the general marshal Austin Cheney and his police escort. They will follow the ministers of the community. Next will be the Salvation Army Band. Following the band will be an inspiring and impressive sight the colors of the six nations with the Red Cross emblem in the center of the detachment. The colors will be carried by members of the military and naval service who are in town for the occasion. Following the colors will be the executive committee who will have charge of the Red Cross drive next week. The committee will be on foot and will be assisted in their duties by the Red Cross workers. After the executive committee will be ten regular teams of the drive, also the industrial team which will convey the manufacturing plants.

TYPIFYING RED CROSS

After the captains and their teams will come the most beautiful features of the entire parade, sections representing the various departments of the Red Cross organization right through. There will be the surgical dressings section, the comfort bag section, the garment section and other departments. Workers. Next will be the Bolton and Marlborough branches of Manchester Chapter followed by the thirteen auxiliaries of the Red Cross chapter. Then will come two handsome floats for the home service and section sections.

Next in line will be the motor corps, the organization of local women who hold their automobiles in readiness at a moment's notice for service in the Red Cross.

THIRDS FROM SCHOOLS

From the schools alone the number of marchers will number 1400 figures. The Army and Navy League of the High School will march. Next will be the Junior Red Cross. Then will come the marchers from all the local schools, including the eight district schools, the Harvard School, the Lincoln School and the High School.

NEEDED IMPROVEMENTS MADE ON SPRUCE ST.

The highway department has done a good piece of road work on Spruce street during the past few weeks and that thoroughfare is now in excellent condition. From Birch street to the trap rock has been placed on the road bed and this has been covered with a coating of broken gravel. After a thorough wetting down the road roller has been brought into action with the result that a practically new road has been built. With sidewalks on both sides of the street and the concrete gutters Spruce street now presents a very attractive appearance.

Property owners all along the line have taken an active part in the improvements of this street and have regarded their laws and made other improvements bordering the highway which make a very presentable appearance.

The town officials hope to get some road oil soon and when this is

Would Combine Property

There are many who believe that it would be advantageous to move the town barns from East Center street to the abandoned property on Middle turnpike. Considerably more shed room is needed and the present barn is not as modern as it might be and will soon need repairs. It is considered altogether too valuable to be present town barn property. It is argued for this purpose and it is argued that if the barns were in the abandoned property the town would have a job for which the town now pays \$20 a month. The only objection that has been heard to removing the barns is the slight increase in distance from the Center. If cut into building lots the East Center street property probably would bring a good sum of money for the same and will use it at this time.

"OVER THE TOP" OMITTED THIS WEEK

Owing to the large amount of space given Red Cross matters in the issue of The News it became imperative that we omit "Over the Top" from this week's issue. The usual installment of this story was due to appear today. We felt that our readers would bear with us in this important matter and freely grant the right of way to the big Red Cross drive and other matters appertaining thereto.

PROCLAMATION

By the President of the United States
WHEREAS, The Congress of the United States, on the second day of April last, passed the following resolution:
Resolved by the Senate (the House of Representatives concurring) that it being a duty peculiarly incumbent in a time of war humbly and devoutly to acknowledge our dependence on Almighty God and to implore His aid and protection, the President of the United States be and is hereby respectfully requested to recommend a day of public humiliation, prayer, and fasting to be observed by the people of the United States with religious solemnity and the offering of fervent supplications to Almighty God for the safety and welfare of our cause, His blessings on our arms and a speedy restoration of an honorable and lasting peace to the nations of the earth.

AND WHEREAS It has always been the reverent habit of the people of the United States to turn in humble appeal to Almighty God for His guidance in the affairs of their common life:
Now, Therefore, I, Woodrow Wilson, President of the United States of America, do hereby proclaim Thursday, the thirtieth day of May, a day solemnly freighted with sacred and stimulating memories, a day of public humiliation, prayer and fasting, and do hereby exhort my fellow citizens of all faiths and creeds to assemble on that day in their several places of worship and there, as well as in their homes, to pray Almighty God that He may forgive our sins and shortcomings as a people and purify our hearts to love and the truth, to accept and defend all things that are just and right, and to purpose only those righteous acts and judgments which are in conformity with His will; beseeching Him that He will give victory to our armies as they fight for freedom, wisdom to those who take counsel on our behalf in these days of our struggle and perplexity, and steadfastness to our people to make sacrifice to the utmost in support of what is just and true, bringing as at last the peace in which men's hearts can be at rest because it is founded upon mercy, justice and good will.

