

# OUTWITTING THE HUN BY PAT O'BRIEN

THIS is without a question one of the most astounding stories of air and land adventure written since the war began. A fiercer under the British flag, O'Brien, after a hard fight with several Boche machines was finally wounded 8,000 feet in the air, brought down and captured.

While being taken to the prison camp with a German guard beside him with gun loaded ready to shoot, he made his escape by jumping through a window.

After 72 days of crawling and sleeping by night and hiding by day—bleeding, wounded—passing sentries, dodging fighting planes—he crossed the boundary into Holland.

No wonder he was received with joy by the English public—no wonder audiences all over the United States listened breathlessly to his story. YOU can read it now for we have secured it for our next serial.

The long-lobed, hawk-faced devil Irishman—they could not keep him out of war—they could not kill him—they could not hold him! Read his story. It is a splendid proof of that indomitable spirit that makes America unconquerable, invincible.

The First Lieutenant George W. Cheney of Company C, 101st Machine Gun Battalion is in France and is stationed at divisional headquarters as an assistant to Major James L. Howard. Lieutenant Cheney is a South Manchester man and is the son of Willis W. and Mrs. Cheney of this place. Thomas Sullivan has returned to Camp Sevier, Greenville, S. C. after a short furlough at his home in South Manchester.

The annual meeting of Lake Home Company No. 2 will take place at their home next Monday evening when officers will be chosen for the ensuing year.

### Local Paragraphs

J. Frank Maguire of New York City came to South Manchester last Sunday for the purpose of spending a vacation with his wife and children on Bissell street. Mrs. Maguire and her son and daughter are the guests of Mrs. Maguire's mother, Mrs. Sophie K. Yargues.

Mrs. Arthur Wheeler of New Haven is enjoying a vacation with her parents, James and Mrs. Herron of Eldridge street. Mrs. Wheeler is being followed by Miss Daisy Herron.

In our notices last week of monies paid to the Red Cross campaign we stated that Manchester Lodge No. 73 A. F. and A. M. had contributed the sum of \$100. We have since been informed that they contributed \$200 instead. We are glad to make the necessary correction and give credit where credit is due.

Lincoln L. Crosby has gone to Plattsburg, N. Y. where he is taking a four-week course of military training with a body of students from the Connecticut Agricultural College. He has latterly been supervising home garden work in Greenwich.

The infant daughter of Charles and Mrs. Donnelly of Center street died last Saturday afternoon and was buried in the East cemetery Sunday afternoon. Rev. J. S. Neill officiated. The child was but ten days old.

Beginning yesterday some of the stores in the business section of South Manchester closed for the day and opening starting Monday morning. This they intend to continue for the months of June, July, August and September, the same as they did last year.

Miss Florence Warnock of Main street is entertaining Miss Mabel Dobbs of Danbury.

Fred Warnock of School street is recovering from a violent attack of pneumonia. He has concentrated his spirit and staying quiet by fighting the battle to a successful issue. While he is not yet strong enough to take a fall out of the Han he is nevertheless in the safe zone to recover and hopes to regain his former strength and vigor so that he may get into the baseball game before the end of the season. "Go to it my boy!"

Men have been at work this week removing the debris of the foundation of the Keating homestead at Main and Forest streets. The ground is to be properly graded and the premises made to present a more attractive appearance than has been the case since the building was demolished.

The court which occupies the open space within the enclosure formed by the school buildings on Education street is illuminated with ornamental lights set upon suitable standards in keeping with the general surroundings. There are three buildings forming at many sides of the open court. The Standard School, the Franklin School and the Recreation building.

Frank P. Quish of the Naval Reserves spent a week-end furlough at his home in South Manchester. He came up from Pelham Bay, N. Y. last Saturday.

Warren Keeney of Camp Devens enjoyed a short furlough at his home on Hackmatack street last Sunday.

William Gorman came up from Pelham Bay last Saturday for a week-end furlough. He is serving with the Naval Reserves.

