## ANOTHER BIG DRIVE WILL START IN JUNE

WISE, SMITH & COMPANY UNDER DIRECTION OF CON-NECTICUT WAR SAVINGS COMMITTEE

Adult Population. Will Register New Summer Furniture at Old Time Prices! During Remainder of Year. Country Wide Movement.

Plans have been announced by the Connecticut War Savings Committee for an intensive drive beginning the middle of June and culminating on June 28, when the entire adult population of the state will be expected to register definite pledges covering the amounts of war savings stamps to be purchased for the remainder

Under the direction of the Tressury Department a country wide cam paign will be conducted in the next few weeks to secure from every loyal American a pledge to save regularly and buy War Savings Stamps at periodic intervals, as an evidence of his desire to support the government in the prosecution of the war. June 28 is the date set for those who have accepted this patriotic obligation to

stand up and be counted. This does not mean that the Wa Savings campaign will terminate on that date, but rather that by that time all citizens who are heart and soul behind the government will be expected to have evidenced their loyalty by making at least their initial purchase of War Savings Stamps. From that time on the government will count a definite weekly income from those who have pledged their savings in War Savings Stamps.