BUSINESS BOOMING IN AUTOMOBILE TRADE

Madden Brothers report that business in the automobile trade is booming with them and that their sales of automobiles and sundries have been the largest during the past few weeks that they have ever experienced in a similar period. The demand for automobile tires especially has been unprecedented in so far as the trade is concerned. It is a very gratifying condition for them.

AMERICAN MADE DYES NOW LEADING WORLD

THIS IS MESSAGE BROUGHT BY GUS GREEN FROM GREAT TEXTILE DEMONSTRATION.

Test in New York Show Superiority of American Made Colors Over All Others.

Gus Green is in town this week having come up from New York City. He attended the textile exhibit at the Grand Central Palace in New York. He says that it was the most imposing and largest event of the kind ever assembled in this country.

Mr. Green brings the information that American chemists have the dye situation well in hand. They have delved down deep into chemistry to reveal all the mysteries of dye making. That one of the largest dyeworks in the world is soon to be established in America.

Manufacturers who establish dye works in America on a scale large enough to meet the demands of this country for these goods are to be simply protected by law in their projects and will be put in a position to meet all competition of foreign manufacture.

What is Your Answer?

HAVE you ever lain in No Man's Land, with a shattered thigh and a throat that burned with thirst?

Has your wife ever begged food for her children and herself at the mess-kitchen of a soldiers' camp?

Has your little son ever torn his mother's heart with a plaintive cry, day after day, for food she couldn't give him?

Has your little daughter, clad in a ragged dress, her only dress, ever shivered night after night in the ruined cellar of what was once her home?

Has your city ever been destroyed—nay, powdered, bricks, stone, timbers and all so ground into the dust that one scarce knew where street ended and building began?

It is exactly such suffering that the Red Cross is organized, here and in Europe, to relieve.

The Red Cross Asks for One Hundred Million Dollars as the least it needs to carry on this work.

Can you—dare you—refuse to give to this work—and give till the heart says stop?

LIGHTNING STROKE DESTROYS HOME

During the thunder storm last Friday evening, between eight and nine o'clock the stone house then occupied by Mrs. Martin Hayes and her daughter, Miss Margaret Hayes, was struck by lightning and set on fire. The bolt evidently entered the chimney and spread the fire to the upper portion of the house. The occupants who were down stairs had not retired and were not aware of the burning until it got so much headway that they were compelled to make a hasty exit. The fire was nearly any of their belongings.

The house was owned by Cheney Brothers and was located on Olcott street near Hartford road. It was outside of the South Manchester Fire District. Their nearest neighbors were the families of Charles and of Edwin Duncanson. A still alarm was sent into Hose One and the fire apparatus from South Manchester was sent to the scene of the burning. By the time they arrived however, the work of destruction had so far advanced that nothing could be done to save the furniture. The neighbors had succeeded in getting a piano out of the window but it was blistered, scorched and injured generally so as to be quite useless.

John Hayes, who is an attorney with an office in Hartford was on his way home, but was delayed by a fatal automobile accident on Twin Hills, where a man was killed, as noted more fully elsewhere in these columns. When Mr. Hayes reached home he found the dwelling in ruins. Mrs. Hayes and her daughter are stopping with friends in South Manchester.

Cheney Brothers had the walls inspected last Tuesday and decided that it was not safe to permit them to stand. They therefore had them dynamited and the masonry permanently removed. Mrs. Hayes carried some insurance on her furniture, clothing

and other household effects. It was not storming about eleven o'clock when the fire was discovered. Mrs. Hayes was awaiting the homecoming of her son.