Harlow Willis enjoyed a short furlough with his parents, Gilbert E. and Mrs. Willis of East Center street last Sunday. He is serving with the Naval Reserves and came up from New Haven.

### PIONEER DEVELOPER SELLS LAST HOUSE

Last Wednesday James Trotter of Hartford, but formerly of South Manchester, sold the last house he owned here. The property consisted of the double tenement with land at 413 Main street, near the Bigelow mill. The purchasers were Miss Mary Fox and her sister, Mrs. Sarah Thornton. They bought an investment. The transfer was effected through the agency of Robert J. Smith. The house is occupied presently by William H. Chaffee, and by Mrs. Clayton Grant. It contains 12 rooms and is arranged as two flats.

Mr. Trotter was the pioneer land developer of South Manchester and has been unusually successful. For a goodly number of years he was practically alone in that field of endeavor. Every real estate transaction he ever undertook proved successful. He acquired an excellent knowledge of land values. He was able to peer into the future and discern within the trend of population was drifting. He was a shrewd and careful buyer and always managed to turn his holdings to good account. He built a number of 43 homes in South Manchester. The building which he disposed of this week was the last one he erected here. He still owns building lots on Main, Summit, Bigelow and Henslow streets.

Mr. Trotter has transferred his residence and the seat of his activities to Hartford. He built three tenement houses and one double house in Hartford. These he has sold and at the present time is paying rent for a residence for himself and family. His real estate holdings in Hartford were located on Garden, Greenfield and Enfield streets, in the northern part of the city. He put in the sewers for all of the houses he built there. Building lots 20x112 feet in the part of the city where Mr. Trotter has investments sell for \$1,250 each. Rents are proportionately high. He made investment in Hartford real estate to be a profitable undertaking. His wide experience in the business in South Manchester stands him well in hand. Every town or city in the Capital City has proved to be successful and productive of goodly earnings. He is well pleased with the success which has accompanied his efforts in the Hartford real estate market.

The board of selectmen at a special meeting Tuesday evening voted to call a special town meeting for Friday evening, June 14, when a number of matters will be acted upon, principal among which will be to see what action the town will take towards making an extra appropriation for highway purposes, regulating the sale of fireworks here for July 4th, and an appropriation for the Child Welfare Movement and will also ask for the acceptance of Moore and Greenhill streets.

The highway appropriation of \$50,000 which was voted at the annual town meeting last October is about exhausted and as the town will need considerable more money to carry on highway work until the close of the fiscal year, August 15, more money will be needed.

The town fathers do not believe this to be a suitable time for persons to spend money for fireworks for July 4th, and will suggest to the voters that permission be given the selectmen to prohibit the sale of fireworks for the celebration of that day. It is interesting a goodly number of our women has the hearty backing of the selectmen and they will recommend that an appropriation be made to further the work in this place.

At the meeting Tuesday evening the report of the building inspector was submitted showing that permits were issued during May for \$7,000 worth of building. The largest item in the list was a permit for Alfred Mages for the erection of a bungalow on the east side of Hall street at an estimated cost of \$5,000. The other permits were for auto garages, additions and small work.

The United States Spanish War Veterans of Connecticut are credited with planning a war fund campaign entirely different from any previously raised and from June 10th to June 20th every person in the state will be given an opportunity to approve it by contributing. Known as the "Furlough of July Fund" all men who had served in the United States in France as a reminder from the folks at home that Independence Day has a new significance, both for those "over there" and those "over here."

### FLAG DAY NEXT FRIDAY

Next Friday, June 14th, will be observed as Flag Day throughout the United States. President Wilson has called upon the people of this country to pay special homage to the observance of Flag Day this year. He recommends that patrons of the moving picture houses throughout the country make a specialty of displaying pictures of a patriotic character, and that the public in attendance at the movie houses stand erect and sing "The Star Spangled Banner."

There is no doubt that John F. Sullivan, owner of the Park Theater and of the Globe Theater in South Manchester will rise to the situation and meet the requirements of President Wilson in this important particular. The general wish is that a greater love of the stars and stripes be encouraged and that due respect for the National Emblem be shown during these war times in particular.