OFFICERS ELECTED KNIGHTS OF COLUMBUS

At the special meeting of the Campbell Council Knights of Columbus held last Monday evening at the K. of C. parlors, Frank G. Belkner was elected to the position of financial secretary, made vacant by the fact that John F. Campbell has been called to the colors and expects to leave here next week Thursday for Camp Upton. Philip Carney was chosen as warden to succeed Thomas F. Peckham, resigned. It was decided to continue Grand Knight Walter Gorman in office during the present term, notwithstanding the fact that he is going away from here next week Thursday with the selectives. The duties of the office will be carried on without interruption by the deputy grand knight, Postmaster Fred H. Wall. This arrangement will enable Walter Gorman to retain the title of grand knight. As this is his first term in the office the special arrangement made in his case is much appreciated.

Saw Third Degree

A goodly number of a members of Campbell Council Knights of Columbus motored to Norwich last Sunday to witness the exhumation of the third degree. The degree team from Westley, R. I. did the work in a masterful and impressive manner. Several of those who voyaged to Norwich from here last Sunday had never before been privileged to witness the work of the third degree from the side lines. They were duly enjoined to witness the action had all the "Pop" desired and pleased the newly initiated third degree members very thoroughly.

On Pacific Coast

Chief Petty Officer Earl Balsieper of the United States Navy wrote his mother, Mrs. Edward Balsieper of Prospect street last Saturday, that he had reached the Pacific Coast and was temporarily stationed on Foges Road at a place known as Bremerton. He also sent home a number of picture postal cards showing points of interest along the route over which he traveled. The railroad over which the sea journey is electrified and fully up to the highest standards of superior railroad development known in the East. This indicates the progressive spirit of the people of the West and shows their desire to move in the front ranks of the procession. The letter was written in a very enthusiastic vein and the young naval officer feels justly proud of the honors which his rank brings to him. He says that chief petty officers are shown much respect and honor on the Pacific Coast. Not many U. S. naval officers are seen at Bremerton.

CANTEEN WORKERS CATER TO POILU'S APPETITE FOR OYSTERS AND SALADS

Eleanor Robson Belmont, Home From Europe, Teils of Her Unbounded Faith in the Red Cross.

By ELEANOR ROBSON BELMONT.
WHEN I left for Europe a few months ago I had no cast-iron reverence for the Red Cross. When I returned from Europe I brought home with me an unbounded belief in the organization. I had seen enough to make me realize that this was the best method of serving the soldiers and sailors. We are waging an economic war. Therefore the surest and most effective way to help is through the established channels selected for that purpose by the government.

The main work of the American Red Cross, however, is, of course, carried on in France. The policy of those heading this work is to back up the French in their own efforts and to help them develop along their own lines, not to root out French institutions and transplant American ones. Whether we work them, in canteens, in warehouses, in dispensaries, for poilus or for refugees, in Paris or in

the devastated districts, for the children or for the aged, it is always on the same plan of backing up the French if they have any organization or plan.

Poilus Like Oysters and Salad.
The canteen work is one of the most gratifying ways of helping the French. To see those poilus enjoying the first delicacies they have had for days is a soul-satisfying sight. The English and French maintain canteens where they dispense soup, hot coffee and cocoa, tobacco, chocolate, etc., but the American Red Cross canteens serve real dinners at cost or under. The poilus are inordinately fond of oysters and salad; when they can order a plate of oysters or a dish of salad in an American canteen they are as happy as children. We have six canteens in the French zone for the French army—France is, of course, divided into zones. In one line of communication canteen we serve from 4,000 to 8,000 men a day. These canteens are near the railroad stations for the benefit of the men going to the front, being there when I returned to see what we were doing on a furlough. In one section the

THE RED CROSS

By EDGAR A. GUEST.
I AM too old to share the fight;
Too many years have come and gone
Since first I saw the morning light.
My youth has been and traveled on,
I am too old to join the line,
Far-fung today that truth shall live;
I may not die for what is fine,
But I am not too old to give.