### Selectmen's Meeting

The public meeting of the board of selectmen will be held at the hall of records next Monday, June 10th, at eight o'clock. The board will also meet in the afternoon when they will draw orders on the town treasurer for the payment of monthly bills and will also transact some executive business.

Enjoyed the Frosting.

Dick was a guest at Diana's third birthday party. At first it was quiet and merriment. Then, at the sight of ice cream and cake, he suddenly became cheerful. Surging his face to a huge piece of marzipan cake, so that only his eyes could be distinguished, he shouted: "Bey, kids, this is the frostingest cake I ever ate."

McCANN TALKS "MOOSE" IN TRENCHES

Corporal Joe McCann of Co. G was one of the enthusiastic members of the South End Lodge of Moose when he left to do duty for Uncle Sam. This McCann retains his interest in the "Moose" as evident from a letter received here this week. All the boys of Company G who are members of the local lodge received their Moose identification medals last month and in acknowledging his medal McCann, says among other things: "I want to thank you all for the medal which was sent. I think it is fine and so do the others who have seen them. Some of the members from different lodges who are in the company think Manchester lodge very much awfully. As these are the first Moose medals to be received and the members of 147 count themselves lucky. All the brothers are well. I hope the brothers will work hard for new members and when we get back we can boast of one of the best lodges in the state. I talk Moose to all the young lads who do not belong to the order and I am sure if we get back they will all join at once. Hoping you go over the top and keep good old Manchester as active as she always was."

If not convenient to call, give us in your first letter your draft classification, experience in detail, and present position.

Trade School Notes

Arrangements are being made by the Rockville High School to send pupils from the freshman and sophomore classes to the trade school in South Manchester for study periods commencing during the present season.

There will be no vacation at the local trade school during the summer. Ambitious pupils who are really anxious to learn the branches taught at the trade school are not looking for vacations. They are glad to be taught day by day.

Director James G. Tucker of the local trade school is making arrangements to double the capacity of the machine shop. There is much demand for his branch. Study and the authorities here are determined to meet the call.

An automobile driven by Russell Bloom and owned by his father, C. H. Bloom, was injured on Summit street last week. Young Bloom has been to a party and was bringing a party of men and women of his own age to their homes. While driving along Summit street he lost control of the machine and it crashed into a pole, damaging the machine and doing injury to some of the occupants.

## ALL MANCHESTER TO TURN OUT JUNE 28TH

WAR STAMP ENLISTMENT DAY SIGNAL FOR OUTPOURING OF CITIZENS

House to House Visits—All Local Schoolhouses to Be Polling Places—Regular Election Day Aspect—What Pledge Cards Say—Read Carefully.

Within a day or two, war stamp enlistment day will sweep down upon Manchester with a crash. General Chairman C. E. Howe, of the Manchester War Savings Association, and Chairman L. F. Knapp, head of the enlistment day drive, have an army of stenographers and assistants at work at top speed. The result will be that in the very near future the local postoffices will be deluged with upwards of 10,000 pieces of first class mail for Manchester citizens.

These communications are copies of the proclamations of President Wilson and Governor Holcomb relative to war stamp enlistment day. The majority of the adult residents of Manchester will receive copies of the proclamations. Within the next three days practically every adult, and at least every family, will receive a personally addressed copy from Governor Holcomb directing the head of the family or individual to go to the nearest schoolhouse or other designated place on June 28 "Enlistment Day" to register his or her pledge to save and economize, and to invest in a specific amount of war savings certificates during the balance of the year.

ME CAPTAINS NAMED

Masses Howe and Knapp have been in conference with the workers who were present at the largely attended meeting of the War Savings Association in the recreation building early in the week. Following these conferences, a complete list has been made of the captains who will take charge of the 40 districts in the coming house-to-house canvass in town. An exceptionally strong list of captains has been compiled, comprising many of the best known business and professional men as well as workers in the ordinary occupations.