I am not yet so old that I
Have drifted from the world apart;
I still can hear the helpless cry,
And mercy still can reach my heart,
I still can share from day to day
The burden that our youth must bear,
And I thank God that I can say
The Red Cross is my symbol there.

I am too old to bear a lance,
Across the shell-torn Flanders' field
I may not go where troops advance
And death's grim horrors are revealed;
But I can hear the helpless call,
And I can serve them while I live;
And I thank God that through it all
I shall not be too old to give.

Swift & Company Made No Profit

The cattle raiser would receive only 1/8 cent a pound more for his cattle

So small is Swift & Company's profit on any single transaction that if it were turned over to the cattle raisers of the country, they would receive only 1/8 cent a pound more for cattle than they receive now.

Swift & Company pays for live cattle about 90% of the amount received for dressed meat and by-products. The remaining 10% pays for packing-house expense, freight to market, operation of distributing houses and profit. Swift & Company's actual figures per head for 1917 on over two million cattle were as follows:

Receipts	Payments
From By-products \$24.00 Meat \$68.07 Total \$92.07	For Live Cattle \$66.45 Total \$66.45

* This net profit of \$1.29 per head averages 1/8 cent a pound live weight.

And out of this small net profit dividends must be paid to shareholders.

WATCH YOUR TROLLEY MAIN ST. NO MORE

Persons going by trolley from South Manchester to Hartford must bear in mind that South Manchester cars do not go beyond Market and State streets. They traverse the boulevard after leaving it at bridge in Hartford, and go up State street to Market. From thence they swing through Market to Morgan on their return trip. It will be observed that at this arrangement the South Manchester trolleys do not go to Main street at all. Neither do they reach

up to Central Row where they have been discharging and receiving passengers for several years past. Persons should not wait at any of the Main street stores for a South Manchester trolley to come along when they want to come home. In stormy weather this arrangement will be found quite an inconvenience to many. Persons during storms were wont to wait in the shelter of the Main street stores for the coming of the trolley. This can be done no more under the present arrangement.

No More Home Guards

Captain R. G. Rich has been officially notified that what has been known as "Company F Home Guard" has been changed to "Company F State Guard". The members of the command are now subject to duty requirements in any part of the state at the Governor's call. They now occupy the same relative position in the state service as that held by Company G First Connecticut Infantry prior to being assigned to the American Expeditionary Service in the present war for overseas duty.

S. I. Denton of Philadelphia spent the week-end as the guest of his parents, Sanford M. and Mrs. Denton of Chestnut street.

Frank Edger of the Medical Corps spent the week-end on a furlough at his home in South Manchester.

James Leggett of Ridge street was given a surprise party at his home last Friday evening.

Members of the Salvation Army Sunday School were the attacking party. They came well supplied with ammunition consisting of edibles, good cheer and merriment, and recorded an event of such pleasure for all concerned.

Thomas Keating of South Manchester left town Wednesday for Camp Devens. He has entered the officers' training camp as an enlisted man.

Mrs. T. H. Weldon and her daughter, Miss Margaret, are at Crescent Beach this week preparing for the opening of the Weldon cottage for the coming summer period.

The stores in South Manchester will be open this evening owing to the fact that they are to close tomorrow afternoon on account of the giant Red Cross parade. All interested persons will do well to take cognizance of this fact and govern themselves accordingly.

William Musnie of the Naval Reserve, who has been enjoying a furlough at his home on Center street, has returned to the ship and will resume his duties under the Stars and Stripes.

J. H. Mueller, recreation director at the Recreation building, South Manchester, is to leave his position here July 1, 1918.

Sergeant J. E. Pimios, British-Canadian recruiting officer, will be found at the War Bureau, South Manchester every Saturday for the present. He comes here for the purpose of inducing British subjects to join the colors as volunteers. His Hartford headquarters are at the U. S. recruiting office on Asylum street, where he can be found any business day other than Saturdays.

Paul Deane of the Naval Training Station at Pelham Park, N. Y. enjoyed a week-end furlough at his home on West street.