Present plans are to have the house-to-house canvass begin June 28 and end June 31. This movement will be the forerunner of the enlistment day activities. The captains will not do the canvassing in their district unless each captain will be authorized to call upon as many workers as he deems necessary for the proper covering of his district.

THE PLEDGE CARDS

Manchester citizens are showing considerable interest as to the pledge cards which they will be asked to sign by the war stamp "enlistment" drive. An enrollment was enjoyed, refreshments were served and games played. Gifts including silver ware, cut glass, linen, etc., were presented. The pledge cards will require a statement as to the following matters:

1. The individual's signed agreement to save and economize to help win the war.
2. A pledge for the individual and those whom he or she represents, to invest in a specific amount of war savings certificates during the year.
3. A statement of the number of individuals who are converted by the pledge.

DEMOCRATS NAME CONVENTION DELEGATES

The democratic caucus was in session just twelve minutes last evening and in that time the dozen delegates present named delegates to the several conventions and also elected a town committee for the ensuing two years. John F. Limerick called the meeting to order and Edward J. Murphy was elected clerk. Harmony B. Doherty, Dr. E. J. Dolan, John F. Sheridan, Dr. E. J. Dolan, C. S. McHale, Michael O'Connell, Gustave Greene, Aloysius Campbell, Edward J. Lynch and Thomas Hackett.

Coming Marriage

The banns of marriage were published for the first time last Sunday at St. James church between Miss Viola Carney, youngest daughter of John M. and Mrs. Carney of 73 Walnut street, and Jacob Anthony Horvath of Paterson, N. J. The marriage is to take place at St. James church Wednesday morning, June 26, at nine o'clock. A reception will be held at the Carney home. The couple are to make their home in Paterson, N. J. Miss Carney is a native of South Manchester and is well and popularly known.

BLACK TERN
(Hydrochelidon nigra americana)
Length, ten inches. In autumn occurs as a migrant on the east coast of the United States, and there is its white and gray plumage. During the breeding season it is confined to the interior, is chiefly black, and has the only dark tern occurring inland.

Range: Brooks from California, Colorado, Missouri, and Ohio west to central Canada; winters from Mexico to South America; migrant in the eastern United States.

Habits and economic status: This tern, unlike most of its relatives, passes much of its life on fresh water lakes and marshes of the interior. Its nests are placed among the tules and weeds, on floating vegetation, or on mudbank houses, and have two to four eggs. Its food is more varied than that of any other tern. So far as known it preys upon no food fishes, but feeds extensively upon such enemies of fish as dragonfly nymphs, fish-eating beetles, and crawfishes.

Excuse and Failure Synonymous.
An excuse is an admission of failure. It is a plea for leniency, for suspension of sentence. It is a step toward loss of self-confidence. It is the beginning of life failure. And that man or woman who expects success to crown his or her old age should go to any legitimate extreme to prevent the possibility of having to offer excuses for failure in execution. Excuses are the allies of bankruptcy lives. Achievement is difficult, but profitable in its large and gainful returns.—Millwaukee Journal.

Great Soldiers of Small Physique.
Military greatness seems to arrive often to the short. It is hard to think of a gigantic general of first-class genius, while military history is peopled by fine strategists and tacticians of diminutive size or none physique. Alexander, Caesar and Napoleon were all little men. William III never went through a battle without paroxysms of coughing. Laxenburg, who beat him again and again, was a dwarfish hunchback. Motte was a dwarfish skeleton, who never expected to survive the rigors of 1870.

Useful Invention.
A recent invention enables a person to take a steam or hot air bath at home, a hood fitting over one end of a bath tub confining the vapor from the regular hot water supply.—Boston Post.

Injured by Property.
The tird is more injured by property than by adversity.

Yukon Longer Than Mississippi.
The Yukon is about 200 miles longer than the Mississippi, but it is 2,000 miles shorter than the Missouri-Mississippi, measured in the Rocky mountains in Montana and from Itasca Lake in Minnesota.