John Sutherland, the only man to enlist at the big British-Canadian recruiting rally last week, was unable to pass the necessary physical examination and therefore was rejected. He showed his good will however and his desire to do his bit for his native land. James Taggart, who enlisted later, was also rejected for similar reasons. Both men have ample demonstration of their loyalty to the British standard and will be honored and respected accordingly.

The following volunteers for the British-Canadian army left South Manchester for Canada last Tuesday: David and Samuel Madden, brothers; Harry Stevenson, Stewart Taggart and Michael Kemmer. Five other British volunteers have been granted additional time to arrange their business affairs before crossing the border to join the colors.

The Heilyn place in Oakland was purchased this week by Frank H. McPherson of Southfield, who with his family are now living there. The sale deeds are recorded in the name of Mrs. Minnette Stone McPherson. Mr. McPherson is employed by the Case, Lockwood & Brainard Company of Hartford.

SELECTIVES WHO LEAVE HERE NEXT THURSDAY

ARE TO BE FED AND FROLICKED AT CHENEY HALL TUESDAY EVENING.

Going to Camp Upton For Start 56 Men On List. Rev. Mr. Lindh Principal Speaker at Dinner Will Leave Town at Six A. M.

There are 56 selectives to leave here next Thursday morning at six o'clock for East Hartford. They are to assemble at the South Manchester postoffice and be taken thence in automobiles. At East Hartford they will entrain for Camp Upton, Yaphank, N. Y. It is expected that they will receive their equipments at the camp they will shortly afterwards be forwarded either to one of the Southern camps, or shipped forthwith across the sea. It is understood that the soldiers at Camp Upton do not remain there long. They are constantly going and coming to and from that point. Being sent to the front as they are readily accessible for transportation across the sea to France or England.

Next Tuesday evening they are to be given a Goodspeed dinner at Cheney hall, starting at 6:30. A substantial collation is to be served and everything possible done to make the sturdy young soldiers bear pleasant memories of the event.

David Hasbald, chairman of the citizens committee will serve as master of ceremonies. Rev. E. I. Lindh, acting pastor of the Center Congregational church will be the principal speaker of the evening. It is possible that impromptu remarks may be called for from others. Chairman G. H. Miller has charge of the commissary department for the evening and will prove to be a good provider. Herbert Ingham is chairman of the entertainment committee and will see to it that ample amusements will be injected into the proceedings to make them lively and long to be remembered.

The citizens committee has had considerable experience in matters of this kind. They have at sundry times since the war started feasted and frolicked 211 men, including selectives, naval reserves, Canadian army recruits, radio men and others who have gone forth at various intervals in response to the call. Rev. W. J. McGurk and F. A. Verplanck served as committee on speakers for the event of next Tuesday evening, and Father McGurk secured the services of Lindh as the chief speaker of the occasion.

The office employees of Cheney Brothers gave a whist and dance at Cheney hall last evening. The net proceeds were donated to the Red Cross fund. The evening was given in honor of the selectives who are to leave here early next Thursday morning.

The Hibernalians are meeting with commendable success in the effort to sell \$200 worth of Thrift and War Savings stamps. They have already sold more than \$200 worth. They have not worked the field nearly over as yet and they feel sure that there will be but little difficulty in gathering in the balance. They voted some time ago to join the Tafs 500 Thrift Stamp Club and are very conscientious of meeting the necessary requirements.

Cecil Kittle of the Salvation Army band, who enlisted in the Canadian army recently, left South Manchester for Montreal, Canada, Wednesday. He has been enjoying a short furlough with his family here. Manly Ian Kittle has been assigned to the regimental band and will go into camp with them. James Pitt and continue there for the summer. A portion of the command to which he is attached was sent overseas recently and it was expected that he would accompany them. A shift was made however at the last moment and he was transferred to the regimental band.

Quit Work The employees at the Adams Express office over north quit work Wednesday because they were not receiving sufficient pay for their services. One of the drivers remained. He was the only person of the entire force who didn't quit. Winfield Chase, the seal manager, is temporarily assisting the new manager to adjust the books and learn the details of the office. James W. Foley, proprietor of the Apple Express, is furnishing one double team for Adams Express trucking. It is being driven by Stephen Foley.

Watkins Brothers Inc. We Carry A Big Line of Reed Baby Carriages. Special for Saturday GUARANTEED Carpet Sweepers \$1.25. Gaily We Go "Over The Top" In Monster Red Cross Campaign. MEMORIAL DAY OFFICIAL PROGRAM. EXERCISES AT CHENEY HALL BEGINNING TWO O'CLOCK FOLLOWED BY PARADE. Reports made at the noon lunch today in Cheney Hall by the Red Cross collectors show that \$23,841.81 had been gathered up to that hour for the day's work. This brought the grand total up to \$61,162.41, thus making the campaign "over the top". Our quota was set at \$65,000. The race is now on for \$100,000, with excellent prospects of success. The largest contributors and contributions announced for today were as follows: Annie W. Cleary \$5,000, Louise Cleary \$5,000, Harry G. Cheney \$5,000, Paul Cheney \$5,000. LAST NIGHT'S MEETING At the supper of the Red Cross workers last evening it was announced that the subscriptions for the day had been boosted by \$19,106.95, which brought the grand total up to \$41,939.31, about two-thirds of the quota for the town. Among the large subscriptions announced were the following: Frank and Mrs. Cheney, Jr., \$5,000; Mrs. Catherine Parley \$2,000; Lydall & Foulds Co., Colonial Board Company and the Manchester Water Company, jointly \$5,000; C. E. Home and Son \$2,000; and the Norton Electrical Company \$1,000. The report of the industrial group was most encouraging. Many of the mills in town have exceeded their quotas already and many more are expected to follow. Tomorrow all the uncollected cash will be called in at noonday lunch. Cards of a different color without names will then be distributed and each card will be permitted to receive subscriptions from any person they care to solicit. The final accounting will be given at a supper Cheney hall Monday evening at 6:15 o'clock. Captain of teams and others who have lists to turn in for the final accounting will find typists at the hall as five o'clock and they are urged to get these lists in as early as possible so that the final figures may be gotten together and the campaign closed with dispatch. During these war times an additional American flag of major proportions on Main street will be a standing admonition to the stranger within our gates that the spirit of patriotism dwells here permanently. It will also serve to teach our children love and the emblem of liberty and peace and justice to all the peoples of the earth. "Italy Day" This is the third anniversary of the entrance of Italy into the World War and the local residents are to suitably commemorate the event by a parade, music and speeches. The parade will start from in front of Cheney hall at 6:30 o'clock. Captain of the Italian Band will lead the procession and in the line of march will be found as many Italian people as possible. Many of them can possibly arrange to take part in the demonstration. The line of march will be up Oak street to the entrance of the main entrance to the Franklin School, in which building the State Trade School is now located. When grading the grounds last fall a concrete base was laid preparatory to when the time arrived for erecting the foundation and putting in position the flag pole. The purpose then was that an ornamental base be erected which would hold the flag pole with surface fastenings. It has since been determined that this plan is not practical and therefore it has been abandoned. The concrete base set in position last year, which was just a few inches below the surface of the lawn, is to remain. A new base has been prepared this week just west of the foundation laid last year. An opening 12 feet deep has been made there and filled with concrete grouting, leaving a cylindrical pole in the center. By this arrangement it will be possible at any time to remove the flag pole in case of decay or damage by lightning or the wearing tooth of time. An ornamental base of Indiana limestone is to be placed on the surface of the foundation and up through this structure will pass a flag pole reaching 75 feet above the surface. From this lofty perch Old Glory will float every fair day when the schools on Education square are in session. This structure will be in keeping with its ornate surroundings and will further embellish the grounds. In due course of time the newly made lawn fronting the school buildings on the west or Main street side will have a carpet of velvety green grass which will be well kept and prove an ornament to the already attractive premises. There are many of the uncollected cash will be called in at noonday lunch. Cards of a different color without names will then be distributed and each card will be permitted to receive subscriptions from any person they care to solicit. The final accounting will be given at a supper Cheney hall Monday evening at 6:15 o'clock. BIG FLAG POLE FOR EDUCATION SQUARE NEW AND SAFE FOUNDATION LAID THIS WEEK NEAR MAIN STREET.