MEETING OF SELECTMEN
LAST MONDAY

CALL UPON TOWN COUNSEL FOR ADVISE ON SEVERAL LEGAL POINTS.

Will Prohibit Sale of Fireworks Here July Fourth.

The board of selectmen had little time to devote to the attention at the June public session held Monday evening. There were no visitors present and the meeting immediately resolved itself into an executive session. Judge Arnold, town counsel, was present to advise the board on several matters pertaining to the call of the special town meeting which will be held this evening. A considerable time was taken in considering the proposition for the observance of July 4th, with the idea of doing away with the use of fireworks on that day. It was finally voted to have a by-law drawn which will provide that no fireworks be used on July 4th, within the town limits.

FLAG DAY EXERCISES AT HIGH SCHOOL TODAY

PUPILS OF FOURTH, FIFTH AND SIXTH GRADES ARE PARTICIPATING.

Patriotic Recitations and Songs Thoroughly Their Enthusiasm Given Went By Inspiring Selections Both Vocal and Instrumental.

Flag Day exercises are taking place at the High School this afternoon as we go to press. Pupils of the fourth, fifth and sixth grades are taking part. Children from the Washington, Lincoln and Barnard Schools are in attendance. Following is the program: America Chorus The Connecticut Hymn of the Flag Song, Flag of Our Nation Grade IV Paino Solo, March of the Nations Fred Werner Song, Speed Our Republic, Chorus American Creed, Group of Children Song, American Flag, Grade V Recitation, Our Flag, Jack Kemp Composition, Betsy Ross and the Flag Camp Meade, M. A., are to be given a sheep bake at the grounds of the Manchester Gun Club west of Adams street and slightly north of Center street, or that portion of same that used to be known as Chapman road. There is a very nice grove there and the sheep will be baked in the open and the tables spread under the trees. The men are to report at Wells Hall, East Hartford in the forenoon for final instructions as to their depart for the next day. They will come direct from East Hartford to the sheepbake accompanied by Dr. F. H. Hestathal, Clayton Wells and Dr. F. H. Mayberry, the men who comprise the selective board of the Fourth District. After the dinner the afternoon will be spent in athletic sports on the gun club field.

A suitable program is now being prepared by David Hubbard, chairman of the citizens committee which has arranged for all the entertainments furnished the departing selectives who have gone before from this town to respond to the call to the colors.

Obituary
ANDES P. J. EDLUNDH
Andes P. J. Edlundh died last Monday at the home of his daughter Mrs. Carl J. B. Anderson, 81 Pearl street, after an illness of three months. The funeral took place Wednesday afternoon, services being conducted at the residence by Rev. Dr. J. P. O. Cornell. Burial was at the East cemetery. Mr. Edlundh was a native of Sweden, was 63 years old and resided in South Manchester for the past 30 years. For a number of years he was employed as a tailor with Isiah Symington. For the past two years he conducted a tailoring in the Park building. He is survived by two daughters, Mrs. Carl J. B. Anderson and Mrs. Carl W. Olson, both of South Manchester.

Fighting the Hun in the Air. By LIEUTENANT PAT O'BRIEN. Flying maneuvers most frequently used by allied aviators in their combats with enemy fliers, including the "O'BRIEN LOOP."

Bank your machine until absolutely vertical, with the nose of the machine slightly down. Motor vertically down in No. 3 position; the rudder is the elevator, the elevator the rudder. The "Joy stick" is neutral. The motor is then put on full power and before machine starts to slide slip put on all opposite rudder from direction in which you are turning, and machine will go over in a side loop.

Flying parallel with ground, turn nose of machine up and start loop. When completely upside down at top of loop you make a half roll by manipulating rudder and stick, bringing you in upright position, and going in opposite direction than you were going at the start of the loop.

Bank machine sharply until vertical. Put on opposite rudder from direction in which you are turning to hold nose of machine up. The rudder in this evolution becomes your elevator and your elevator the rudder. This maneuver is used in making sharp turns and figure 8s.

SPECIAL TOWN MEETING TO BE HELD TONIGHT

More money needed for highway maintenance and voters will appropriate. Owing to the fact that the Ninth district schools will not close for the summer vacation until the last week in June the local food conservation committee have made arrangements with the officials of the Eighth School district for the use of the cooking department of the Eighth district school and a small class will be started there next Monday.

USE OF FIREWORKS PROHIBITED. Glanders or Farcy Reports May Be Made Locally. Food Conservation and Child Welfare Questions Discussion.

There appears to be little interest in a special town meeting called for this evening at the town hall. There will probably be the usual gathering present, who go to these meetings expecting to hear some lively discussion, which our town meetings sometimes afford. The principal business for this evening's meeting will be to make appropriations for highway work and also for the child welfare project.

DR. FARR GONE TO CAMP DEVENS

Dr. Joseph Farr left town yesterday for Camp Devens where he is engaged as a member of the Medical Corps. He will be absent for the duration of the service some three months ago. Dr. Farr is a native of South Manchester, a graduate of the South Manchester High School, and a graduate of the University of Maryland, dental department. He has been operating a dental office in the factory building on Main street, Hartford. His brother, Joseph, is a member of the Machine Gun Battalion, 327th Infantry, American Expeditionary Forces now in France.

CHILD'S WELFARE WORK

The Children's Welfare Committee of the Connecticut Council on Defense asked the selectmen to insert a clause in the call for tonight's meeting which will make possible the selection of an appropriation for this important work. Just what amount of money will be required to carry on the work until the annual town meeting has not yet been made public as yet, but there are a number of citizens who are deeply interested in this work and it is felt that it should have the hearty support of all.

of money, fingers, thumbs, hands, eyes, etc., the selectmen will recommend the passage of a town by-law at tonight's meeting prohibiting the discharge of fireworks on July 4th. This will not be an interesting reading for Young America, who will have to go through a cracker-less and torpedo-less Fourth if the town fathers are to have their way.

On recommendation of the board of health a by-law will be submitted making it compulsory for owners of horses or other domestic animals, suffering with glanders or farcy to report same to the board of health at once. Under the present state law the report has to be made to the county officials, and before local health boards are made aware of the existence of either disease considerable time is lost and opportunity presented for more cases.

FOOD CONSERVATION

Announcement of the plans for the second week will be made in our next issue. When the Ninth District schools close it is the intention of the committee to conduct the courses in cooking at the cooking department in the Franklin school, the notes of which will appear in the columns of The News.

DR. FARR GONE TO CAMP DEVENS

At the annual town meeting the appropriation for highway work of \$30,000 for highway work. At the present time this amount of money has been practically all used and additional funds are necessary to carry on the highway work until the close of the fiscal year, which will be August 1st. It was hoped when the appropriation of thirty thousand dollars was made last fall that this amount of money would be sufficient for highway purposes, in view of the fact that no new sidewalk work was contemplated or other large permanent improvements, but the money has been spent and if the voters wish their highways cared for as they should be it will be necessary to increase the expenditure of additional funds.

ALWAYS RAINFALL WITH CYCLES.

Cycles are always accompanied with rain, so really so violent as to be called a "cloud-burst." When the air is completely saturated with moisture and a "whirl" is formed, the heated stratum is not carried to so great a height as the upward current being strong, a vast mass of partially condensed vapor is accumulated in the upper part of the funnel, so to speak, and as an auto is being driven through it finally breaks up of its own weight.

IS MAX BENG GOING OVERSEAS?

Carl Benges of 121 Park street received a telegram Tuesday morning at 1:45 o'clock from his son Max, who then was stationed at Camp Hancock, Ga., asking that money be sent him immediately by telegram bore no further information and his parents and relatives are sore, distressed to learn the reason why.

It was returned to him by the U. S. Government. It is the belief of his parents that some such shift of position is being made at the present time. Because they are totally in the dark as to what the facts in the case are is what is causing his people to fret at the present time.