Men began work last Tuesday preparing a foundation for a huge flag pole which is to be erected near Main street facing the main entrance to the Franklin School, in which building the State Trade School is now located. The concrete base set in position last year, which was just a few inches below the surface of the lawn, is to remain. A new base has been prepared this week just west of the foundation laid last year. An opening 12 feet deep has been made there and filled with concrete grouting, leaving a cylindrical pole in the center. By this arrangement it will be possible at any time to remove the flag pole in case of decay or damage by lightning or the wearing tooth of time.

\$67,000 FOR RED CROSS--- NOW FOR ONE HUNDRED THOUSAND. Gaily We Go "Over The Top" In Monster Red Cross Campaign. MEMORIAL DAY OFFICIAL PROGRAM. EXERCISES AT CHENEY HALL BEGINNING TWO O'CLOCK FOLLOWED BY PARADE. Reports made at the noon lunch today in Cheney Hall by the Red Cross collectors show that \$23,841.81 had been gathered up to that hour for the day's work. This brought the grand total up to \$61,162.41, thus making the campaign "over the top". Our quota was set at \$65,000. The race is now on for \$100,000, with excellent prospects of success. The largest contributors and contributions announced for today were as follows: Annie W. Cleary \$5,000, Louise Cleary \$5,000, Harry G. Cheney \$5,000, Paul Cheney \$5,000. LAST NIGHT'S MEETING At the supper of the Red Cross workers last evening it was announced that the subscriptions for the day had been boosted by \$19,106.95, which brought the grand total up to \$41,939.31, about two-thirds of the quota for the town. Among the large subscriptions announced were the following: Frank and Mrs. Cheney, Jr., \$5,000; Mrs. Catherine Parley \$2,000; Lydall & Foulds Co., Colonial Board Company and the Manchester Water Company, jointly \$5,000; C. E. Home and Son \$2,000; and the Norton Electrical Company \$1,000. The report of the industrial group was most encouraging. Many of the mills in town have exceeded their quotas already and many more are expected to follow. Tomorrow all the uncollected cash will be called in at noonday lunch. Cards of a different color without names will then be distributed and each card will be permitted to receive subscriptions from any person they care to solicit. The final accounting will be given at a supper Cheney hall Monday evening at 6:15 o'clock. Captain of teams and others who have lists to turn in for the final accounting will find typists at the hall as five o'clock and they are urged to get these lists in as early as possible so that the final figures may be gotten together and the campaign closed with dispatch. During these war times an additional American flag of major proportions on Main street will be a standing admonition to the stranger within our gates that the spirit of patriotism dwells here permanently. It will also serve to teach our children love and the emblem of liberty and peace and justice to all the peoples of the earth. "Italy Day" This is the third anniversary of the entrance of Italy into the World War and the local residents are to suitably commemorate the event by a parade, music and speeches. The parade will start from in front of Cheney hall at 6:30 o'clock. Captain of the Italian Band will lead the procession and in the line of march will be found as many Italian people as possible. Many of them can possibly arrange to take part in the demonstration. The line of march will be up Oak street to the entrance of the main entrance to the Franklin School, in which building the State Trade School is now located. When grading the grounds last fall a concrete base was laid preparatory to when the time arrived for erecting the foundation and putting in position the flag pole. The purpose then was that an ornamental base be erected which would hold the flag pole with surface fastenings. It has since been determined that this plan is not practical and therefore it has been abandoned. The concrete base set in position last year, which was just a few inches below the surface of the lawn, is to remain. A new base has been prepared this week just west of the foundation laid last year. An opening 12 feet deep has been made there and filled with concrete grouting, leaving a cylindrical pole in the center. By this arrangement it will be possible at any time to remove the flag pole in case of decay or damage by lightning or the wearing tooth of time.
